ABSTRACT  
MICROFILM

SUBJECT

Warren Commission Testimony - Selected Excerpts

ACTION REQUIRED - REFERENCES

FYI

1. The Warren Commission's Report on the assassination of President Kennedy focused attention on the magnitude of the problem involved in the protection of the Chief Executive. As you know, it is our responsibility, overseas and in headquarters, to render every support possible to the Secret Service in the conduct of its statutory responsibilities in the United States, and especially when the President travels abroad.

2. The circumstances confronting the Warren Commission produced discussion and testimony on various aspects of the problem of Presidential protection and on interagency operational cooperation, which normally do not find their way into the public domain. These include the acquisition and dissemination of information, consultation, coordination, and operational interchanges. I believe you will be interested in the attached extracts of testimony given before the Warren Commission by U.S. intelligence and security officials. Pertinent portions have been side lined. I commend these materials for reading by all officers in positions of senior responsibility in headquarters and overseas.
