Subject: LIMA II-9

On 21 Dec 62, I met LIMA II-9 at usual rendezvous point and meeting was held on darkened street from 0200 until 0245. NO SECURITY PROBLEMS NOTED.

LIMA II-9 reported as follows:

- P-7952*
1. On 20 Dec 62, ~~Mr. X~~ ~~Mr. Casado~~ told L-9 that "has notes confidentiales de 'A' are destroyed and therefore it was impossible to find one of his notes for a reference. SIRIO also claimed that he looked for ROA not found it not available. L-9 denies that he did not make second statement in order to cover up his indiscretions on his notes being destroyed.

P-147

 2. L-9 reported that ~~Mr. X~~ ~~Radio Tercera~~ called him and enquired about me. In his last speech in Rio de Janeiro, President JORGE was asked if he said he was to busy to deliver a speech but he did not meet him on 21 Dec 62.
 3. ~~Carolina~~ ~~Carolina~~, LIMA II-9's secretary in N.Y. arrives in Lima on 20 Dec. L-9 first saw the airport and had a long chat with her later at the airport. He said that she is very attractive and said little about her importance. She told L-9 that she was expected to arrive on 22 Dec 62. L-9 said that when she told her about me that the situation was looking better for C.I.A. she let out her KHAZI hand and turned away quickly. His impression is that she is not in agreement with him in this. SIRIO told L-9 that ~~Mr. X~~ ~~Carolina~~, who is related to Mr. JORGE in N.Y., has no arms to L-9. At our last meeting

L-9 showed me a Christmas card that he received from ANTONIO MELIET in N.Y. L-9 said that this sudden show of friendship is interesting and believes it possible that PRILLEAU, and other Cuban ~~Mort~~ leaders are trying to foster friendship on the part of liberal but non-Communist people in the Government. L-9 said that SINDEAS is also showing a great deal of friendship recently which is also very noticeable. He is puzzled by this development.

5. On 20 Dec 62, Mr. ~~de~~ SANCHEZ, a friend of Victor ~~Montejo~~ ^{X-1}, Montejo, left Mexico for Havana. Mr. de SANCHEZ is X-1 going to attend the Gremial de Mujeres in Havana.

6. Alberto Manuel MELIAN was scheduled to leave for Havana on 20 Dec but there were not any seats available so he will leave on 21 Dec 62. He is convinced he is an inspector. He associates with Manuel V. A. RAMON & ROBAS and Pedro LARA almost exclusively.

7. L-9 said that JATICO, the one of the sobrecopos, who was involved in a continuing scandal in Havana has taken exile in the Ambassadorial residence in Havana.

8. L-9 said in the event of the Cubana flight on 15 Dec who was characterised as the "pirano" is JUAN ALFREDO GUERRERO, Juau.

9. L-9 reported that the American, who travelled recently to Cuba on a Cuban transport a Cuban by birth, is David T. WILSON. WILSON was identified by L-9 around Wilson photograph.

10. L-9 reported that a young Cuban, it is said was studying in Mexico City, left Mexico for Havana on the Cubana flight of 20 Dec 62.

- 14-00000
11. L-9 reported that on the evening of 19 Dec 62, Carmen CUBALIA, the wife of Gen. Alberto LINO Giron, and Luis MARIN, aqued, oil and fish painter in La Habana, had dinner at the home of Eugenio AZCUNA Lopez.
12. L-9 said that Jorge CAMAYO was at the Embassy and he recommended ^{cable} see that Castro ~~was~~ invited to the Conferencia de Uniformes in Havana. L-9 said that J. CAMAYO was in the engineer he was not able to identify who was at ¹³⁸⁶⁶ ~~the~~ Jesus HILMA Herzog reception.
13. L-9 said that the other night when he and Eugenio AZCUNA were returning to the Embassy, AZCUNA commented that his car in front of the Embassy was ^a ~~that of~~ Luis MARGAS. AZCUNA went on to criticize AZCUNA severely for always getting the Embassy in trouble etc. It was later found out that the car was not that of AZCUNA and that it was towed away the following morning. L-9 wondered what AZCUNA was doing there because he said it was parked close to the front gate.
14. L-9 said that Orson WELLES, American movie producer type, was at the Embassy on 19 Dec 62. He said that O'DELL came to see him and receive several cables. L-9 had given him a letter of introduction which recommended that he write to Cuban movie industry re his return to Cuba. O'DELL told L-9 that he had not been a welcome客 in Cuba re his visa. O'DELL was accompanied by a man whose name L-9 did not know. (See NOTE: WELLES ~~will~~ ^{arrived} ~~in~~ Cuba for a day, just after he left the Ciudad regime. At that time he was in contact with the Cuban information re departure of his son Welles from Cuba.) L-9 is a close friend of MARGAS. L-9 also told O'DELL to go and see O'DELL re visa. L-9 recalled that

one one occasion, Farfan PROENZA told him that "MIL was a counter-revolutionary. L-9 doesn't believe that COLIN will get a visa to go to Cuba.

15. A few days ago, Farfan PROENZA suggested ~~José Tadeo Gómez~~ as a possible invitee to the SILVA Herreg reception. L-9 believes that PROENZA's mention of GOROSTIZA indicates that he in some way or other has shown sympathy to the regime. He was not invited.

16. On 20 Dec 62, ~~Antonio Martínez~~ went to the Cuban L-9 and showed L-9 a letter he had received from VERNIER, fm of the Universidad de Veracruz, which enclosed \$500.00 U.S. for shipment of his lab to Mexico. L-9 said that although he thought Martinez was in Veracruz, MARTINEZ told him that the last year was in the Consulate/Customs shipment. MARTINEZ told L-9 he was having trouble with the Customs Office re shipment of his laboratory.

17. MARTINEZ informed L-9 that the following attendees at the reception for Jesus L. M. Hernandez on the night of 20 Dec 62:

Eduardo VILLALBA - photographer from French Latina
Fernando GONZALEZ - Mexican writer
Gov. of Veracruz - and Gov Rev from MEXICO
Juan GARCIA ARANA - Mexican
David GARCIA - his wife Clara MCROST
Luis GARCIA ALVAREZ - Guatemalan - and wife
Alvaro GARCIA - Mexican and wife
Alvaro GARCIA ARELLANOS - Mexican
Alvaro GARCIA ARELLANOS - newspaper man from Monterrey

L-9 said he had a long talk with ARMANDO, fm of the Cuban Embassy (name unknown to L-9). ARMANDO told L-9 that the Cuban Ambassador (name unknown) supported Mexico's support of the U.S. in

the CIA re. situation, he said that he went personally to see Jose GORET PELA of the Foreign Office. He said that GOHORTELLA told him that Mexico did not sympathize with the U.S. on this issue, but that Mexican hands were tied because of serious reprisals in the offing.

18. LIMA H-4 said that ~~Hilda PELA de FRANCO~~ ~~* * *~~, Dominican Communist left Mexico for Havana on 20 Dec 62. He said that Hilda PELA de FRANCO is a close friend of Eusebio AZCUBA. L-4 also identified Hilda de FRANCO in series of LIMA photos showing him on this trip.

19. LIMA H-4 said that although there are reports of a Colle-Jero Diplomatic Agent assigned to Mexico nothing further has been heard.

20. L-4 said that Daisy, Ibu, a stewardess on board the Cuban flight of 20 Dec is fanatically pro-CASTRO and wants everyone to know it. She told L-4 that she went aboard an AVIANCA jet on 20 Dec and told the crew members about the Cuban Navy etc.

21. On 20 Dec 62, LIMA H-4 carried the stewardess ~~number~~
~~she herself found her~~ ~~to the embassy in a taxi.~~ He said upon arrival at the embassy, ~~Angeles~~ ~~X~~ met him and asked him to have several rooms. He had to the airport. ~~xxxxxxxxxxxxxx~~
~~xxxxxxxxxxxxxx~~
L-4 is not sure if they made them and AFICIA went into a room about the way Ibu was going around the embassy. L-4 said that AFICIA is very unhappy about the way things are getting run.
L-4 said that AFICIA is very unhappy about the way things are getting run.

at the Embassy. It is making his position more clear every day. In fact, L-y has been noticing lately that MAMON SINOBAS and ALUMBA are frequently at odds with one another. L-y is convinced that ARIOBA does not belong in the Cuban Embassy because he is too much a perfectionist, a dreamer, not practical and the round-about approach to most problems in the Embassy rub him the wrong way. On the other hand, L-y is amazed at the ability of SINOBAS to whenever and get things done as he wants them. He is clever, tricky and "laid-back" in his approach to the problems of the minute, an opportunist who takes the best of what he has. L-y said that in his opinion SINOBAS is doing an excellent job at the Embassy, even though he does not like him. L-y said that even AZCUB who often criticizes SINOBAS is beginning to recognize he is a clever operator.

11. We discussed the the query re transfers and "consultation" set forth in our dated 21 Dec - CPIM.

Mr. BILAKH-UL-MAJLIS has a great deal of propaganda consisting of the following pubs: Al-Sabah, Bal al-Jumho; KALYANIKH Morskoi y. Al-Sabah en Cuba; Al-Bilad, Tokmuk, Al-Faraj.

Subject: LITAMIL-9

On 20 Feb 63, I met LITAMIL-9 at rendezvous point and we drove to ~~ZANZERI~~ outlying section of the city where we held mtg. NO SECURITY PROBLEM. Time: 2230-2415

LITAMIL-9 reported as follows:

1. Eusebio AZCUE, Cuban Consul, told L-9 that he plans on leaving for Cuba about 15 Mar 63, i.e. home leave. AZCUE asked L-9 to put off his return to Cuba and they would go together. AZCUE's two sons are presently in Cuba, i.e. Eusebio (hijo) and Miguel. L-9 has told AZCUE that although he is returning he does not relish the idea because of all the young students who will try to tell him what to do. This, of course, is laying the groundwork for a graceful resignation, if necessary, in Cuba.
2. In 20 Feb 63, Antonio MARIN Lara told L-9 that he expects his wife and children to arrive on 05 Feb from Havana.
3. L-9 "cursed into" JUAN MIRANDA, Spanish painter, on 20 Feb 63. L-9 told MARIN he was to take a letter to his son for him as he was going to Cuba. MARIN told L-9 that it would be difficult because his son was in the "Soviet". MARIN told L-9 that he understands there is mail censorship in Cuba. MARIN in fact, he personally knows a person for this work. L-9 commented that it would be impossible to open all the letters and MARIN said that they take just a sampling. L-9 considers MARIN a "fascist" in a few fr ends. L-9 admitted, however, that MARIN is a frequent guest at the Soviet and Bloc embassies.

- 14-00000
4. L-9 said that Viviana VIANCHETZ Robert, in his opinion, is staying with the regime for financial reasons. He said that she has the reputation of being a "revolutionary" but he is not convinced of it. He said her bourgeoisie tastes are uppermost in her mind, i.e. nice clothes, car etc.
 5. On 20 Feb at the IMCRC, Emmanuel CARBALLO told L-9 that he did not bring any records other propaganda with him, that it was coming in the pouch. CARBALLO told L-9 that he spent some time at the Cineplex de Sepata and that he met MAZLUES, from there who said he friend of L-9. CARBALLO, according to L-9, is "una persona fina, inteligente, capaz". Nothing new of Solidaridad con Cuba week. CARBALLO told L-9 that the plans for the future at ^{lectures} the IMCRC include MEXICO by Nicolas GUILLEN, Cuban poet, Alejo CAPPELLETTI R. Cuban novelist etc
 6. See MEXI re CG discussion Habana assignment etc.
 7. L-9 and I drove to Calle Ermita where L-9 pointed out the residence of Juan Calderon, new/secretary at the Commercial office. The apartment house is located next to the Banco de Comercio, i.e. to the left, across from Tucubaya. It was not possible to get number b/c he's honest. L-9 said that CALDERON is "simpatico", and "young". L-9 said he wouldn't mind "cortarse" ^{algun} time, the young man had more time here. CALDERON has been in /
 8. L-9 and I drove down to Schermerhor Rafael Robilar, 20, where L-9 pointed out the name (white cement) of Victor VARELA VARELA United. The door was outside with the following license plate:

JOSE MARTI

En este 28 de enero de 1963, se cumplen 110 años del natalicio del apóstol de nuestra patria José Martí.

Marti fue orador, poeta, prosista, crítico, novelista, periodista, maestro, diplomático, revolucionario, estadista, héroe y mártir.

Fue el cubano que organizó a sus compatriotas dispersos para llevarlos a la guerra del 95, estupa última de la gran lucha nacional por la independencia política de España. A esta aspiración fundamental de su vida consideró indebolmente unido el irrevocable anhelo de la redención económica.

Su ideario económico y social, así como su visión de la problemática americana y su concepto de la cultura y de la educación, han cobrado vigencia con la Revolución Cubana, la cual ha hecho realidad su sueño de una República verdaderamente libre.

Pensamiento Martiano

"La tierra es la gran madre de la fortuna. Salvarla es ir directamente a ella."

"Debe verse con miedo ese mal hábito de entregarse a un cultivo exclusivo".

"En pueblos como en hombres la vida se cimienta sobre la satisfacción de las necesidades materiales".

"No es rico el pueblo donde hay algunos hombres ricos, sino aquél donde cada uno tiene un poco de riqueza".

"Con los pobres de la tierra quero yo mi suerte echar".

"Pueblo y no pueblos, decimos de intento, por no parecernos que hay más que uno del Bravo a la Patagonia. Una ha de ser, pues que lo es. América".

"Cuanto hace hasta hoy, y hace es para eso", "de impedir a tiempo con la independencia de Cuba que se extiendan por las Antillas los Estados Unidos y cugan, con esa fuerza mas, sobre nuestras tierras de América".

"Hasta que no se haga andar al印ia, no comenzará a andar bien la América".

"Hombres recogerán quien siembra escuelas".

"Saber leer es saber andar. Saber escribir es saber asconder. Pies, brazos, alas, todo esto ponen al hombre los primeros humildes mas libres de las escuelas".

"Las revoluciones son estériles cuando no se firman con la pluma en las escuelas y con el arado en el campo".

"La unión con el mundo, y no con una parte de él".

AL PUEBLO DE TAMAULIPAS Y LOS ESTADOS VECINOS

Nuestro boletín "Informaciones de Cuba" tiene como principal objetivo informar veridicamente, en estos momentos en que es mayor la campaña de calumnias y mentiras contra nuestra Patria, de los trabajos y realizaciones que el Gobierno Revolucionario está llevando a cabo para beneficio de nuestro pueblo.

Con este primer número queremos hacer llegar al pueblo tamaulipeco y de los estados vecinos un fraternal y afectuoso saludo, y al mismo tiempo agradecer las muestras de amistad que nos han dispensado.

¡Listos para Repeler a los Invasores!

Cientos de miles de urbanos abandonaron sus hogares y ocupaciones habituales el 22 de octubre pasado y marcharon voluntariamente a unirse a otros hijos de la misma tierra que ya empuñaban las armas permanentemente en defensa de la Patria.

La más grande movilización militar efectuada en la pequeña Isla del Caribe, de poco más 113.000 kilómetros cuadrados y 6.500.000 habitantes, fue la inmediata consecuencia de las desenfrenadas maniobras de los Estados Unidos para preparar una agresión directa contra Cuba.

En cada trinchera y emplazamiento militar de la Isla Heroica que no se somete a los designios imperialistas se confundían trabajadores, industriales y agrícolas, empleados, profesionales, estudiantes, técnicos. Todo un pueblo dispuesto a defender con las armas lo que por la fuerza se le pretendía despojar. La libertad, el derecho al trabajo, a la educación y al bienestar material y espiritual y la vida misma.

En cualquier lugar de Cuba, lo mismo en las montañas que en el llano, lejos que próximo a la ciudad, había un contingente de pueblo armado, listo para repeler a los invasores y decidido a hacer cumplir hasta sus últimas consecuencias la consigna nacional de "Patria o Muerte".

Allí, en una de las tantas trincheras zigzagueantes, con sus uniformes verde-olivo y sus cascos de igual color, un tanto ocultos por la vegetación tropical de intenso verde, encontramos a la avanzada de un destacamento del Ejército Rebelde de Cuba.

Fermanecían allí, en un pequeño promontorio, desde que el pro-

La elevada moral de los combatientes es apreciada por el comandante Fidel Castro.

La superación cultural de las unidades no cesó durante el estado de "alarma de combate".

pio 22 de octubre el Comandante en Jefe, doctor Fidel Castro, dio la orden de "alerta de combate" ante la inminencia de la agresión.

El grupo de 14 hombres, algunos muy jóvenes, era una cabal representación de los distintos sectores del pueblo. Un estudiante universitario de filosofía y otro de enseñanza secundaria, "los trabajadores agrícolas integrados en Cooperativas y Granjas del Pueblo, dos obreros industriales, un empleado bancario, un mensajero de farmacia, un agricultor que cultivaba la pequeña finca de su propiedad, un ex monaguillo de una Iglesia Católica, un funcionario de Ministerio, un joven becado que estudiaba pintura, un ex propietario de una pequeña fábrica de zapatos, actualmente administrador de una industria estatal similar y un ex guerrillero que había luchado en la Sierra Maestra contra la tiranía de Fulgencio Batista.

Sus edades fluctuaban entre 15 y 35 años. Todos habían recibido intenso entrenamiento militar durante distintos períodos. Eran civiles, amantes de la paz, desdoblados en combatientes por las continuas agresiones imperialistas contra su Patria y que tenían como anhelo común el cese de los países norteamericanos para poder construir en paz el futuro esplendoroso del país.

Todos estaban poseidos de la irredimible determinación de su pueblo plasmada en reciente carta enviada por el Primer Ministro, doctor Fidel Castro, al Secretario General de la Organización de Naciones Unidas, U Thant, il il que en dos de sus párrafos expresaba: "Una fuerza militar poderosa podrá aniquilarnos, pero nunca doblegarnos y antes harímos pagar un precio bien alto a los pícaros que se atrevieren a invadir el suelo de la Patria Cubana" y "Creemos en el derecho a defender la libertad, la soberanía y la dignidad de este país, y lo ejerceremos, consecuentemente hasta el final de, ultimo hombre, mujer o niño capaz de impedir la agresión en este territorio".

Mister Kennedy diría... (Gritos y Chiflidos)... Mister Kennedy diría que me estoy dirigiendo al pueblo cautivo de Cuba... En la concepción de los imperialistas concepción en que la explotación es justa, y el crimen y la agresión es buena, ser mercenarios es bueno, en la concepción de los imperialistas este pueblo es un pueblo cautivo.

Comenzando por imaginarse así las cosas, no tiene nada de extraño todo lo demás que hacen.

En días recientes tuvo lugar un hecho que, aunque ellos pretendían disimularlo, es un hecho histórico. El imperialismo acero pagando a nuestra Patria la indemnización que los Tribunales Revolucionarios sentenciaron a los invasores de Playa Girón.

El Gobierno de los Estados Unidos trató por todos los medios de eludir su responsabilidad de manera oficial, eludir la aceptación oficial de este hecho. Eso está muy de acuerdo con la mentalidad fascista de los dirigentes del imperialismo: eso está muy de acuerdo con todo lo que ellos hacen.

Ellos, por ejemplo, cuando nos atacaron el 15 de abril, enviaron aviones con insignias cubanas. Y cuando Cuba denunció la agresión declararon a través de sus agencias cablegráficas, y a través de todo el mundo, que no era aviones procedentes del exterior sino aviones cubanos que se habían sublevado. Y esta versión la lanzaron a todo el mundo: tranquilamente, una mentira de esa índole, pero que para ellos no era sino una mentira más.

Así han actuado siempre. Por eso, no tenía nada de extraño que mientras por un lado se movilizaban para recaudar los fondos, por otro pretendían hacer creer que era un simple Comité de Familias que estaba llevando a cabo esa negociación. En el fondo de todo, fue el propio Gobierno de los Estados Unidos.

Ahora se ha sabido que el hermano del Presidente de los Estados Unidos fue quien realizó las gestiones principales a fin de recaudar los fondos con los cuales pagar esa indemnización.

Ellos, naturalmente, no dicen que es indemnización; ellos dicen que es rescate. Lo único, también, que digan eso Para los imperialistas, encarcelar a un periodista negro que visitó a Cuba, e imponerle una multa de diez mil dólares por ejercer un derecho constitucional es justicia. Y, en cambio, el hecho de que una Revolución hubiese sido generosa con los criminales que nos atacaron al servicio de una potencia extraña, el hecho de que los Tribunales Revolucionarios, en vez de aplicarles pena como a la que eran acreedores la pena capital a todos ellos, los sancionase con una multa, eso no es justicia.

Castigar a los que nos atacaron una mañana sorpresiva y evidentemente: castigar a los que vinieron escoltados aquí por barcos de guerra extranjeros; castigar a los que al servicio de una potencia extraña y cometiendo un acto de flagrante tracción en todos los cíos del mundo, eso no era justicia. Ellos lo llaman rescate.

Pero a nosotros no nos importa cómo lo llamen. El hecho es que tuvieron que aceptar el pago de la indemnización; y que por primera vez (Aplausos), por primera vez en su historia, el imperialismo paga una indemnización de guerra.

Y nos dice la prensa Pocque fue derrotado porque en Playa Girón los imperialistas sufrieron su primera gran derrota en la América Latina (Aplausos).

En primer lugar, la historia de la bandera es una mentira completa. Todo el mundo sabe que esos señores mercenarios que vinieron aquí desfilaron de guantes de seda; como dice el pueblo, con uniformes de camuflaje del ejército americano fueron total y abiertamente copiados. Pero no solo eso: todo el mundo sabe que dieron hasta la ropa interior y ahora han inventado la historia de que uno escapó y se llevó la bandera entre la ropa y esa es la bandera que le entregaron a Kennedy.

Todo el mundo conoce la historia de Martí de aquel Martí con las ropas raídas; de aquel Martí que no recibió sus fondos de la Tesorería yanqui; de aquel Martí que recorrió aquella emigración humilde de proletarios, de tabaqueros, reuniendo centavos a centavo los fondos para comprar las armas, que cuando las tenía ya adquiridas le fueron arrebatadas por las autoridades yanquis; de aquel Martí que no vino reclamado por la escuadra yanqui, ni precedido en su desembarco por bombarderos yanquis; de aquel Martí que en una noche tempestuosa, en un botecido de remos desembarcó, casi solo, en las playas orientales. Comparar aquel hombre íntegro, antirperialista, comparar el esfuerzo de aquellos patriotas con estos miserables es una ofensa a la memoria de aquellos hombres.

Porque nuestros libertadores vinieron a libertar esclavos, a crear una Nación, nación que el imperialismo frustró, nación que el imperialismo yanqui pisoteó durante 50 años. (Y éstos qué eran? Esclavistas, latifundistas, lujuriosos, explotadores del juego y del vicio, millonarios, criminales...)

(Algunos del público grita: ladrones).

Ladrones, ladrones son todos los explotadores (Aplausos). Estos vinieron a esclavizar, a quitarle al pueblo sus riquezas, a devolverle a los monopolios yanquis nuestras fábricas y nuestras tierras.

Resulta que en este país, en este país más de cien mil familias campesinas pagaban rentas, rentas que a veces eran el 50% de los productos, y quién encuentra un campesino pagando renta a lo largo y ancho de nuestra Patria? Más de 100 mil campesinos explotados se volvieron propietarios de su tierra (Aplausos).

Pero ¿por qué cree este señor que los campesinos están con la Revolución? ¿Qué enredillo se le ha armado en la cabeza al señor Kennedy, que dice que nosotros ofrecimos el fin de la explotación económica y que no hemos cumplido. Y habla de Reforma Agraria. Ya nosotros sabemos lo que le van decir sus amigos los latifundistas de América Latina, como le dijeron los latifundistas de Chile: "oye ustedes hablan de repartir las tierras, y por qué no hablan de repartir las minas de cobre también?"

Es muy curioso que oigamos al jefe del imperio yanqui hablar de explotación económica, hablar de reforma agraria y hablar de otras cosas. (Cuándo hablaba antes?) Nunca! Claro que no lo dicen sinceramente. (Pero desde cuándo hablan este idioma?) (Qué los enseñó hablar este idioma) (Quénes fueron sus maestros?) (Los cubanos) (Aplausos). Lástima que teagamos tan mal discípulo.

Y este señor usa un lenguaje extraño, un lenguaje revolucionario. Y es curioso, se va a crear algunos problemas con los reactionarios, porque aunque los reactionarios saben que todo eso es cierto, los reactionarios saben que no se puede estar pagando con las palabras. Y los latifundistas de América Latina van a decir: "bueno, si nosotros vamos a repartir nuestra tierra, ustedes tienen que repartir el petróleo, el cobre, el hierro y todos los monopolios que tienen aquí". Porque éstas son las contradicciones ineludibles del imperialismo. (Cómo van a poder hablar este lenguaje?)

La Revolución los trató de manera generosa. No porque se lo merecieran, sino porque esos son nuestros principios. Ninguno de ellos fue golpeado; casi la totalidad de sus heridos salvaron la vida en los hospitales revolucionarios.

De acuerdo con la Ley y con sus hechos, entre acreedores a la pena capital y sin embargo la sentencia señalada era una sentencia que les permitía salir en libertad si indemnizaban a nuestro país de los daños causados.

Lo que no dicen los imperialistas es que, si estuvieron 20 meses en prisión fue por el fanatismo yanqui, por la hipocresía yanqui que no quiso dar la cara, que no quiso pagar. Pocque apela a los

Por el Dr. Fidel Castro, el Pasado 2 de Abril del Triunfo de la Revolución Cubana

dos meses —o antes— del ataque pudieron haber salido si los imperialistas hubiesen pagado.

Tampoco han querido destacar los imperialistas que el Gobierno Revolucionario había puesto en libertad, previamente —hace muchos meses—, a 60 heridos y enfermos, aceptando que pagasen —después la indemnización, que sólo vinieron a pagar ahora; que el Gobierno Revolucionario aceptó ponerlos en libertad cuando sólo había abonado el 20%. Nada de eso han querido destacar.

Y qué momento aquél para nosotros! Aquél que en el mismo aeropuerto donde comenzó el ataque cobardo del 15 de abril, en aquel que o aeropuerto donde aviones de procedencia yanqui dejaron caer el 15 de abril su carga de bombas, reposaron allí después aviones yanquis como mansas palomas de paz, dejando los cargamentos de medicinas y de alimentos para niños.

Los que vivimos esos dos momentos —el de la agresión y el del pago de la indemnización— no podemos olvidarlo. Porque no eran los soberbios y arrogantes atacantes que un día bombardearon y como precio de aquella aventura tuvieron un día que venir a tratar otras cosas para salvar vidas y para beneficio de nuestro pueblo (Aplausos).

El Gobierno Soviético, en aras de la paz, llegó a ciertos acuerdos con nosotros, renunciando a ese derecho. Al derecho de tenernos con el gobierno norteamericano, pero eso no quiere decir que las armas que estimemos convenientes y a adoptar los platos de política internacional que estimen pertinentes como país soberano (Aplausos).

Y por eso no aceptamos la inspección unilateral que querían establecer aquí (Gritos y Aplausos) con el único propósito, por parte de los imperialistas, de humillarnos. Y no hubo inspección (Gritos), ni habrá inspección (Gritos) y si quieren que haya inspección que se dejen inspeccionar ellos también por nosotros (Gritos y Aplausos). ¡que se deje de inspeccionar ellos también! Si no, ¿qué se han creído? De Estado soberano a Estado soberano somos tan soberanos o más soberanos que ellos (Aplausos).

Esa es la razón por la que hemos planteado nuestras cinco de-

mandas, tan justas y tan lógicas, y tan consustanciales a nuestros derechos, que nadie las podría objetar.

Que clase de paz es esa de los imperialistas con nosotros aumentando sus presiones económicas contra nuestro país, promoviendo la subversión, organizando ataques piratas declarando su propósito de violar nuestro espacio aéreo? ¿Qué paz puede ser esa, qué clase de paz? Por qué creen acaso los imperialistas que nosotros vamos a aceptar violaciones de nuestros derechos? ¿Qué paz sería esa, que en cualquier momento da lugar a un incidente con motivo de esa política declarada? Porque, claramente si se les permite a los imperialistas alguna de sus fechorías quieren después hacer otras, y lo demostraron con sus aviones en los días de la crisis cuando había una tregua y comenzaron a volar rasantes sobre nuestras bases y nuestros artilleros, hasta que se les dio la orden de disparar y lo que hicieron fue cobrar toda la altura que pudieron y dejaron de volar rasantes.

Desde luego, ¿qué clase de paz sería esa en que nosotros tenemos que aceptar esas violaciones? ¡Y no las aceptamos y serían fuentes de incidentes!

Y nosotros vamos adquiriendo cada vez mejores armas antiaéreas. Y ya hoy desfilaron por aquí las primeras unidades de instrucción de los cohetes de tierra a aire (APLAUSOS), que está en instrucción.

¡Que clase de paz sería esa de los imperialistas, que nos expusiera a constantes incidentes de ese tipo por su declarada política de violación de nuestros espacios?

Y, por último, ¿qué hacen en un pedazo de nuestro territorio amenazándonos, conspirando desde aquí contra nuestro país? (Gritos) ¡Y ese territorio es nuestro y tenemos todo el derecho a reclamarlo! ¡Qué derecho tienen los imperialistas a poseer una base enclavada en el territorio de nuestro país!

Hoy, que todo pertenece al pueblo y los frutos del trabajo son para el pueblo, el deber primero del pueblo es el de luchar por crear todos esos medios para satisfacer todas sus necesidades. Y tenemos que hacer eso en medio de peligros, en medio de amenazas; y aun en medio de situaciones amargas, de serios problemas que a todos nos preocupan en la lucha frente al enemigo común, en la lucha entre

LOS CIRCULOS SOCIALES OBREROS

DEPORTES, DISTRACCION Y ALEGRIA PARA TODOS

Con el fin de proporcionar a los trabajadores manuales e intelectuales del país lugares de solaz y esparcimiento sano, de ejercicio del músculo y la mente, de elevación cultural y sana camaradería entre junte más cada día a la gran familia cubana el Gobierno Revolucionario. Por iniciativa del Primer Ministro, comandante Fidel Castro, creó los "Círculos Sociales Obreros".

Las primeras instituciones de este tipo comenzaron a funcionar en 14 magníficos palacios construidos a la orilla del mar y utilizados como clubes exclusivos por los hacendados azucareros, banquistas, casanovenses y representantes de los monopolios internacionales. El Gobierno Revolucionario entendió que lo humillante justificó era poner a disposición de los que nada tenían, de los pobres, de los campesinos, de los trabajadores y profesionales humildes, lo que antes había sido un coto cerrado para los nobres.

EL PUEBLO ADMINISTRA Y DISFRUTA

La administración y cuidado de esas sociedades están confiadas a los propios obreros que allí laboraban antes quienes solo pueden disfrutar —como todo el pueblo— de sus magníficas instalaciones deportivas, actividad que les estaba prohibida antes por su sola condición de obreros.

El pueblo cubano se ha integrado con entusiasmo en estas instituciones populares practicando en ellas sin discriminación de sexo, raza o edad, toda clase de saines deportes, disfrutando de las plazas durante la semana y bailes todos los sábados amenizados por las mejores orquestas típicas. El domingo es de los niños, y ese día se ofrecen fiestas para ellos que se inicián con alegres zambolas.

UN CIRCULO SOCIAL EN CADA POBLACION

Esta obra social y humana no se limita sólo a la capital de la República. El Gobierno Revolucionario ha planteado el proyecto en escala nacional y se propone construir un Círculo Social en cada pueblo y en cada centro azucarero y por el momento ha llevado a ese uno de los mejores edificios de cada localidad.

Así, de un extremo a otro de la isla, los cubanos disfrutan de sitios de recreo en sano y económico donde pueden reunirse e identificarse más aun el obrero y el profesional, el campesino y el productor, el funcionario civil y el ama de casa robándose así una unidad inquebrantable del pueblo cubano y su amistoso carácter nacional.

a los imperialistas, cuales son las diferencias surgidas en el seno de la familia socialista, las públicas discrepancias surgidas entre grandes fuerzas del campo socialista.

Ello a todos nos preocupa, y nos preocupa porque nosotros vemos con claridad aquí, desde esta trinchera, a noventón días del imperio yanqui, cuál motivo de desocupación habrá de ser esa discrepancia, cuánto se necesita de todas las fuerzas de todo el campo socialista para enfrentar a esos enemigos.

Nosotros tenemos la gran tarea histórica de llevar adelante esta Revolución, de servir de ejemplo a la revolución hincanamericana; dentro del campo socialista, dentro de la gran familia socialista (que es nuestro campo que es y será siempre nuestra familia Apóstoles), dentro de ese nuestro deber luchar por la unidad dentro de los principios de la familia socialista, del campo socialista. Esa ha de ser la línea de nuestro pueblo, la línea que traza la dirección política de la Revolución.

Son muchos los problemas y muy grandes las tareas que tenemos por delante, enfrentar al imperialismo primero que nada. En esta misma situación están demás muchos pueblos, en esta misma situación están los pueblos colonizadores y sometidos al imperialismo.

Es por eso que resulta tan necesaria esa unión, es por eso que resulta tan necesario presentar a los imperialistas un frente unido. Y ese, estoy seguro que ha de ser el clamor de los pueblos amedrentados de los países que luchan por su independencia, de los pueblos que luchan frente a la agresión del imperialismo.

A nuestro pueblo en orientación que nuestra tarea es unir dentro y fuera; eliminar todo lo que nos divide, dentro y fuera; luchar por todo lo que nos une, dentro y fuera. La unidad dentro de los principios, esa es nuestra linea:

"Venceremos" (OVACION).

EN CUBA

LOS NIÑOS NACEN PARA SER FELICES

"Hogar-Cuna Los Zapaticos de rosa"

Una atención esmerada y preferente se otorga en Cuba a los niños huérfanos o abandonados por sus padres.

Recientemente, el Ministerio de Salud Pública inauguró en la barriada del Vedado, en La Habana, la Casa-Cuna "Los Zapaticos de Rosa", con 200 niños que se encuentran en tales casos.

La moderna institución dispone de 150 empleados especializados en atención de los niños, y es dirigida por nueve Hermanas de la Caridad, encabezadas por Sor Mercedes Castañeda. Un sacerdote católico acude diariamente al lugar para ofrecer la misa y demás oficios religiosos.

Todos los gastos de la Casa-Cuna corren por cargo al Estado Revolucionario, y entre su personal figura la psicóloga argentina Diana Minster, que tiene bajo su responsabilidad la orientación psicopedagógica de los pequeños.

Cada ocho niños están al cuidado de una asistente o maedadora. Además dispone la institución de su propio médico, dentista, y enfermera.

En el amplio edificio de tres plantas, dotado de todas las comodidades y de vastas creasgrandes para los juegos infantiles, permanecen los niños durante las 24 horas del día sin gasto alguno para familiares.

Cuando los pequeños cumplen los tres años de edad pasan a otras instituciones similares, también sostendidas por el Estado Revolucionario, hasta que se convierten en hombres y mujeres debidamente capacitados y útiles a la patria.

Una alimentación nutritiva y bien balanceada, amorosa atención, rigurosos cuidados médicos y educación integral, garantizan el pionero revolucionario de que "Los niños nacen para ser felices".

En la inauguración de la nueva casa-cuna participaron Sor Mercedes Castañeda, Directora del Centro en unión del Ministro de Salud Pública, doctor Machado Ventura —el primero a la extrema izquierda— y otros funcionarios de Gobierno Revolucionario.

UN PUEBLO MAS UNIDO Y MAS MADURO EN EL IV ANIVERSARIO

La gran jornada del pasado dia 2 puso de relieve el crecimiento de la madurez política de nuestro pueblo, que en cuatro años de revolución ha avanzado en todos los órdenes lo que se vio impedido de alcanzar en varias décadas de vida republicana.

Como en años anteriores hombres y mujeres, niños y ancianos, marcharon desde temprano hora a la cita tradicional en el escenario de las grandes promociones patrióticas de la nueva nación cubana. El Plaza de la Revolución José Martí.

Pueblo de héroes, estaban allí cobijados bajo el luminoso cielo azul de una mañana esplendorosa, combatientes victoriosos de las batallas de Guisa y de Giron, brigadistas triunfadoras en las batallas de la Alfabetización y de la Reconquista del campo, obreros ejemplares y campeones del trabajo voluntario.

El desfile de los distintos pueblos recordaba a cada instante la solidaridad de los países socialistas y el significado del importante nacimiento proletario destinado en el mesme del Jefe de la Revolución.

Y las armas de largo alcance que cerraron la parada consolidaron el sentimiento de seguridad en nuestra victoria cualquiera que sean las circunstancias en que se produzca el ataque de los imperialistas contra la soberanía nacional.

Las palabras del quinto de la Revolución Cubana fueron seguidas con interés y atención, a la vez que analizadas y comprendidas como podía colegirse por los comentaristas que brotaron espontáneamente aquí y allá, ante cada punto del discurso de Fidel Castro.

El mismo pueblo de los días crudos del pasado mes de octubre que encara con firmeza incombustible y serenidad inmortalizable los planes de agresión atómica del Pentágono, dispuesto a defender a su gente y hacer su derecho a la vida libre independiente y sojuzgada.

Y que ahora más templado se proyecta resuelto en 1963 hacia la realización de los grandes planes trazados por la Revolución en la construcción del Socialismo.

MEXICO

En declaraciones hechas a Prensa Latina, el ex presidente Lázaro Cárdenas, dijo que "ahora se podrá apreciar mejor que el caso de Cuba obra en la defensa de paz o de guerra y en la salvaguardia o la violación de la soberanía de las naciones".

ARGENTINA

Más de 200 jóvenes participaron en una manifestación realizada en las principales calles de Buenos Aires. Los participantes de la manifestación portaban carteles de solidaridad con nuestra Revolución y entonaban el estribillo "Cuba sí, yanquis no". Miles de pañuelos fueron distribuidos antes de que la policía disolviera la manifestación. En los mismos se leía: "El enemigo de Cuba es también nuestro enemigo".

CHILE

La Convención de Estudiantes de Izquierda, celebrada en Santiago de Chile, aprobó un documento en el que expresa su apoyo a la causa de nuestro pueblo. "En la guerra civil que el imperialismo ha declarado a los pueblos de América Latina no hay ni puede haber cuartel", se dice en el mismo. Los participantes de la convención se comprometieron a "impedir que los mercenarios cubanos —agentes del Departamento de Estado norteamericano— hagan uso de los locales universitarios para santificar su campaña fascista y anticubana".

INDIA

La prensa hindú condena las acciones agresivas de Estados Unidos contra Cuba y su injerencia en las cuestiones internas de nuestro país. "Free Press Journal" dijo hace varios días que la política yanqui contra Cuba carece de sentido. El "Hindustan Times" denuncia el evidente peligro de que las agresiones a Cuba provoquen la Tercera Guerra Mundial. El "Amrita Bazar Patrik" demanda que la ONU condena las agresiones yanquis contra Cuba.

Discurso del Cmdte. Fidel Castro en la Clausura del Congreso de Mujeres de América

Teatro "Chaplin", Enero 15 de 1963

1.—A las Mujeres Latino-Americanas y a la mujer americana les interesan todos nuestros problemas sociales.

(Cuando se discute acerca de los derechos de las mujeres, de las aspiraciones de las mujeres, vemos que no puede haber derecho de mujer en nuestra América, ni derechos de niños, ni derechos de madres, ni de esposas, si no hay Revolución. ¡Es que dentro del mundo en que vive la mujer americana, necesariamente tiene que ser revolucionaria!)

2.—La mujer en nuestro país no es discriminada, como no lo es el negro. En realidad la Revolución ha significado mucho para la mujer cubana.

(Y dentro de la Revolución, la dirección revolucionaria se esfuerza por abrir más y más oportunidades a la mujer. Como ejemplo, podemos citar el caso, el hecho de que naciona-

(lizase las empresas medianas y grandes de venta de zapatos, de ropas y de ferreterías, se orientó al Ministerio de Comercio Interior a seleccionar mujeres como administradoras de cada empresa. Se designaron unas 4,000 administradoras y el 90% más de esas administradoras, es decir, administradoras para unos 4,000 centros, son actualmente administrados por mujeres).

3.—Dice el compañero Fidel que el concepto burgués de la mujer ha ido desapareciendo en nuestro país. Los conceptos estimativos, discriminadores, han ido realmente desapareciendo en nuestro país y las masas de mujeres han captado esa realidad.

(Y el prejuicio es sustituido por un concepto nuevo, donde se valoran las cualidades de la mujer por una serie de actividades sociales, en algunas de las cuales demuestran excepcionales virtudes. Un ancho campo de acción, de actividad, se ha abierto para ella).

4.—El Primer Ministro de la República dice que hay una diferencia entre la situación de las mujeres de América, representadas en este Congreso, y la representación de las mujeres cubanas. Es que las mujeres cubanas tienen la oportunidad de hacer múltiples actividades y las mujeres americanas necesitan de esa actividad.

(Nuestros problemas son distintos en el sentido de que ahora se trata de cómo lo hacemos y cuán bien podemos hacerlo. Ya para nosotros no se trata de la oportunidad de tener, digamos, cerca de 100,000 jóvenes estudiando, becados por el Estado, sino cómo organizarlos, cómo hacer que las escuelas donde estudian sean cada vez más eficientes, cómo preparamos cuadros de maestros y cómo esta tarea la realizamos bien. No significa que nosotros no tengamos mucho trabajo, por el contrario, en la Revolución si tienen cada vez más y más trabajo).

5.—Cómo llevar adelante la obra de la Revolución es nuestro problema. Cómo defender la soberanía de este país y, al mismo tiempo, seguir adelante, es nuestro problema, aunque no el problema de ustedes, mujeres americanas.

(El problema de ustedes y de los pueblos que ustedes representan es cómo conquistar la oportunidad de hacer ésto que estamos haciendo nosotros. Nosotros estamos seguros que saldremos adelante).

6.—Dice el Secretario General de las ORI que hay personas expertas en cifras, pero que lo que hay que ser es experto en cambiar la situación, expertos en conducir los pueblos hacia la Revolución.

(Y ese es el deber de los dirigentes y de las organizaciones revolucionarias, echar a andar las masas, lanzar las masas al combate. Y eso

fue lo que hicieron en Argelia, y eso es lo que están haciendo los patriotas de Viet Nam del Sur. Han lanzado a las masas a la lucha con métodos correctos, con tácticas correctas).

7.—El Comandante en Jefe se refiere a que se ha afirmado que en Cuba hubo un tránsito pacífico del capitalismo al socialismo.

(No fue ningún tránsito pacífico, fue un tránsito de combate, sin lo cual no habría habido tránsito en nuestro país. Si esa lucha heroica, sin esa lucha armada del pueblo cubano, todavía, tal vez, tendríamos aquí al señor Batista, "Made in USA").

8.—No se trata de cobardes, sino de confundidos enfoques erróneos. Nosotros no negamos la posibilidad del tránsito pacífico, aunque estamos todavía esperando el primer caso. Pero no lo negamos, porque no somos dogmáticos.

(Esas falsas interpretaciones de la Historia, no cuadran con la inmensa mayoría de los países latinoamericanos, donde existen condiciones objetivas, y bien que lo han visto los imperialistas con bastante claridad: Que las condiciones objetivas existen, pero donde faltan condiciones subjetivas.

Y esas condiciones subjetivas hay que crearlas y se crean con la verdad histórica y no con el falseamiento de la historia, esas condiciones subjetivas no se crean diciendo que en Cuba ha habido un beatífico tránsito pacífico).

9.—El compañero Fidel se refirió a que los teóricos del imperialismo se preocupan de que no haya revolución. Esto es lógico, pero nadie, desde una posición revolucionaria, debe crear el conformismo o el miedo a la revolución.

(Eso es lo que nosotros pensamos; eso fue lo que nosotros dijimos en la Declaración de la Habana. Declaración que en algunos países hermanos recibió los honores, por parte de las organizaciones revolucionarias, "los honores de la gareta", cuando debió haber recibido la justa大陆化 que merecía).

10.—El compañero Fidel Castro explica que nosotros le decimos a las masas que esa es la situación. A las masas hay que decirles cuál es el camino, hay que llevarlas a la lucha.

(Quiero aclarar, para que los teóricos no se pongan bravos, que nosotros no estamos haciendo una generalización irresponsable, quiero aclarar que nosotros sabemos que cada país tiene sus condiciones específicas y por eso no generalizamos. Por eso si decimos: La mayoría. Sabemos que hay excepciones, sabemos que hay países donde no existen esas condiciones objetivas, pero existen en la mayoría de los países de América Latina).

11.—El Primer Ministro trata sobre que nosotros tenemos a un lado al imperialismo y, además, circunstancias que son adversas y desfavorables al movimiento revolucionario mundial.

(Quiero, en primer lugar, decir que para nosotros la crisis del Caribe no está resuelta. Quiero decir que, en nuestra opinión, en la opinión de la dirección revolucionaria de nuestro país, se evitó una guerra, pero no se ganó la paz, que no es lo mismo).

12.—Fidel expresa que nosotros dijimos que no habían garantías satisfactorias sin los cinco puntos que planteamos a raíz de aquella crisis.

(Sobre estas cosas, un poco controvertidas, un poco sutiles, hay que estar muy claros, hay que estar claros. Si se dice que nosotros estamos aquí, es decir, que no hemos podido ser destruidos, por la solidaridad del campo socialista, se dice una verdad. Pero si se dice que estamos aquí por la palabra de Kennedy, no se dice una verdad).

13.—El Primer Ministro trata que el Presidente de los Estados Unidos y el señor Rusk hablan de que los Estados Unidos no están comprometidos a no invadir a Cuba y que si se hubieran comprometido, lo habrían hecho solamente relacionado con la situación inmediata e independientemente de sus compromisos con los demás países de América Latina.

(¿Dónde está el compromiso de no invadir a Cuba? Pero es que, además, resulta insolente que el Secretario de Estado yanqui diga que no se han comprometido a no invadir a Cuba. Como si las leyes internacionales, la Carta de las Naciones Unidas y todas las normas que rigen las normas entre las naciones, no los comprometiera a no invadir a nuestro país, ya que, por supuesto, no tienen ningún derecho a invadirlo).

14.—El Secretario General de las ORI se refiere a las discrepancias surgidas en el movimiento comunista internacional.

(Lamentable es, muy lamentable, que hayan surgido esas diferencias. Y frente a ellas hay que luchar, porque lo primero es unir. Lo que Marx dijo fue: Proletarios de todos los países: Uníos).

15.—El Secretario General de las ORI desarrolla la idea de que Marx y Engels lucharon por la unión incesantemente, infatigablemente, durante toda su vida

y eso es lo que decimos nosotros, nuestra dirección política, nuestro Partido y nuestro pueblo: "Proletarios de todos los países: Uníos!"

(Esa es la posición de nuestro Partido y de nuestro pueblo, el criterio de nuestra Dirección Nacional y nuestro pueblo, que ha marchado unido en difíciles momentos, en difíciles circunstancias. Porque nuestro pueblo pasó por grandes pruebas en esos días: pruebas de valor frente a la amenaza de Kennedy, frente a su amenaza de convertirnos en blanco atómico. ¡Con seguridad que los nervios de este pueblo se alteraron menos que los nervios de los generales del pentágono yanqui!)

16.—El Secretario General de las ORI se refiere a que aceptar la inspección habría sido estar de acuerdo en tener que rendir cuenta a los imperialistas yanquis, de qué armas podíamos tener o no tener dentro de nuestro territorio. Y eso implicaba para nosotros una cuestión de principios, eso equivalía a una renuncia en nuestra soberanía. Eso equivalía a aceptar la inferiorización de este país entre todos los demás del mundo. ¡Y nosotros ni aceptamos ni aceptaremos eso!

(Los que piensan que eso es aceptable, piensan también que desembarquen y que no se les dispare ni un tiro, porque por ese camino se llega a eso; y por esos caminos no llegó la Revolución al poder y por esos caminos no se defendió la Revolución en Playa Girón, sino por otros caminos de firmeza y decisión de lucha frente a los imperialistas).

17.—El Comandante en Jefe expresa que al parecer esos individuos pensaban que debíamos dejarnos volar, picar los aviones yanquis sobre nuestras antiaéreas sin dar la orden de fuego.

(No faltarán quienes digan, no faltarán quienes puedan tratar de insinuar que fuésemos contrarios a una política de paz. La respuesta es esa misma: ¡Queremos paz con derechos, con soberanía y con dignidad! ¡Queremos paz sin renunciar a ser revolucionarios, sin renunciar a la Revolución!)

18.—El Primer Ministro expresa que cuando nosotros les hablamos a los latinoamericanos y les decimos que hay condiciones objetivas para la Revolución, defendemos la paz; porque tanto más débil sea el imperialismo, menos peligroso será; tanto más débil sea el imperialismo, menos agresor será.

(Consideramos, sí, la paz, objetivo fundamental de la humanidad. Luchemos por ella siguiendo los caminos de la soberanía nacional, de la liberación frente a los explotadores y frente a los imperialistas; luchando frente a la explotación imperialista luchamos por la paz).

19.—El Secretario General de las ORI expresa:

(Esa será la conducta de nuestro pueblo, la conducta de nuestros militantes revolucionarios,

que no se desalientan, que no temen a la lucha, que no temen a las circunstancias difíciles sean cuales fueran. Y división aquí no habrá; aquí habrá unión, porque la necesitamos, porque tenemos al enemigo imperialista delante queriendo destruirnos. Y necesitamos la unidad para resistir, necesitamos la unidad para vencer, necesitamos la unidad más que nunca para seguir adelante. Y con nuestra unidad, nuestra firmeza, y nuestra línea, seguiremos adelante, afrontando las dificultades, afrontando los inconvenientes sean cuales fueren; ejerceremos el derecho a pensar por nuestra propia cabeza y seremos consecuentes con nuestros pensamientos revolucionarios. Y ese pensamiento, por encima de todo, tiene una divisa: ¡Resistir al enemigo imperialista, combatir al enemigo imperialista, seguir adelante, ni un paso atrás en la historia de la patria, ni una vacilación en las filas revolucionarias! ¡Seguir adelante, frente a los imperialistas!)

Discurso del Cmdte. Fidel Castro en el Acto Conmemorativo del IV Aniversario de la Revolución

Plaza de la Revolución José Martí, Encro 2 dc 1963.

1.—El gobierno de los Estados Unidos trajo por todos los medios de eludir, de manera oficial su responsabilidad, en el pago de la indemnización para poner en

libertad a los mercenarios. Esto está muy de acuerdo con la mentalidad farisaica de los dirigentes del Imperialismo.

(Por ejemplo, cuando nos atacaron el 15 de abril, enviaron aviones con insignias cubanas. Y cuando Cuba denunció la agresión, declararon por medio de su agencia cablegráfica a través de todo el mundo, que no eran aviones procedentes del exterior, sino aviones cubanos que se habían sublevado).

2.—Dice Fidel que así han actuado siempre. Por eso no tiene nada de extraño que mientras por un lado se movilizaban para recaudar los fondos, por otro pretendían hacer creer que era un simple comité de familiares el que estaba llevando a cabo esa negociación. En el fondo, todo fue el mismo gobierno de los Estados Unidos.

(Ahora se ha sabido que el hermano del Presidente de los Estados Unidos fue quien realizó las gestiones principales a fin de recaudar los fondos con los cuales pagar esa indemnización).

3.—El Primer Ministro aclara que ellos, naturalmente, no dicen que es indemnización. Ellos dicen que es rescate. Es lógico también que digan eso. Para los imperialistas encarcelar un periodista negro que visitó a Cuba e imponerle una multa de 10,000 dólares por ejercer un derecho constitucional, es justicia.

(Y, en cambio, el hecho de que una revolución haya sido generosa con los criminales que nos atacaron al servicio de una potencia extraña, el hecho de que los tribunales revolucionarios, en vez de aplicarles la pena a que eran acreedores, la pena capital, los sancionara con una multa, eso no es justicia).

4.—Cuando al fin se decidieron a pagar el rescate y el Gobierno Revolucionario puso en libertad a los invasores, ¿cuál fue la conducta del Presidente de los Estados Unidos?

(Fue la conducta de un pirata, fue la conducta de un jefe filibustero).

5.—Fidel se refiere a la patraña de la entrega de la bandera al Presidente Kennedy.

(En primer lugar, la historia de la bandera es una mentira completa. Todo el mundo sabe que estos mercenarios, que vinieron aquí disfrazados de "gusanos de seda", como dice el pueblo, con uniforme de camouflage del ejército norteamericano, fueron total y absolutamente copados. Pero no sólo eso: Todo el mundo sabe que dejaron hasta la ropa interior, y ahora han inventado la historieta de que uno escapó, se llevó la bandera entre la ropa, y esa es la bandera que le entregaron a Kennedy).

6.—Se refiere el Primer Ministro de la República a la referencia hecha por el Presidente Kennedy sobre Martí.

(Todo el mundo conoce la historia de Martí, de aquel Martí con las ropas raídas, de aquel Martí que no recibió sus fondos de la tesorería yanqui, de aquel Martí que aplababa a la inmigración humilde, de proletarios, de tabaqueros, reuniendo centavo a centavo los fondos para comprar las armas).

7.—El Secretario General de las ORI trata sobre la actitud de los prisioneros de Playa Girón ante la televisión, a los cuales todo el mundo vio que no hubo uno solo que no dijera que lo habían "embarcado". No hubo uno solo que no dijera que se había equivocado, que creía que la milicia se lo somaría, que el ejército no pelearía. No hubo uno solo que no creyera que fuese un paseo militar.

(Y luego lucían ante las cámaras como "magdalenas arrepentidas". En prisión escribieron

sus principales jefes, largas, e interminables cartas de arrepentimiento, que el pueblo conoce).

8.—El comandante Castro expresa que, sin embargo, al llegar a Miami todos ellos sus primeras declaraciones fueron que piensan regresar, que piensan volver, etc.

(Eso da al pueblo idea de cómo merecen ser tratadas semejantes alimañas. Pero si el Gobierno los ha puesto en libertad mediante el compromiso, asumido por la Cruz Roja Norteamericana, de cumplir todos los acuerdos que hemos suscrito, garantizados por un organismo bancario canadiense, si la Revolución los puso en libertad es porque la Revolución puede combatir cincuenta expediciones como esa).

9.—El Comandante en Jefe trata acerca de que nosotros hemos sostenido y sostenemos que las garantías que el imperialismo ofrece no han de ser simplemente de palabras, sino que han de ir acompañadas de hechos.

(Las garantías están en nuestra decisión de combatir, en nuestra decisión de resistir hóricamente cualquier ataque del enemigo. Las garantías están en esas armas que ustedes vieron desfilar y en muchas más armas que por aquí no desfilaron. Las garantías están en nuestros cientos de miles de combatientes. Las garantías están en el heroísmo de nuestro pueblo, heroismos más que probados en momentos difíciles).

10.—Fidel se refiere al significado de la consigna "Patria o Muerte" y dice:

(Podremos morir, no porque despreciamos la vida, no porque despreciamos la obra creadora que nuestro pueblo realiza, no porque no tenemos el porvenir luminoso a que tenemos derecho con

nosotros, están indisolublemente asociadas a esa idea y ese porvenir, y sin la Patria no queremos nuestro trabajo; sino porque las vidas de todos nos la vida, sin libertad no queremos la vida, sin dignidad no queremos la vida, sin justicia no queremos la vida, sin pan para nuestros hijos, no queremos la vida, sin porvenir no queremos la vida. Por eso decimos; Patria o Muerte!)

11.—El Primer Ministro explica la actitud de nuestro pueblo y el por qué de las medidas que tomamos frente a las amenazas y agresiones del imperialismo. Sin vacilaciones para que sepan los imperialistas que este pueblo no vacila. Por eso tomamos medidas para armarnos.

(Por eso acordamos con la Unión Soviética las armas que aquí se establecieron, porque entendímos que cumplíamos con dos obligaciones: Una para con la Patria, afianzando y fortaleciendo su defensa frente a las amenazas del imperialismo, y otra obligación con los pueblos del campo socialista. Es decir: un deber proletario internacional).

12.—Fidel se refiere a que ese fue el pensamiento que presidió la conducta de la Dirección Revolucionaria Cubana.

(Nosotros queremos decir que nuestro pueblo se reserva siempre todo el derecho, frente a sus enemigos agresores imperialistas, a tomar todas las medidas que estime pertinentes y a tener las armas que estime pertinentes).

13.—El Secretario General de las ORI expresa que el Gobierno Soviético, en aras de la paz, llegó a ciertos acuerdos con el Gobierno norteamericano.

(Pero eso no quiere decir que nosotros hayamos renunciado a ese derecho; al derecho de tener

(las armas que estimemos conveniente y a dar en la política internacional los pasos que estimemos conveniente como país soberano).

14.—El Comandante en Jefe explica por qué no aceptamos la inspección unilateral que querían establecer los imperialistas aquí con el propósito de humillarnos.

(Y si quieren que haya inspección que se dejen también ellos inspeccionar por nosotros).

15.—El Secretario General de las ORI explica que sin la solidaridad del campo socialista habríamos estado desarmados, ya que cuando fuimos a comprar armas en un país de Europa Occidental, nos volaron el barco y nos mataron como 50 obreros y soldados.

(Fueron los países del campo socialista los que nos proveyeron de todas esas armas. Y ha sido la solidaridad del campo socialista arma eficaz contra la agresión imperialista. ¡En esa garantía si creemos! En la que nos proporciona nuestra disposición a luchar hasta el último hombre y la solidaridad del campo socialista. Pero no en las palabras de los imperialistas).

16.—Fidel se refiere a la clase de paz que practican los imperialistas con nosotros mientras aumentan sus presiones económicas contra nosotros, promueven la subversión, organizan ataques piratas y declaran su propósito de violar nuestro espacio aéreo.

(¿Qué paz puede ser esa? ¿Qué clase de paz? Porque, ¿creen acaso los imperialistas que nosotros vamos a aceptar las violaciones de nuestros derechos? ¿Qué paz sería esa que en cualquier momento pueda romperse por una violación cometida por ellos y que precipitaría un incidente como consecuencia de esa política declarada?)

17.—El Secretario General de las ORI sigue explicando la clase de paz que nos ofrecen los imperialistas, la cual nos expone a constantes incidentes. Se pregunta:

(Y por último. ¿Qué hacen en un pedazo de nuestro territorio, amenazándonos, conspirando desde aquí contra nuestro país? ¡Ese territorio es nuestro y tenemos todo el derecho a reclamarlo! ¿Qué derecho tienen los imperialistas a poseer una base enclavada en el territorio de nuestro país?)

18.—El Primer Ministro se refiere a los cinco puntos que hemos planteado como demanda justa de nuestro pueblo para que haya una verdadera solución de la crisis del Caribe.

(Los imperialistas no han hecho ninguna declaración concreta. Han hablado con reticencia, en un tono amenazante, insidioso: "Que si Cuba no promueve la subversión" y cosas por el estilo. Entonces no habrá invasión).

19.—Fidel explica que está de más decir que nuestra posición no es una posición contraria a soluciones, que no es una posición contraria a soluciones pacíficas.

(Nosotros estamos de acuerdo con la política de la discusión y de la solución de los problemas por vía pacífica. Nosotros estamos de acuerdo con ese principio fundamental. Estamos de acuerdo también en la política de concesión por concesión.)

20.—Dice Fidel, nuestra posición, mantenida a lo largo de esta crisis, es una posición estrictamente ajustada a los principios.

(Hemos rechazado la inspección porque nuestro país no puede renunciar a una prerrogativa absolutamente soberana, y hemos defendido nuestra integridad porque el hecho de estar en favor de la paz no significa que desembarquen los imperialistas en nuestras costas y no le tiremos un tiro. Estamos por la paz, pero si nos atacan vamos a combatirlos con todo lo que tenemos).

21.—El Comandante en Jefe se refiere a que nosotros entendemos que en el mundo actual las masas imperialistas no están libres.

(Si hubieran estado libres habríamos tenido que sufrir seriamente las consecuencias desde el principio. Es un hecho cierto que la correlación mundial de fuerza les impide hacer lo que hacían cuando intervenían en Nicaragua, en México, en Santo Domingo o en otros pueblos pequeños de América Latina. No tienen las manos libres. No están en condiciones de poder actuar libremente en la forma en que lo hacían antes).

22.—El Secretario General de las ORI se refiere a que cuando los pueblos se deciden a luchar deben hacer lo que hicimos nosotros. Los millones de latinoamericanos, explotados por los imperialistas, pueden hacer lo que hicimos nosotros.

(Ya los pueblos empiezan a despertar y empiezan a luchar. He ahí la prueba de solidaridad con nuestra patria. La actitud de algunos pueblos como el pueblo venezolano que mientras el títere Betancourt, igual que el títere de Argentina y el títere de Santo Domingo, mandaban sus barcos a bloquearnos a nosotros, luchó y dio pruebas extraordinarias de espíritu revolucionario).

(nario, dirigidos por el glorioso Partido Comunista de Venezuela y por los valerosos combatientes del Movimiento de Izquierda Revolucionario).

23.—Fidel se refiere a que nuestros problemas de hoy no son los problemas de hace cuatro años. Nuevos problemas, nuevas obligaciones y nuevas tareas tenemos por delante.

(Fundamentalmente está nuestro deber de crear las riquezas que nuestro pueblo necesita, crear los medios de producción para elevar nuestro standard de vida, para satisfacer las necesidades crecientes de nuestras masas).

24.—El Secretario General de las ORI se refiere a que nuestras tareas tenemos que llevarlas adelante en medio de peligros y aún en medio de situaciones amargas, de serios problemas que a todos nos preocupan en la lucha frente al enemigo común, en la lucha frente a los imperialistas, como son las discrepancias surgidas en el seno de la familia socialista, las públicas discrepancias surgidas entre grandes fuerzas del campo socialista.

(Eso nos preocupa a todos y nos preocupa porque nosotros vemos con claridad aquí, desde esta trinchera, a 90 millas del imperialismo yanqui, cuánto motivo de preocupación hay en esas discrepancias, cuánto se necesita la unidad, cuánto se necesita de todas las fuerzas de todo el campo socialista para enfrentar al enemigo).

25.—Dice Fidel nosotros tenemos la gran tarea histórica de llevar adelante esta Revolución, de servir de ejemplo a la revolución latinoamericana y dentro del campo socialista, dentro de la gran familia socialista que es nuestro campo y que es y será siempre nuestra familia.

(Entendemos nuestro deber luchar por la unidad dentro de los principios de la familia socialista, del campo socialista. Esa ha de ser la línea de nuestro pueblo, la línea que traza la dirección política de la Revolución).

26.—El Secretario General de las ORI dice que son muchos los problemas y muy grandes las tareas que tenemos por delante. Enfrentar al imperialismo primero que nada. En esa misma situación están muchos otros pueblos. En esa misma situación están los pueblos colonizados y sometidos al imperialismo.

(Por eso es que resulta necesaria esa unión; por eso es que resulta tan necesario presentar a

los imperialistas un frente unido. Y ése, estoy seguro, ha de ser el clamor de los pueblos amenazados, de los pueblos que luchan por su independencia, de los pueblos que luchan frente a las agresiones del imperialismo.

A nuestro pueblo una orientación; que nuestra tarea es unir dentro y fuera; eliminar todo lo que nos divide dentro y fuera; luchar por todo lo que nos une dentro y fuera.

;La unidad dentro de los principios!

;Esa es nuestra línea!).

Héroes y mártires de la Revolución

JESUS MENENDEZ

(1911 - 1948)

Nació en Encrucijada, Las Viñas, el 14 de diciembre de 1911. Su familia era humilde, y sus antecesores habían dado sus mejores esfuerzos a la causa de las libertades patrias. Jesús tuvo pocas oportunidades de asistir a la escuela, donde apenas cursó los primeros grados. No había cumplido los 15 años cuando se enfrentaba al duro trabajo del corte de caña en las colonias del Central "Nazihal". Al cumplir 18 era ya purgador de azúcar en el Central "Constancia". Su tránsito por los más variados trabajos del proceso industrial azucarero, le dieron un conocimiento amplio del mismo y una conciencia extraordinaria de las condiciones de trabajo y de vida de los obreros.

Jesús Menéndez, que durante el tiempo muerto, labrara como recogedor de tabaco en rama en distintas localidades de Las Villas, se incorporó a las luchas proletarias en los años duros de la tiranía machadista. Al frente en las organizaciones de azucareros y tabacaleros y desde las filas de la Liga Juvenil Comunista, forjaba su recia personalidad de dirigente entre la labor combativa y el presidio, que lo acogió en varias ocasiones.

Pese a la represión desatada a raíz de la huelga de marzo de 1935, se mantuvo firme en la dirección sindical del Central "Constancia", logrando un aumento de un quince y un 25 por ciento para los trabajadores.

Después de la caída de Machado, Menéndez acreció su actividad organizativa, siendo uno de los líderes más destacados del Sindicato Nacional Obrero de la Industria Azucarera. Participó en el IV Congreso Obrero Nacional, conocido como Congreso de Unidad Sindical, al que se llegó después de una ingente labor unitaria frente a los tránsfugas y divisionistas. La consigna de "Unidad: CTC", de la que fue uno de los más activos paladines, ganó la conciencia de las masas. Ni las persecuciones, ni la miseria que azotaban los hogares de los trabajadores y el propio, hicieron flaquear la férrea voluntad de lucha del gran combatiente.

En noviembre de 1938 su participación fue determinante en el surgimiento de la Federación Provincial Obrera de Santa Clara; y en octubre del año siguiente se le elegió vicesecretario general de la Federación Nacional Obrera Azucarera, que después se denominaría Federación Nacional de Trabajadores Azucareros. En enero de 1939 era exaltado al Comité Ejecutivo de la Confederación de Trabajadores de Cuba (CTC).

Jesús Menéndez, que había ingresado en el Partido Comunista desde 1931, fue elegido en 1940 delegado a la Asamblea Constituyente, en la que se destacó por su defensa de los intereses de los trabajadores. Ese mismo año el voto popular lo exalta a la Cámara de Representantes, en la que se mantuvo cuando dos años después obtuvo la extraordinaria votación de 17 mil sufragios preferenciales.

En 1945 partió al frente de una comisión de la FNTA hacia Washington a fin de discutir las negociaciones

azucareras entre Cuba y los Estados Unidos. En esta ocasión no triunfó su propósito de incluir la representación obrera en las negociaciones, debido a la resistencia imperialista, lo que no amilanció su voluntad. Con el apoyo de los trabajadores se fue al norte y logró hacerse escuchar de funcionarios de los Departamentos de agricultura y Estado, demandando para Cuba garantías mediante la fijación de una cuota no inferior al 50 por ciento del consumo de EE. UU.

Finalizada la II Guerra Mundial, los magnates norteamericanos intentaban comprar globalmente la zafra. Esa fue la ocasión que aprovechó Jesús Menéndez para imponer las condiciones que beneficiaban a los trabajadores y a la economía del país. No pudo ser impedida esta vez su presencia en las negociaciones, aprobándose finalmente la cláusula de Garantía, y el Diferencial Azucarero por su gestión.

Tomó parte activa en 1947, en la preparación de la Conferencia Internacional de Trabajadores Azucareros que se reunió en Ciudad México. Estando en México en las labores preparatorias del evento, se llevó la discusión en el Congreso de EE. UU. de la nueva Ley Azucarera, en la que se burlaba la promesa hecha a Cuba durante el período de guerra y señalaba una cuota igual a la que prescribía la Ley de 1947, mediante la introducción de la conocida Cláusula 202-E.

Indignado ante la agresión imperialista, se trasladó a Washington, entrevistándose con senadores a los que expuso la protesta de los trabajadores y del pueblo cubano y sus derechos. Ganó asimismo, el apoyo de dirigentes obreros, celebró conferencias de prensa, mitines, etc., desplegando una intensa campaña.

Con la condición de que fueran congelados los salarios de los obreros, los hacedores habían aceptado que EE. UU. compraran a Cuba al precio de 3.675 centavos por libra de azúcar, las zafras de 1946-47. Jesús Menéndez demostró "la improcedencia de la medida antinacional y la total negación de toda reciprocidad en las relaciones comerciales cubano-norteamericanas, que hubieran significado congelar los ingresos de los trabajadores y de toda la nación, mientras se le vendían los artículos que importaba a precios especulativos". Su

firme actitud, respaldada por la clase obrera y por todo el pueblo dio por resultado que por primera vez en la historia de Cuba, los trabajadores fueron incluidos en las negociaciones azucareras, logrando la inclusión de la cláusula de garantía en el contrato de venta de las zafra de 1946-47. En ese período hubo para los trabajadores azucareros y en los ingresos nacionales un diferencial de 37 millones de pesos.

Otra conquista ganada, en cuya batalla tomó parte principal Jesús Menéndez, fue la del Retiro Azucarero, la constitución de la Caja de Retiro y Asistencia Social de Obreros y Empleados de la industria. Apoyándose en las masas azucareras y en la clase obrera, el dirigente lograba unos tras otros beneficios para su sector: reconstrucción y molieida de centrales, decreto sobre la higieneación de los bateyes, Clínica Nacional para la FNTA, etc. En enero de 1948 el terror imperaba en las colonias y centrales. Los obreros azucareros en pie de lucha. La porra mujalista, el ejército y el gobierno, patronos e imperialistas combinados, encarcelaban, propinaban plan de machete a los obreros, llegando al crimen de hasta quemarles sus casas. La lucha sin embargo, continuaba firme. Algunos patronos llegaron a firmar contratos colectivos de trabajo con sus obreros, prometiendo pagar el diferencial. El 4 de enero la CTC y la FNTA convocaron un mitin en el que Menéndez expresó: "Yo saludo con emoción profunda la firme combatividad de mis compañeros y los exhorto a que continúen hacia adelante por nuestro pan, por nuestros salarios, por diferencial, por nuestra libertad sindical, por el progreso de nuestra patria, por Cuba..."

Menéndez explicó que el mitin había sido convocado para demandar el pago del 8 por ciento del diferencial de 1947 que correspondía a los trabajadores de los centrales y de las colonias por la labor que habían realizado durante ese año.

En complicidad con el gobierno, los patronos cubanos y extranjeros, apoyados por Mujal, preparaban lo que fue calificado "el más escandaloso affaire de la historia de Cuba". Proyectaban la exención de impuestos que arrancaba 41 millones de pesos a la economía nacional que se convertían en ganancias para los magnates de dentro y de las empresas extranjeras, lo que significaba hambre y miseria para el pueblo cubano. En esa ocasión Jesús llevó a Palacio un memorándum contentivo del pago del 8 por ciento del diferencial y de los salarios por todo el año 1948, constando también los datos fidedignos del terror que imperaba en numerosos centrales azucareros, pidiendo finalmente garantías para que los obreros pudieran trabajar. Lejos de ser escuchado, el terror continuó. Menéndez recorría los centrales y sacaba a los obreros de las cárceles, se reunía con ellos y los exhortaba en los mitines a mantenerse unidos en sus organizaciones, con dirigentes producto de su propia elección.

El 16 de enero el Consejo de Ministros acordó "subsidiar" a los magnates azucareros con los impuestos de sus propias ganancias, es decir, donar a los patronos azucareros 15 millones de pesos del Tesoro Público. El día 21 Jesús Menéndez habló al pueblo en una masiva concentración que se efectuó en Santiago de Cuba, denunciando el atraco infame de que era objeto el pueblo y los trabajadores. El día 22, cuando regresaba del central "Estrada Palma", donde había asistido a una potente movilización de trabajadores del central y sus colonias, levantando la demanda que ya era de todo el país: igual salario para todo el año y el pago del 8 por ciento, fue asesinado en la Estación de Ferrocarril de Manzanillo, ante su negativa viril de ser conducido preso, sin que fuera respetada su inmunidad parlamentaria. El imperialismo agresor armó la mano asesina que cometió el crimen.

Rubén Martínez Villena

(1899 - 1934)

*"Aumenta en el peligro la obligación sagrada.
(El oprobio merece la palabra colérica)
Yo, tiro de mi alma, cual si fuera una espada
y juro, de rodillas, ante la madre América".*

(De Mensaje Lírico Civil)

Rubén Martínez Villena nació en Alquizar, provincia de La Habana, el 20 de diciembre de 1899, en el modesto hogar de un profesor de instrucción pública recién graduado. Contaba corta edad cuando sus padres se trasladaron a La Habana en busca de un porvenir más amplio. Rubén estudió de pequeño en la Escuela No. 37, en el Cerro, donde manifestó singular interés por los estudios históricos y literarios, y en la que dio precoz sentido de compañerismo y de justicia. A los 13 años hacia su ingreso en el Instituto de Segunda Enseñanza de La Habana.

Desde niño experimentó el deseo de dar forma verbal a sus sentimientos y tomó la decisión de ser poeta

aunque estudiara alguna carrera. Y es con esta idea que matricula en la Escuela de Derecho de la Universidad de La Habana, donde en el ambiente de preocupación patriótica que allí privaba, tiene por primera vez conciencia clara de la turbia realidad nacional donde el afán de lucro y las pugnas por el poder, de los políticos criollos, emerge ante sus ojos junto al predominio explotador de los intereses norteamericanos en la economía y el control del país.

Al mismo tiempo que estudia en la Universidad, Rubén comienza a trabajar por las tardes en el bufete del doctor Fernando Ortiz. Allí trabó amistad con Pablo de la Torriente Brau.

La Universidad fue escenario de sus primicias de activista, participando en los movimientos estudiantiles del Alma Māter en contra de los males políticos que se reflejaban en ese alto centro docente en forma de una enseñanza corrompida y feudal al servicio de los criterios imperialistas. Siempre a la cabeza, Rubén participa en aquellas luchas que contribuyen a madurar su conciencia revolucionaria.

En junio de 1922 se gradúa de doctor en Derecho Civil y Público; y ante el horizonte de bienestar y riquezas que le auguran como futuro "gran abogado", responde: "No seré ni abogado ni rico. Me lo impide no solo mi condición de poeta sino mi conciencia". Sin embargo, su título de abogado fue usado para defender a los oprimidos.

En 1923 Rubén sufre su prueba de fuego pública. El clero y los politiqueros de turno realizan la escandalosa maniobra de la compra-venta del convento de Santa Clara en 3 millones de pesos. La indignación popular crece, y en medio de ella se alza Martínez Villena para acusar al gobierno de Zayas por la miserable estafa al Estado y al pueblo. En la Academia de Ciencias de La Habana, deja oír su voz de denuncia interrumpiendo la perorata que a título de conferencia científica, pronunciaba un alto funcionario de Zayas. A partir de aquel hecho Rubén probaría por primera vez el duro banco de la cárcel, provocando su prisión una ola de indignación pública.

Ganado ya para la agitación revolucionaria, funda la "Falange de Acción Cubana". El mismo escribe el ma-

nifiesto-programa en el que se define que lucharían contra la corrupción administrativa y por lograr una república acorde con los postulados martianos.

Poco tiempo después el descontento es general ante la desvergüenza y el desbarajuste imperantes y los distintos factores en rebeldía se integran alrededor de la "Asociación de Veteranos y Patriotas", y Rubén es llamado a su Consejo Superior. Aunque él sostiene desde el principio un criterio insurreccional acepta los métodos provisionales de lucha, y en reuniones y mitines deja escuchar su palabra que fustiga la corrupción y clama por reivindicaciones.

Cuando se inicián los trabajos preparativos de la insurrección, Rubén está al frente como en la labor de proselitismo. Así en la acción de apoderarse de la dinamita en las canteras de Camoa, a pesar de su débil complejión, asombra a todos cargando pesados fardos. Cuando se necesitó un piloto experto que tripulando un avión bombardeara los objetivos militares de La Habana para iniciar acciones armadas contra los titeres imperialistas, Rubén se brindó sin vacilar para ser ese piloto, a pesar de que jamás había montado en un avión. Con ese objetivo embarcó secretamente hacia los Estados Unidos, donde al cabo de 15 días ya podía entenderse con el complicado mecanismo de los aviones. Y cuando sólo esperaba órdenes para partir en cumplimiento de su misión fue detenido por agentes especiales de la Policía Federal, sufriendo por espacio de un mes la prisión yanqui. Al salir de la cárcel y para reunir dinero para el pasaje de regreso, buscó trabajo

en Tampa, en una de cuyas fábricas de cerveza laboró varios meses, sufriendo en carne propia la explotación industrial del mundo capitalista.

De regreso a La Habana, desengaño de los políticos que habían sorprendido su buena fe, se acercó a la cantera estudiantil que a la sazón preparaba el primer Congreso Revolucionario de Estudiantes. En estas tareas trabó amistad con Julio Antonio Mella.

Machado asciende al poder el 20 de mayo de 1925 y ya en noviembre la situación entre las fuerzas gobernistas y las juveniles y de izquierda, se había agudizado. Al ocurrir el arbitrario encarcelamiento de Mella, Rubén se presenta como su abogado, y más tarde forma parte del "Comité Pro Libertad de Mella". De estos días es la anécdota bien conocida de la mañana en que Rubén increpa al mismo Machado, lanzándole el calificativo que lo siguió hasta la historia: "asno con garras".

Rubén intensifica su labor en la Universidad Popular, a la vez que en los textos de Marx y Lenin va documentándose del más idóneo instrumento dialéctico revolucionario conocido. Su vida ya está de lleno en el torbellino de la lucha y a la vez que la tiranía machadiana arrecia su represión, Rubén va teniendo menos reposo y su cuerpo, ya enfermo, se resiente por día.

Ingresado en la Quinta de Dependientes sufrió la persecución desatada contra los elementos de izquierda y la clausura de la Universidad Popular a la que había dado sus mejores esfuerzos. Ya la oligarquía preparaba

la "legalización" del continuismo con la prórroga de poderes al tirano. Cuando meses después abandona su lecho de enfermo, Rubén ingresa en el Partido Comunista para luchar con las masas en el noble deber de cambiar aquel mundo de hambre, miseria, explotación e injusticia. Pasa a la clandestinidad en preparación de la huelga de 20 de marzo de 1930, que hizo tambalear al régimen oprobioso. Y en vísperas de la misma, con 39 grados de fiebre y una palidez mortal en el rostro, pronuncia su memorable discurso ante las masas encarnadas en el Centro Obrero de La Habana.

Gravemente enfermo, sus compañeros deciden enviarlo a la Unión Soviética para internarse en un sanatorio del Cáucaso. Allí permanece entre alternativas de recaídas y mejorías, estudiando el sistema en la cuna del socialismo. En mayo de 1933 regresa a La Habana, cuando está en plena efervescencia la lucha contra Machado. La huelga de agosto tiene por héroe y conductor indiscutible a Rubén Martínez Villena, quien perseguido de cerca, febril y a ratos moribundo, dirigió con mente maestra y voluntad de acero el grandioso movimiento.

Todavía le quedarían fuerzas a Rubén para decir sus últimas palabras a las masas, desde el balcón de la Liga Antimperialista, ante las cenizas de su gran compañero Mella traídas desde México; y más tarde para echar las bases del trabajo organizado del Cuarto Congreso Obrero de Unidad Sindical. Días después ingresó en el Sanatorio "La Esperanza", esta vez para salir cadáver el 16 de enero de 1934.

La Lucha de los Pueblos por su Independencia

BRUNEI

Un nuevo frente contra el colonialismo ha sido abierto al norte de Borneo.

El 8 de diciembre se produjo un levantamiento armado en la parte septentrional de la isla de Borneo, en las regiones correspondientes a los protectorados ingleses de Borneo del Norte, Brunei y Sarawak. Las primeras informaciones daban cuenta de que una fuerza rebeldé integrada por más de 20 mil nativos se apoderó de los puestos militares en un esfuerzo por derrocar el gobierno de Borneo.

Datos geográficos

La isla de Borneo, es considerada la cuarta del globo, después de Australia, Groenlandia y Nueva Guinea. Su extensión es de 740 mil 768 kilómetros cuadrados y unos

tres millones de habitantes. La mayor parte de la isla, unos 551,400 kilómetros cuadrados, pertenece a Holanda. El resto ha estado bajo la dominación inglesa desde 1888. Inglaterra ejerce "protectorado" sobre los sultanatos de Brunei y Sarawak, y soberanía sobre Borneo Septentrional o Borneo del Norte.

La isla fue descubierta por marinos a los órdenes de Magallanes en 1513. Sus límites son: las Filipinas al Noroeste; Java, al Sur; Sumatra y la península de Malaca al Oeste; y las islas Célebes al Este.

Historia

Después del descubrimiento los portugueses fundaron el primer establecimiento europeo en el año 1526, y desde 1598 comenzaron a llegar a la isla los holandeses que mantuvieron largas luchas contra ingleses y españoles por el dominio total de Borneo, durante los siglos XVII y XVIII.

A fines del siglo pasado ingleses y holandeses se habían repartido el territorio. Durante la Segunda Guerra Mundial los japoneses tuvieron ocupada la isla desde 1942 a 1945.

El control de Inglaterra

La colonia inglesa de Brunei está situada al noroeste. Tiene 5 mil 765 kilómetros cuadrados y 30 mil 135 habitantes. La capital es la ciudad de Brunei, con 12 mil habitantes, en la que radica el gobierno constituido por un sultánato, pero que ejerce un residente inglés desde el año 1926.

En Brunei están concentrados los principales centros petrolíferos, controlados por el consorcio de la "Shell".

Borneo del Norte tiene 66 mil 45 kilómetros cuadrados y 270 mil habitantes. Su capital es Sandakan. De ella dependen las islas de Balemangan, Jembongan y Malawali.

Sarawak se extiende por la parte noroeste, al sur de Brunei. Tiene 121 mil 730 kilómetros cuadrados y 546 mil 331 habitantes. Posee ricos yacimientos petrolíferos. Su capital es Kuching. Hasta 1841 fue dominio del sultán de Brunei. En ese año llegó a Brunei el aventurero inglés James Brooke, quien se puso de acuerdo

con el sultán para "pacificar" el territorio de Sarawak a cambio de su dominio. Brooke se convirtió así en el "raja blanco" de Sarawak, título que siguieron llevando sus herederos. En 1946 el llamado "raja blanco" ofreció ceder sus derechos a Gran Bretaña a cambio de una renta anual, lo que fue aceptado.

La riqueza de Borneo

Borneo está situada en plena zona equatorial, disfruta de un clima cálido todo el año y posee tierras extraordinariamente férreas, además de una riqueza mineral verdaderamente fabulosa. Los tres protectorados ingleses, en los que se produjeron la insurrección del 8 de diciembre, tienen una producción petrolera que es considerada la segunda en importancia de la comunidad británica, después de Canadá.

Las minas de oro, cobre, hierro, manganeso y estaño, constituyen un filón codiciado por los monopolios, al igual que sus productos agrarios en los que se cuentan el sagú (harina alimenticia obtenida de una variedad de palma), arroz, algodón, caña de azúcar, maderas, caucho, copra y tabaco. Además del petróleo es notable su producción de hulla y la rica pesquería de perlas.

La industria, no obstante, es nula. Se limita a la construcción de bares y la fabricación de algunos objetos de plata y latón.

Su población, indígena, compuesta de "dayaks", malayos y "bugis", está en su casi totalidad al margen de la civilización y sometidos a la ferrea explotación de los capitalistas europeos, principalmente holandeses e ingleses.

La insurrección.

Según las informaciones más dignas de crédito, el levantamiento armado del pasado día 8 de diciembre, fue inspirado y organizado por el Partido Popular de Brunei, compuesto esencialmente por los obreros de los campos petroleros a quienes explota el consorcio británico de la "Shell". El diario checo "Rude Pravé" señaló que el Partido Popular es la organización política más progresista en todo el territorio del Borneo británico.

Los primeros partes de la lucha indicaban que la rebeldía se había extendido por todo el territorio en los tres protectorados, haciéndose más intensa en las

zonas petroleras de Brunei —Seria y Kuala Belait—, mientras en Borneo del Norte las fuerzas del ejército nacional se sublevaron contra el dominio inglés. Tanto Inglaterra como la Federación Malaya han movilizado fuertes contingentes para realizar operaciones de "limpieza" contra los insurgentes. En los días posteriores al alzamiento, barcos, aviones y tropas, procedentes principalmente de la base inglesa de Singapur, han venido desatando una ola de bárbara represión para liquidar a los patriotas; y aunque el mando inglés ha declarado reiteradamente que las zonas conflictivas están bajo total control, se ha señalado la importancia que en la lucha guerrillera tiene el terreno abrupto y selvático que priva al norte de Borneo.

La posición de Azhari

El líder del Partido Popular, Azhari, que es su principal dirigente y que vive en Filipinas, declaró en principio que el movimiento perseguía establecer un Estado formado por los tres protectorados ingleses y de hecho, se proclamó jefe de gobierno. Azhari es pues un jefe de un futuro Estado en el exilio que ha "anexado" con ponerse directamente al frente de los aguerridos combatientes; pero que permanece en Manila al amparo del gobierno filipino, declarando, además, que se propone afiliar el país a la Mancomunidad Británica de Naciones, establecer relaciones con Filipinas (país bajo control norteamericano) y no tocar la propiedad privada o los intereses particulares en el nuevo Estado.

Todo esto hace suponer que Azhari aspira sólo a ser un títere de los monopolios norteamericanos que a través de él pretenden sustituir a los monopolios ingleses en el control de la riqueza de Borneo.

No obstante los planes de Azhari y del imperialismo norteamericano, el hecho de que los que se han levantado sean los trabajadores petroleros que en buena parte están armados sólo con cuchillos y lanzas de bambú, pone de manifiesto que se trata de otro episodio de la lucha de liberación de los pueblos coloniales, y que sus objetivos de liberación han de sacudirse las cadenas de la explotación colonial e imperialista, por encima de los propósitos entreguistas de su titulado líder.

El pensamiento de Marx-Engels-Lenin

Sobre la Guerra de Guerrillas

(Fragmento)

*Tomado del libro de V. I. Lenin
"Marx, Engels y el Marxismo",
editado por Ediciones en
Lenguas Extranjeras, Moscú, 1916.*

El fenómeno que nos interesa es la lucha *Armada*. Sostienen esta lucha individuos aislados y pequeños grupos. Unos pertenecen a las organizaciones revolucionarias, otros (la mayor parte en ciertos puntos de Rusia) no pertenecen a ninguna organización revolucionaria. La lucha armada persigue dos fines diferentes, que es preciso distinguir rigurosamente: en primer lugar, esta lucha se propone la ejecución de personas aisladas, de los jefes y subalternos de la policía y del ejército; en segundo lugar, la confiscación de fondos pertenecientes al gobierno y a particulares. Parte de las sumas confiscadas va al partido, parte está consa-

grada especialmente al armamento y a la preparación de la insurrección, parte a la manutención de los que sostienen la lucha que caracterizamos. Las grandes expropiaciones (la del Cáucaso, de más de 200.000 rublos; la de Moscú, de 875.000 rublos) estaban destinadas precisamente a los partidos revolucionarios ante todo; las pequeñas expropiaciones sirven en primer lugar, e incluso a veces enteramente, al sostenimiento de los "expropiadore". Esta forma de lucha ha tomado un amplio desarrollo y extensión, indudablemente, tan sólo en 1906, es decir, después de la insurrección de diciembre. La agudización de la crisis política hasta llegar a la lucha armada y, sobre todo, la agravación de la miseria, del hambre y del paro en las aldeas y en las ciudades han desempeñado un importante papel entre las causas que han originado la lucha de que tratamos. El mundo de los vagabundos, el "lumpen-proletari" y los grupos anarquistas han adoptado esta forma de lucha como la forma principal y hasta exclusiva de lucha social. Como forma de lucha empleada en "respuesta" por la autocracia, hay que considerar: el estado de guerra, la movilización de nuevas tropas, los programas de las "Centurias negras" (Siedice) y los consejos de guerra sumarísimos.

El juicio que se emite habitualmente sobre la lucha en cuestión, se reduce a lo siguiente: esto es anarquismo, es blanquismo, es el antiguo terrorismo, son actos de individuos aislados de la masa que desmoralizan a los obreros, que apartan de ellos a los amplios círculos de la población, que desorganizan el movimiento, que perjudican a la revolución. En los hechos comunicados todos los días por los periódicos se encuentran, sin dificultad, ejemplos para confirmar este juicio.

Pero ¿son convincentes estos ejemplos? Para comprobarlo tomemos la región en que esta forma de lucha está más desarrollada: el país letón. He aquí en qué

terminos se laúnta "Nóvoe Vremia" ("Tiempos Nuevos"), del 21 y del 25 de septiembre, de la actividad de la socialdemocracia letón. El Partido Obrero Socialdemócrata letón (sección del Partido Obrero Socialdemócrata de Rusia) publica regularmente su periódico, con una tirada de 30,000 ejemplares; en la sección oficial aparecen listas de confidentes cuya supresión constituye un deber para cada hombre honrado; los que ayudan a la policía son declarados "enemigos de la revolución" y deben ser ejecutados, respondiendo además con sus bienes; se ordena a la población no dar dinero para el Partido Socialdemócrata más que contra recibo sellado; en el último informe del Partido figuran, entre los 43,000 rublos de ingreso del año, 5,600 rublos de la sección de Libava destinados a la compra de armas y procurados mediante expropiaciones, "Nóvoe Vremia" fulmina, naturalmente, contra esta "legislación revolucionaria", contra este "gobierno terrible".

Nadie se atreverá a calificar de anarquismo, de blanquismo, de terrorismo, estas acciones de los socialdemócratas letones. Pero, ¿por qué? Porque en este caso es evidente la relación entre esta nueva forma de lucha y la insurrección que ha tenido lugar en diciembre y que madura de nuevo. En lo que concierne a toda Rusia, esta relación no es tan evidente, pero existe. La propagación de la lucha de "guerrillas" precisamente después de diciembre, en relación con la agravación de la crisis no sólo económica, sino también política, son innegables. El viejo terrorismo ruso era obra del intelectual conspirador; ahora, quien sostiene la lucha de guerrillas es, por regla general, el obrero combatiente o simplemente el obrero sin trabajo. Las expresiones de blanquismo y de anarquismo se les ocurren fácilmente a gentes que gustan de los clichés, pero en la atmósfera de insurrección, que de un modo tan evidente existe en el país letón, es indudable que estas etiquetas aprendidas de memoria no tienen ningún valor.

El ejemplo de los letones pone de relieve la falsedad completa, el carácter anticientífico y antihistórico del análisis que, con tanta frecuencia, se hace entre nosotros de la guerra de guerrillas, sin establecer relación alguna entre ella y la situación insurreccional. Hay que tener en cuenta esta atmósfera insurreccional, reflexionar sobre las particularidades del periodo transitorio entre los grandes actos de la insurrección, comprender qué formas de lucha surgen necesariamente como consecuencia de ello y no resolver la cuestión con un surtido de palabras aprendidas de una vez para siempre y empleadas lo mismo por los "kadetes" que por "Nóvoe Vremia": anarquía, pillaje y vagabundeo!

Las operaciones de guerrillas, se dice, desorganizan nuestro trabajo. Apliquemos este razonamiento a la situación creada después de diciembre de 1905, a la época de los programas de las "Centurias negras" y de las declaraciones de estado de guerra. ¿Qué es lo que desorganiza más el movimiento en dicha época: la falta de resistencia o bien la lucha organizada de los guerrilleros? Comparad la Rusia Central con sus confines del Oeste, con Polonia y el país letón. La lucha de guerrillas ha adquirido indudablemente mucha más difusión y desarrollo en esos confines occidentales. Y es no menos inacegable que el movimiento revolucionario en general y el movimiento socialdemócrata en particular, estén más desorganizados en la Rusia Central que en las regiones del Oeste. Evidentemente, ni siquiera se nos ocurre la idea de deducir que si los movimientos socialdemócratas polaco y letón están menos desorganizados es gracias a la guerra de guerrillas. No. La única conclusión que se desprende de ello es que la guerra de guerrillas no entra para nada en la desorganización del movimiento obrero socialdemócrata en la Rusia de 1906.

Se invocan frecuentemente las particularidades de las condiciones nacionales, lo cual revela manifiestamente la debilidad de la argumentación corriente. Si se trata

de las condiciones nacionales, es que no se trata de anarquismo, de blanquismo, de terrorismo —pecados comunes a toda Rusia e incluso específicamente rusos—, sino de algo diferente. ¡Analizad esto algo diferente de un modo concreto, señores! Veréis entonces que la opresión o el antagonismo nacionales no explican nada, pues siempre han existido en los confines occidentales, mientras que la lucha de guerrillas sólo ha sido engendrada por el periodo histórico actual. Hay muchas regiones en que existen la opresión y el antagonismo nacionales, pero no la lucha de guerrillas, que se desarrolla a veces sin que se dé la opresión nacional. Un análisis concreto de la cuestión probará que no es del yugo nacional de lo que se trata, sino de las condiciones de la insurrección. La lucha de guerrillas es una forma inevitable de lucha en un momento en que el movimiento de masas ha llegado ya realmente a la insurrección y en que se producen intervalos más o menos considerables entre "grandes batallas" de la guerra civil.

No son las acciones de guerrillas las que desorganizan el movimiento, sino la debilidad del Partido, que no sabe *tomarse en sus manos* la dirección de dichas acciones. He aquí por qué los anatemas habituales entre nosotros los rusos contra las acciones de guerrillas, coinciden con acciones de guerrillas clandestinas,偶然的, no organizadas, que realmente desorganizan el Partido. Incapaces de comprender las condiciones históricas que engendran esta lucha, somos igualmente incapaces de contrarrestar los aspectos negativos de la misma. La lucha no por eso deja de continuarse, pues la provocan potentes factores económicos y políticos. No tenemos fuerza para suprimir estos factores ni esta lucha. Nuestras quejas contra la lucha de guerrillas son quejas contra la debilidad de nuestro Partido en materia de insurrección.

Lo que hemos dicho de la desorganización corresponde igualmente a la desmoralización. No es la guerra de guerrillas lo que desmoraliza, sino el carácter *inorganizado*, desordenado, sin partido de las acciones de guerrillas. Las condenaciones y las imprecaciones con que se abruma a las acciones de guerrillas no nos evitan, ni mucho menos, esta *innegable* desmoralización, pues estas condenaciones e imprecaciones son absolutamente impotentes para detener un fenómeno provocado por causas económicas y políticas profundas. Se nos objatará que si somos incapaces de detener un fenómeno anormal y desmoralizador, esto *no es una razón* para que el Partido adopte procedimientos de lucha anormales y desmoralizadores. Pero tal objeción sería puramente liberal-burguesa y no marxista, pues un marxista no puede considerar en general anormales y desmoralizadoras la guerra civil o la guerra de guerrillas, como una de sus formas. El marxista se coloca en el terreno de la lucha de clases y no en el de la paz social. En ciertas épocas de crisis económicas y políticas agudas, la lucha de clases, al desenvolverse, se transforma en guerra civil abierta, es decir, en lucha armada entre dos partes del pueblo. En tales períodos, el marxista está obligado a colocarse en el terreno de la guerra civil. Toda condenación moral de ésta es completamente inadmisible desde el punto de vista del marxismo. En una época de guerra civil, el partido ideal del proletariado es un *Partido de combate*. Esto es absolutamente incontrovertible. Admitimos perfectamente que desde el punto de vista de la guerra civil se puede demostrar, y se demuestra en efecto, la *inconveniencia* de unas u otras formas de guerra civil en uno u otro momento. Admitimos plenamente la crítica de las diversas formas de guerra civil desde el punto de vista de la *conveniencia militar* y estamos incondicionalmente de acuerdo en que, en esta cuestión, el voto decisivo corresponde a los militantes activos socialdemócratas de cada localidad. Pero, en nombre de los principios del marxis-

mo, exigimos absolutamente que nadie intente sustraerse al análisis de las condiciones de la guerra civil por medio de lugares comunes sobre el anarquismo, el blanquismo y el terrorismo; que no se haga de los procedimientos insensatos empleados en la guerra de guerrillas en un cierto momento por cierta organización del Partido Socialista polaco, un espantajo en la cuestión de la participación de la socialdemocracia en la guerra de guerrillas en general.

Hay que acoger con espíritu crítico los argumentos relativos a la desorganización del movimiento a causa de la guerra de guerrillas. Toda forma nueva de lucha, que trae aparejada consigo nuevos peligros y nuevos sacrificios, "desorganiza", indefectiblemente, las organizaciones no preparadas para esta nueva forma de lucha. El paso a la agitación desorganizó nuestros antiguos círculos de propagandistas. Más tarde, el paso a las manifestaciones desorganizó nuestros comités. En toda guerra, cualquier operación lleva un cierto desorden a las filas de los combatientes. De esto no puede deducirse que no hay que combatir. De esto es preciso deducir que hay que aprender a combatir. Y nada más.

Cuando veo a socialdemócratas que declaran con soberbia y suficiencia: nosotros no somos anarquistas, ni ladrones, ni bandidos; estamos por encima de todo eso, rechazamos la guerra de guerrillas, me pregunto: ¿comprenden esas gentes lo que dicen? En todo el país hay encuentros armados y refriegas entre el gobierno archirreaccionario y la población. Es un fenómeno absolutamente inevitable en la fase actual de desarrollo de la revolución. Espontáneamente, sin organización —y, precisamente por eso, en formas a menudo poco afortunadas y malas—, la población reacciona mediante colisiones y ataques armados. Estoy de acuerdo en que a causa de la debilidad o de la falta de preparación de nuestra organización, podemos renunciar, en una

localidad y en un momento dado, a colocar esta lucha espontánea bajo la dirección del Partido. Estoy de acuerdo en que esta cuestión debe ser resuelta por los militantes locales activos, que la transformación de organizaciones débiles y poco preparadas no es cosa fácil. Pero cuando veo a un teórico o a un publicista de la socialdemocracia que, en lugar de estar apenado por esta falta de preparación, repite con orgullosa suficiencia y entusiasmo naziista las frases aprendidas en su primera juventud sobre el anarquismo, el blanquismo y el terrorismo, me causa una gran pena el ver rebajar así la doctrina más revolucionaria del mundo.

En el Frente de la Producción

La III Zafra del Pueblo

El pasado 10 de enero se inició la Tercera Zafra del Pueblo. Después de la movilización de nuestro pueblo frente a la amenaza de agresión imperialista, se han tenido las fuerzas para cumplir de nuevo con la ingente tarea que derriba la economía nacional. El alerta de combate lanzado por el Comandante Guevara para vencer en este importantísimo frente de la producción, situó al centro de los objetivos inmediatos del pueblo, el corte y alza de toda la caña disponible en el tiempo prescrito para terminar la zafra.

El día 4 se iniciaron reuniones provinciales con la participación de la Comisión Nacional de la Zafra, las ORI y las Comisiones de las provincias de Las Villas,

Camagüey y Oriente, dando los toques necesarios de organización entre todos los factores que intervienen en la producción azucarera, y poniendo especial énfasis en el transporte, los abastecimientos y las piezas de repuesto. La CTC-R hizo un llamamiento para moler toda la caña y junto con los 25 Sindicatos Nacionales,

anunció el aporte de 50 mil macheteros voluntarios permanentes. En Plenaria Nacional efectuada el 8 de enero se trató sobre el trabajo organizativo de los batallones. En Oriente, los "Batallones Rojos", integrados por macheteros experimentados, lograban desde los primeros días de la zafra notables promedios de corte y alza.

El salario de cortadores habituales.

El Ministerio de Trabajo, por medio de su Resolución No. 1, fijó el salario de los cortadores de caña, estableciendo tres escalas según el promedio de corte de cada uno: \$1.93 por 100 arrobas, a quienes promedien menos de 120 arrobas; \$2.20 por 100 arrobas a quienes promedien entre 120 y 150 arrobas; y \$2.30 por 100 arrobas a quienes promedien más de 150 arrobas diarias.

La molienda hasta el 18 de enero

Los datos de la molienda en toneladas métricas hasta el 18 de enero son los siguientes:

PINAR DEL RÍO

HABANA

1 ingenio moliendo 0 % de norma 3,208 TM.

MATANZAS

0 ingenio moliendo 0 % de norma 0 TM.

LAS VILLAS

La mecanización

El INRA informó recientemente que se continúa la urgente terminación de las mil máquinas cortadoras, de las cuales las primeras están rendiendo trabajo en la región camagüeyana. El Presidente del organismo,

Dr. Carlos Rafael Rodríguez, confirmó la decisión del Gobierno Revolucionario de acelerar la construcción de 500 alzadoras, de las que serán entregadas setenta próximamente.

Cañas nuevas

En la reunión mensual de la Comisión Nacional Azucarera, efectuada el pasado día 18, se rindió el informe final de las siembras de cañas nuevas realizadas en 1962, que alcanzaron un total de 12 mil 986 caballerías, equivalente al 83.4 por ciento de la meta de 15 mil 580. La única provincia que superó su compromiso fue Oriente, con una siembra de 4,500 caballerías, el 2.3 por ciento más que la extensión fijada, con La Habana en segundo lugar con un cumplimiento del 96.4 por ciento de la meta fijada.

El bosque de la amistad.

Delegados extranjeros que concurrieron a los actos del Cuarto Aniversario de la Revolución Cubana, procedentes de 61 países, plantaron 2000 árboles en el Bosque de la Amistad "Alvaro Barba".

POSESIONES COLONIALES EN ARABIA

Adén. Posesión de Gran Bretaña desde 1839, compuesta por una colonia (la ciudad de Adén, las islas Kouria-Mouria, Perim, Kamaran) y dos protectorados: el del Este (Hadramaout, la isla Socotra y otros principados) y el del Oeste (los sultanatos-principados árabes). El territorio de la colonia es de 291 kms. cuadrados y el de los protectorados de 239.400 kms. cuadrados. La colonia contaba en 1960 con 155.000 habitantes, los protectorados con 650.000. La capital es la ciudad de Adén (32.500 habitantes).

Las principales actividades económicas son la extracción de sal, la pesca, la cría de ganado, la agricultura (se cultivan el maíz, el café, el algodón y frutas), el refinado del petróleo y los trabajos en el puerto. La tierra, propiedad de los señores feudales y de la aristocracia tribal, es trabajada mayormente por colonos.

La colonia es administrada por un gobernador inglés, auxiliado del Consejo Legislativo. La administración en los protectorados está a cargo de los residentes ingleses. Los principados árabes son formalmente gobernados por los jefes de tribus.

En 1959, Gran Bretaña creó la Federación de Emiratos árabes del Sur, en la que se incluyó a numerosos principados del Oeste.

En el territorio de Adén se encuentran importantes bases militares británicas aéreas y navales.

Bahrein. Principado en las islas Bahrein del Golfo Persa, que se encuentra desde 1861 bajo el protectorado de Gran Bretaña. La Arabia Saudita e Irán, que las consideran como parte de su territorio, aspiran a poseer las islas Bahrein. La superficie de Bahrein es de 589 kms. cuadrados. Cuenta con 143.000 habitantes, principalmente árabes y también iranios, indios, africanos y europeos. La capital y puerto principal de Bahrein es la ciudad de Manama (62.000 habitantes).

Las islas Bahrein son ricas en petróleo (las reservas se elevan a 33.000.000 de toneladas; en 1960 se extrajeron 2.200.000 toneladas). Las explotaciones petroleras y

una refinería con una capacidad de más de 10.000,000 de toneladas anuales, pertenecen a la compañía americana "Bahrein Petroleum". Se cultivan datileros y cítricos, viñas, etc. En la región de las islas Bahrein se encuentran bancos de madreperlas de fama mundial.

A raíz del tratado de 1934 concluido con Inglaterra, el poder supremo pasó formalmente al jeque de Bahrein. De hecho es el residente político inglés el que gobierna.

En 1959 se formó un Frente de Liberación Nacional que se pronunció por la independencia y por una colaboración más estrecha con los países árabes.

En su territorio se encuentran bases militares aéreas y navales inglesas y una base naval americana.

Qatar. Protectorado británico en la costa del Golfo Persa. Su territorio es de 22,000 kms. cuadrados. Cuenta con 45,000 habitantes. El centro administrativo es la ciudad de Doha (Bida), con cerca de 20,000 habitantes.

El subsuelo de Qatar es rico en petróleo (las reservas llegan a 350.000,000 toneladas). En 1961 se extrajeron más de 8.000,000 toneladas. La extracción del petróleo es controlada por la compañía anglo-franco-americana "Qatar Petroleum". Todo el petróleo bruto es exportado al extranjero. La agricultura está muy poco desarrollada (horticultura y cría de ganado). Se dedican a la pesca de perlas.

Qatar es un principado encabezado por el jeque cuyo poder es formalmente ilimitado, pero en realidad es el residente político inglés el que lo decide todo.

Kuwait. Principado situado al noroeste de Arabia, bajo el protectorado de Gran Bretaña desde 1899. El 19 de junio de 1961, presionada por el movimiento de liberación nacional del Cercano Oriente, Inglaterra se vio obligada a otorgar a Kuwait la independencia formal. Sin embargo, hizo ocupar el territorio del principado por sus tropas pocos días después de la proclamación de la independencia.

El territorio de Kuwait es de 15,500 kms. cuadrados. Cuenta con 219,000 habitantes. La capital es la ciudad de El-Kuwait (120,000 habitantes).

Por sus grandes reservas de petróleo (8,500 millones de toneladas) Kuwait ocupa el primer lugar del mundo, y en extracción (82 millones de toneladas en 1961) el tercer lugar entre los países capitalistas (después de Estados Unidos y de Venezuela). La mayor parte del petróleo es extraído por la compañía anglo-americana "Kuwait Oil Company". Las ganancias netas de las compañías petroleras alcanzaron, en 1958, y de acuerdo con cifras que seguramente están por debajo de la realidad, cerca de \$248.000,000 de dólares.

La industria local es limitada, en principio, a las empresas que se dedican a la explotación del petróleo, a la economía municipal y a la producción de alimentos. La rama principal de la agricultura es la cría de ganado nómada. Casi todos los productos agrícolas son importados del extranjero. La tierra pertenece a los jeques y a los grandes comerciantes. En las regiones del litoral, la población se dedica a la pesca y en particular a la pesca de perlas.

Una base militar aérea inglesa se encuentra en el territorio de Kuwait. El principado es dirigido por el jeque.

Omán. Es un imanato y un sultanato en la parte suroeste de Arabia. Su territorio es de 212,400 kms. cuadrados. Tiene 550.000 habitantes. Cerca del 90% de la población es árabe (50% nómadas). Las principales ciudades son Niswa (capital de Omán) y Mascate (puerto y residencia del sultán).

El feudalismo sigue imperando en el país y se encuentran inclusive restos de patriarcado. La principal ocupación de la población es la agricultura (cultivo esencial: datileros), la cría de ganado nómada (camellos) y la pesca en el litoral. Se han descubierto importantes reservas de petróleo. No hay ferrocarriles. Predominan los caminos caravaneiros.

En el territorio de Omán se encuentra el sultanato de Mascate. En 1951 Gran Bretaña impuso a Mascate un tratado desigual. El poder real del sultanato lo ejerce el residente político inglés.

El imanato de Omán está situado en las regiones interiores del país. Proclamó su independencia en 1913. El jefe del Estado es el imán, gobernador civil y religioso. En 1955, con el apoyo de los ingleses, las tropas del sultán de Mascate invadieron el imanato de Omán y ocuparon Niswa, su capital. La población del imanato ha venido luchando por su liberación nacional. El combate llegó a su punto culminante a mediados de 1957. Las tropas inglesas participaron en el aplastamiento del movimiento de liberación.

Pero el heroico pueblo de Omán no se somete. Prosigue una lucha encarnizada contra los intervencionistas ingleses y contra el sultán de Mascate, su títere.

Refugiándose en las montañas, Djebel Akhdale, los patriotas de Omán atacan constantemente a las tropas enemigas. Las representaciones del imanato de Omán en El Cairo y en Damas han publicado comunicados que dan una idea de las pérdidas considerables que los guerrilleros de Omán infligen a los ocupantes ingleses.

El 4 de diciembre de 1961, el Comité Político ad hoc de la XVI sesión de la Asamblea General de la ONU adoptó una resolución reconociendo el derecho del pueblo de Omán a ser independiente. Demandó la retirada de todas las tropas extranjeras de su territorio. Los Estados Unidos, Inglaterra, Francia y sus aliados votaron contra esta resolución. La lucha del pueblo de Omán por su independencia tiene la simpatía y el apoyo de toda la humanidad progresista.

Trucial Omán. Siete principados árabes de la parte este de Arabia que están bajo el protectorado de Gran Bretaña, forman el Trucial Omán. Su territorio es de 83,600 kms. cuadrados. Cuenta con 86,000 habitantes. La ciudad principal y puerto es Dibai (23,000 habitantes). La principal ocupación de la población es la cría de ganado nómada, la agricultura de oasis (dátiles, cereales), así como la pesca, en particular la pesca de perlas en las regiones litorales. Se han descubierto reservas de petróleo (más de 450.000,000 toneladas).

En el siglo XIX, Gran Bretaña organizó, con el pretexto de luchar contra los piratas, una expedición militar, invadiendo los principados árabes y estableciendo su protectorado. El residente político inglés de las islas Bahrein ejerce el control político. Los principados son dirigidos por los jeques.

Giraldo Mora y Andrés Cazalla

DOS COMPAÑEROS EJEMPLARES

Las condiciones del revolucionario se expresan siempre, necesariamente, en su abnegación, en su dedicación fiel a las tareas arduas y difíciles, tanto como nobles, que la revolución impone a sus combatientes.

El odio de la contrarrevolución y el imperialismo hacia los trabajadores, hacia el pueblo, —por el contrario—, se expresa frecuentemente en la ruindad, en la cobardía de sus crímenes. La sucesión de actos críminales de los contrarrevolucionarios al servicio de la CIA en los últimos días, dan buena prueba de ello.

Giraldo Mora Cantón y Andrés Cazalla-Perera eran, en verdad, dos compañeros ejemplares. De su conducta y de su trabajo revolucionario pueden extraerse ejemplos aleccionadores.

El domingo 13 de enero terminaban de efectuar, juntos, un gran acto con los campesinos de las cercanías de Sabanilla, en un punto de la carretera que conduce a Cabezas, en Matanzas. Cazalla había proyectado películas y documentales revolucionarios a los campesinos. Giraldo les había dado una charla encendida como él acostumbraba, animada a ayudar a que el entusiasmo revolucionario de nuestros campesinos fuera más militante, más consciente aún.

Partían del lugar, avanzada la noche, y encontraron súbitamente la muerte —una muerte brutal— a manos de un grupo de cobardes asesinos contrarrevolucionarios que, escondidos en la carretera, dispararon sorpresivamente sobre los dos compañeros. Sus cuerpos quedaron abatidos —ferozmente ultimados— sobre una siembra recién nacida de maíz, abonándola con su sangre, como un símbolo del amor de los revolucionarios al trabajo creador, y al propio tiempo como expresión del odio de los enemigos del pueblo a todo lo que signifique bienestar para los trabajadores, liberación y progreso.

Giraldo Mora Cantón —de 35 años— era un joven revolucionario que desde temprana edad participaba con sus hermanos en las tareas revolucionarias del mo-

vimiento obrero en San Juan y Martínez. Por aquél entonces cultivaba la tierra. Mayor de edad, vino a la ciudad, se dedicó a la albañilería y pisó a militar activamente en la Juventud Socialista. Más tarde se hizo gastronómico —sin abandonar sus actividades revolucionarias— y finalmente, tras el triunfo de la Revolución, cursó una escuela de instrucción y pasó a desempeñar la tarea de orientador revolucionario.

Andrés Cazalla Perera, de 26 años, era lo que se llama un obrero ejemplar. Natural de Sabanilla —de la misma tierra en que cayó— también de pequeño trabajó como obrero agrícola. Ya hombre, comenzó en la ciudad a trabajar como chofer en una tintorería. Las inclemencias de la vida difícil, del trabajo asalariado, fueron formando su espíritu. Más tarde la Revolución y las experiencias de todo nuestro pueblo conformarían finalmente su conciencia. Miliciano entre los primeros pasó a integrar un batallón y con éste participó en las acciones del Escambray y en las reservas que fueron a Playa Girón. En el trabajo que últimamente desempeñaba sentía de cerca la obra de la Revolución, dialogaba con los trabajadores, participaba en la labor de llevarles las ideas revolucionarias. Con sus compañeros tuvo siempre una actitud ejemplar.

La franqueza, el entusiasmo y la jovialidad permanente de Giraldo Mora —“Nikita” para sus compañeros— y la seriedad, el compañerismo y la sencillez de Andrés Cazalla, estarán siempre unidas en el recuerdo de los que los conocieron, a la idea de dos compañeros que supieron ser ejemplo de revolucionarios por el tesón, la firmeza y la fe en el triunfo definitivo de nuestro pueblo que demostraron siempre en su trabajo con nosotros.

El crimen no quedará impune. La Revolución castigará a sus asesinos. Y el ejemplo de los que cayeron, como el de todos nuestros hermanos caídos, fortalecerá aún más nuestra decisión inquebrantable de dar hasta nuestro último aliento y nuestra última gota de sangre por la causa de la independencia y del socialismo.

MEMORANDUM FOR THE RECORD

SUBJECT: LITAMIL-9, Report of TDY, Andrew S. Parmers

1. During 21-26 February 1963, Andrew S. PARMERS travelled from Headquarters to Mexico City on TDY to train LITAMIL-9 on various clandestine, operational, techniques, including SW. Upon arrival in Mexico City PARMERS ascertained that LITAMIL-9 allegedly because of moral inhibitions, was unwilling to receive training and also unwilling to accept the SW systems Headquarters had issued for him, and which PARMERS had carried to Mexico City. Nevertheless, PARMERS met LITAMIL-9 three times to determine the agents precise objections and to overcome them if possible. Although the agents general resistance was not overcome, PARMERS did review with LITAMIL-9 clandestine methods and techniques in a general way.

2. The first meeting was held at the Station case officers home, with the Case Officer present. LITAMIL-9 explained his reasons for refusing to be trained and for not being willing to communicate in SW with KUBARK while in Cuba. Generally LITAMIL-9 claimed that he is very nervous, and incapable of performing clandestine tasks without having a nervous breakdown and at the same time getting himself caught in the act because of his general incompetency. Also, LITAMIL-9 was planning to stay at his brothers home in Cuba, and felt it would be unethical and immoral for him to be communicating clandestinely with KUBARK while accepting the hospitality of his brother and sister-in-law who are staunch supporters of the Castro regime. These arguments obviously had already been presented to the Case Officer who had already concluded that LITAMIL-9 could not be moved from his position. The agent furthermore, felt that there was no need for training or SW since he would be returning to Mexico after only three months in Cuba. He displayed a cable he had just received from his father answering LITAMIL-9's query as to what might be his next assignment. The cable stated that LITAMIL-9 would most likely return to his present post in Mexico. The agent therefore felt that upon his return to Mexico City, he could be debriefed by his Case Officer. LITAMIL-9 rejected all attempts to convince him of our need for current info from inside Cuba. He was adamant when we pointed out that he might not return to Mexico City as hoped, but might have to remain in Cuba, having no means of contact. If this happens he plans to resign his position and return to Mexico as a private citizen, since he already is a registered "resident" of Mexico.

3. On Friday, 24 February, PARMERS spent most of the day visiting alone with LITAMIL-9 at the latter's apartment. By the end of the day LITAMIL-9 had softened a little and had revealed some of the personality traits mentioned below. LITAMIL-9 also agreed to communicate with his Case Officer through open code in letters to his brother in Mexico City. He also was willing to meet inside KUBARK, preferably if the contact was a diplomat but not Cuban. He agreed to take a set of cuff links as bona fides. As a suggestion, he mentioned that his friend, The Swiss Ambassador, now serving in Madrid, Spain, would be an ideal contact. In revealing how such a contact could be performed and in discussing LITAMIL-9 modus vivendi in Cuba, there was considerable discussion concerning operational Security and clandestine procedures LITAMIL-9 can apply while in Cuba.

4. LITAMIL-9 during this meeting also presented, in logical sequence, his reasons for believing that he will return to Mexico City. Basically, he feels that between the fact that he has many contacts in Mexico City (where he has lived and worked for many years) and the fact that his sister-in-law in Cuba has a responsible position with considerable influence in the Castro Government, he, LITAMIL-9, will be re-assigned to his present post in Mexico City after three months of leave, consultations, and training in Cuba.

5. The third meeting occurred in the evening of 25 February, in a car pick up situation, with the Case Officer present. This time, LITAMIL-9 was less willing to communicate with KUBARK while in Cuba than he had been during the previous meeting, but with some reluctance, agreed to the use of open code and to be contacted by some diplomat. This meeting, therefore, was a routine operational meeting, with his Case Officer in charge.

6. Based upon their three meetings, PARMERS formed the following opinions of LITAMIL-9: He is a shrewd opportunist, willing to collaborate with KUBARK against the Castro Government, but not to the point where his personal security is endangered. He dislikes the Castro Regime because it has fumbled so badly, and because the current Cuban officials are crude and incompetant. He greatly admires the American people, but definitely feels that we are merely concerned about our own national security and well-being. LITAMIL-9 owes his first loyalty to the fine arts, has little Patriotic feelings towards Cuba, since he has lived in Mexico for so many years, and has declared himself to be a resident of Mexico. He is now serving the Cuban Government simply because he had an opportunity (through his sister-in-law) to achieve official status and income and still remain in Mexico where most of his

SECRET

-3-

personal friends reside.

7. Although at first appearance, and according to his own opinion statements, LITAMIL-9 appears to be extremely nervous because of his clandestine activities in behalf of KUBARK and against Cuba, after some discussion it was apparent that he actually relishes these clandestine actions that he would have engaged in then long before he did, and that he would have continued a covert relationship with KUBARK even after Castro falls, serving either in Mexico (where he has many contacts of interest to KUBARK) or in Cuba in some post in some future government. He has excellent rapport with his present KUBARK case officer. He states that as long as KUBARK remains willing to accept that he has definite personal limitations, (since he can perform only those clandestine tasks related to his cover and cannot be trained or induced to do anything else) he will gladly continue collaborating with KUBARK as long as desired.

8. Actually, PARMERS feels that LITAMIL-9 would do most anything we would desire if KUBARK would someday establish some control over him. His present remarks concerning his moral qualms are artificial. He has great appreciation for shrewdness and double play, and openly admits having engaged in it all his life. On many occasions he admits that he has accommodated himself to a situation for profit or because he knew that he could turn the tables eventually on his adversaries. When he is off-guard he admits to being a cool operator who can scheme and work behind his adversaries' backs. He shows many signs of enjoying doing what he does for and with his present KUBARK case officer.

9. In summary, although LITAMIL-9 did not accept training or SW in the standard sense, PARMERS believes that the agent's reluctance was based on his desire to take few risks. The agent is competent, his moral inhibitions are probably faked. He is convinced that he will return to Mexico soon, and desires to continue serving KUBARK if no greater risk is involved. Since KUBARK at present has no clear control (monetary or ideological) over LITAMIL-9, it was difficult to impose KUBARK's will over him. But he is very willing to perform for KUBARK within the limitations he sets, and if someday we can satisfy some personal need he might have, he has the potential of becoming a good controlled agent for KUBARK. He is intelligent and by nature he seems to instinctively conduct his clandestine operations in a secure manner.

1. See MEXI cables re AMSTRUT-2, 1tr from "Cocacha" FERNANDEZ and Irish Passport case.
2. Manuel MARQUE Pardinas arrived in Mexico on 8 Feb 63. E-9 queried him re LECHUGA and MARQUE said "tratan ~~me~~ convencer a LECHUGA regrese a Mexico", also represent Cuba at the CNU. As the conversation became interesting, Benigno CASTELLAR called L-9 away from MARQUE and told him help the couriers.
3. Irina TRAPOTE ~~X~~ de XILEEN VALDES, arrived in Mexico on 8 Feb 63. She arrived in Mexico as "inspectora de Consulados". She will probably go to Spain from Mexico re mother's death. L-9 helped Irina through customs and she invited him over to visit her and Victor TRAPOTE.
4. ~~Jorge Rojas~~ ^{JORGE ROJAS} ~~X~~, son of Jorge ROJAS arrived in Mexico on 8 Feb 63. He is going to stay in Mexico about two weeks. He reportedly is on school vacation.
5. Teresa PRONZA is still in Havana, where she expects to spend another two weeks.
6. Dolores DE LAMORA, Mexican, was at the airport waiting for someone connected with Yugoslav film industry. She was very much interested in taking care of him, which she was finally able to do.
7. Celestino RIVERA (husband of Lillian, who came through Mexico several weeks ago) arrived in Mexico from Brazil and left for Havana. He thanked L-9 for his attentions to his wife. (See past memo re Lillian RIVERA)
8. Juan JUANITO ALMELI left Mexico for Havana on 8 Feb 63. He acted ~~as~~ ^{as} his wife ALBERTA Campos.

9. Gerardo SANCHEZ Robert, Cuban Ponsil in Jamaica, left Mexico for Jamaica on 7 Feb 63. Mariano GARCIA Perez, Cuban Consul in Merida, left on the same flight for Jamaica.

10. L-9 said that on 8 Feb 63, Jose Antonio "Nico" GARCIA Lara remarked in front of L-9 and several other dips while at the Commercial Office that Andres ARNONA Ramon (who also there) took two hours to break the messages he received. ARNONA said this was ridiculous to waste so much time on this ~~type~~ type of thing, i.e. receiving encoded msgs re Commercial activities.

11. L-9 provided Hoy, Revolucion, El Mundo and two bulletins from Merida, i.e. Consulate there.

12. L-9 reported that on 8 Feb 63, Dr. Jaime WOOLRICH, Mexican doctor, showed him the letter he was sending to Habana re invitees to Mexical Congress. WOOLRICH gave L-9 a fleeting glance at the letter, put it in an envelope and sealed it. L-9 was hoping that WOOLRICH would leave quickly so that he could reopen the letter easily but he remained until the glue dried. Nevertheless, L-9 went to his office and opened the letter as best he could and ressealed it. He said it was pretty messy and he was fearful that WOOLRICH, who was scheduled to return would want to see the envelope again. WOOLRICH returned but has another envelope which he asked L-9 to send with the previous one. L-9 copies the names down from the letter as best he could in the short time available. These will be put in report. LISICLE and LICADET were both on the list.

CKS

On 8 FEB 63, Antonio "Nico" GARCIA told L-9 that he was having marital trouble and that's why wife did not come back to Mexico with him.

Memorandum for the CO
Subject: LITAMIL-9

On 8 Nov 62, at 2200, LITAMIL-9 called and a mtg was arranged at same meeting place as previously designated.
NO SECURITY PROBLEMS NOTED.

LITAMIL-9 reported as follows:

1. At about 1430 on 8 Nov 62, L-9 went to the office of Ana Maria BLANCO and discovered that BLANCO, Ramon SINOBAS Co., and Andres ARMONA Ramon, Commercial Counselor. L-9 said that he excused himself for interrupting but SINOBAS told him to stay. L-9 said that ARMONA was very much upset by the problems he was confronting re ship in Veracruz. He was complaining bitterly to SINOBAS that the ship had been in port practically a week and they were not getting anything done. He seemed to be blaming his underlings, i.e. GARCIA, VILLAR etc. ARMONA was definitely discouraged. SINOBAS suggested that he call Raul ROA as ROA is the only one who seems to be able to get anything done here. (NOTE: This is example of how Cuban dips use room of Ana Maria BLANCO to discuss matters of importance.)
2. L-9 said that SINOBAS appears to be taking him into his confidence more and more. OJALA!
3. L-9 reported that he saw one socket in Ana Maria BLANCO's room while he was there. He said that it is in the wall near her desk, about foot off floor and is being used by BLANCO for the electric typewriter. He is not sure but believes that the typewriter/^{cord} is plugged directly into the socket. He will continue to report on this aspect of our work.
4. On 8 Nov 62, L-9 went to visit ^X Agustin AYALA Castan^{ERRE} at the Instituto de Geologia at the U.N.A.M. re AYALA's failure to return some slides (secciones delgadas) he took from Cuba for study in Mexico.

P-6079

L-9 said that AYALA, a young fellow (35), was somewhat disturbed to think that the Cuban Gov't would think him capable of keeping their slides. AYADA said that he finished his contract in Cuba and was going to write several items on geology etc based study slides etc. L-9 said that AYALA told him that the political problem took too much of his time and that he preferred to stay in Mexico, where he is earning 9000 pesos monthly. L-9 got the impression that AYALA was "through" with Cuba although he told L-9 that he has been in Cuba on 22 different occasions. L-9 showed me the letter from Cuba asking him to investigate the AYALA case, AYALA's answer and L-9's own report on his contact with AYALA. L-9 will give me copies at a later mtg.

Subject: LITAMIL-9

On 24 Jan 63, I met LITAMIL-9 at the usual rendezvous point and we drove to darkened area of city to hold meeting. NO SECURITY PROBLEMS NOTED. TIME: 2300G0030.

LITAMIL-9 reported as follows:

1. On the afternoon of 23 Jan 63, another Círculo de Estudios was held at the Cuban Embassy. Again Raron SINOBAS took the floor and continued in the same vein as at the previous session (See MEXI....) SINOBAS said that Imperialism was conscious of the ~~danger~~ ^{danger} in which it was in and would increase its repressive measures. SINOBAS said " it is necessary to struggle for/insurrection in Latin America as the only practical means to gain power." He said it necessary to gain power at any cost (como de lugar) and afterwards educate the masses. He said that it fruitless to try and educate the masses first. Power must first be gained and then educate the masses in ~~the~~ Marxist Leninist teachings. He cited Cuba, as an example of how power must be obtained. SINOBAS said that to enter into peace talks with the Imperialists is equal to Revisionism or Trotskyism. L-9 said that SINOBAS demonstrated a great deal of enthusiasm for what was going on in Venezuela, where Imperialism is unable to control the revolution, also enthusiastic about Hugo BLANCO in Peru although they believe him a Trotskyite; also enthusiastic about JULIAO in Brazil although he is not a Communist. Throughout the afternoon SINOBAS continued his extremely bellicose position. L-9 said that his position was backed strongly by ^{Ramon} Andres ARKONA and Jose XILLAGOSTERA with ~~EX~~HERIBERTO JORRIN the only one who reluctant to support the SINOBAS line. L-9 said that SINOBAS continued to attack JORRIN's ~~position~~ position of the last meeting. (On 24 JAN 63, LITAMIL-9 said that JORRIN had received "recall orders". L-9 described SINOBAS as "vivo", "ningun bobo", "inteligente" "claro" and "sabe donde ...". L-9 said that SINOBAS obviously has received orders from Havana because his position is well defined, clear. L-9 said SINOBAS' own words more or less re his position at this mtg were: "Coger el poder por la fuerza a como de lugar. Una vez al poder se educan a los masas de ...")

- XMM 6986
2. L-9 met Jorge ROJAS Mendoza who told him that he felt it would be quite awhile before Mexican Government gave permission to fly Ilushin planes to Mexico. ROJAS, who was "hot under the collar as usual because of Mexico's position re Ilushins said that the light Britannias would be used to go to Europe, and the Ilushins to make the Havana Mexico "run".
3. L-9 reported that Mauro JIMENEZ Ugalde, Apartado 13659, Admon 45 Z.P. 1, was a protege of Teresa PROENZA and would probably go to Cuba soon. PROENZA ~~REYANIKAK~~ paid for JIMENEZ schooling according to her own statement on 24 Jan 63.
4. On 21 Jan 63, Dolores DE LA MORA, told L-9 that she was going to be given a diplomatic post in the next regime. She brought back a package for Alonso AGUILAR M. from Cuba. L-9 met her at the airport, where Andres HENSTROSA and Renato LEDUC were waiting for her. L-9 hopes to become friendly with DE LA MORA in the coming weeks. He believes she is "medio chiflado".
Zepeda
5. L-9 said that SHELLEY, fmu, a Mexican post, probably of English parents was at that the IMCRC on 23 Jan. L-9 said that a diplomat from the British Embassy was there as was the American "spy", June COBB. On 24 Jan, PRONZA told L-9 that she saw the American "spy" at the Institute, i.e. June COBB.
6. Clara PORCET de GUERRERO left Mexico for Habana on 21 Jan 63. She told L-9 at the airport that she did not think it advisable for her husband, Javier GUERRERO to go to Havana because the abstract painters are dominating the scene and they say that Mexican murals are out of date. ("No crec aconsejable que Javier vaya a Cuba. Los pintores abstraccionistas dominan y dicen que la pintura mural mexicana no tiene vigencia.")
XMM 6986
7. Carlos MARISTANY Sanchez, Cuban Amb in Holland, arrived in Mexico on 21 Jan 63. MARISTANY told SINCRAS and L-9 that all Ambassadors in Europe attended that Ambassadors' mtg in Havana except Harold GRANATGES (check spelling), Cuban Amb in Paris.
8. L-9 said that Antonio "Nico" GARCIA arrived on 21 Jan 63.

Memorandum for the Accoro

Subject: LITAMIL-9

On 3 Feb 63, I met LITAMIL-9 at rendezvous point and we drove to darkened area of the city. NO SECURITY PROBLEMS NOTED.
Time: 1900-2015.

LITAMIL-9 reported as follows:

1. A cable arrived from Havana on 1 Feb 63 stating that the Casa de las Americas could not distribute prizes until Elias NARDINO, Mexican poet, arrived in Habana. Ramon SINOBAS told L-9 to get in touch with NARDINO but he was unable. L-9 told SINOBAS that he told NARDINO to get in touch with the Embassy, i.e. he left a message to that effect. SINOBAS, angry at NARDINO for not having called, told L-9 not to bother with him.
2. Caridad "Cachita" de ROJAS arrived in Mexico on 30 Jan 63 from Habana. She saw Teresa PROENZA but Teresa had not seen Raul RODRIGUEZ of the time "Cachita" left Habana. Cachita did not mention "Conchita" FERNANDEZ, i.e. whether her sister saw her.
3. On ~~XXXX~~ the night of 31 Jan 62, PUIG Abascal, fmu from the ONU arrived in Mexico. He left for Habana on 1 Feb 63. L-9 said he was very close mouthed, did not say anything of interest. He has been in the ONU for more than a year.
4. Two pouches arrived on 1 Feb 63 from Habana and one left Mexico for Habana.
5. L-9 went to the airport on 1 Feb 63 with Benigno CASTELLAR. CASTELLAR, according to L-9, is very "touchy" and could be ~~XXXX~~ easily provoked, particularly at the airport. The Mexican officials nearly stopped him from going on the plane and afterwards when L-9 suggested he give the Mexicans cigars or something to get into their "good graces", CASTELLAR said: "No me interesa ganarme o caerle bien a toda esta gente".
6. L-9 saw Dr. Jaime WOOLRICH again at the Embassy. He is married to Fanny RAPEL, the Mexican painter. WOOLRICH told L-9 that PORTILLA, fmu in Cuba was the person who ~~XXXX~~ arranged for the Mexican doctors to attend the Congress, i.e. through WOOLRICH.
7. L-9 reported that Consuelo ESPERON is very interested in knowing who the doctors are who are going to the Medical Congress. L-9 assumes (and correctly so) that ESPERON wants the names to pass to LITAMIL-3. L-9 told ESPERON that he did not know the names, that he was a messenger and

8. L-9 said that Dr. XICERO, fmu, who ~~would have been unable to~~ attend the Congress when it was scheduled the last part of 1962 is now able to attend and will probably go to Havana in the near future. L-9 received this info from Dr. WODLICH.

9. L-9 commented that several of the ~~the~~ members of the Cuban Embassy staff remarked that the U.S. would be less interested in the Cuban problem with the De Gaulle "fiasco" on their hands.

10. L-9 provided copies of Revolucion, El Mundo, Hoy (1 Feb 63) also copy of Trabajo and booklet (prpp) entitled: La Revolucion Cubana y Los Ninos.

11. L-9 ~~XXXXXXXX~~ IDENTIFIED the following LIERODE photos:

Wife of RAMOS Praslow

Son of Easbbio AZCUE Lopes - "Chevo" AZCUE

* Brazilian - Anxious go to Habana.

* L-9 reported that a Brazilian (name not known) has been around the Embassy about a week trying to get a visa. The Brazilian said that he wants to go to Cuba to get Married. SINOBAS is suspicious of Brazilian and can't understand why he did not get a visa in Brazil. In fact, SINOBAS would not give him a visa if he had his say. AZCUE is handling the case.

12. L-9 said that the person to whom SINOBAS sent telegram re his transfer is:

Ricardo ALARCON de Quesada
Director of the Direccion de Politica
Regional II Dpto. "A"

13. L-9 said he would not call his sister-in-law until 5 Feb 63. He said that if something had arrived re his transfer on 1 Feb he would have excuse to stay another week because he was not informed until 4 Feb 63. ~~XXXXXXXX~~

14. L-9 discussed the visa problem of his brother in law and asked that I do best get him and mother visa and if possible pay for transportation. Both in Havana.

Regresan a Cuba Para no Estar 3 Años en la Cárcel

Cinco salvadoreños que permanecieron algunos días en Cuba, no podrán volver a su país, se pena de pasar de uno a tres años de prisión.

Esto fue lo que ocurrió ayer a dos señoritas y tres hombres de San Salvador, quienes ayer intentaron volver a su patria después de estar unos días en la isla cubana.

Susana Aparicio Gómez, Clara Lechuga, Felipe Gustavo Rubio, José Dímas Salas y Alfredo Acosta Díaz son los salvadoreños a quienes las autoridades de su país cierran las puertas.

Declararon ayer, en el aeropuerto, a donde llegaron en un "Pratania" de Cubana de Aviación, procedentes de La Habana, que el gobierno de su país acaba de dictar una orden en tal sentido y por ella los salvadoreños que visiten Cuba no podrán volver al país a menos que estén dispuestos a aceptar de uno a tres años de prisión.

Debido a la orden anterior, ellos tuvieron que volver a La Habana en el mismo avión que viajaron.

B. WORKING INSIDE WILL ENABLE HIM TO PERFORM
MORE AND MORE VALUABLE WORK IN CAUSE IN WHICH HE BELIEVES.

C. AS FOR HIS REF ODYONE POSITION, WE CAN HARDLY
~~ON MORAL~~
SYMPATHIZE GROUNDS WITH A MAN WHO SEES HIS DUTY AND DOESN'T DO IT.

D. AS FOR "MENTAL AND PHYSICAL CONDITION," WE IN NO
POSITION JUDGE, BUT ANYONE WHO CAN RECOGNIZE HIS WEAKNESSES IN
THESE RESPECTS IS ALREADY WELL ON WAY TO RESOLVING ANY DIFFICULTIES
THEY PRESENT. UNQUESTIONABLY ANY TENSIONS L-9 WOULD FEEL WOULD
BE SELF-GENERATED. WE ARE NOT GIVING HIM TASKS WHICH WOULD RE-
QUIRE MUCH MORE THAN NORMAL BEHAVIOR. BELIEVE HIS MENTAL
ATTITUDE WILL CORRECT ITSELF IF HIS LOGIC ON "MORAL GROUNDS" CAN
BE CLEARED UP.

E. PLS QDP 2-6 INFORMED L-9 RATIONALE TO C/O DIRECTOR.

(END OF MESSAGE)

NO SECURITY PROBLEMS NOTED. 1930-2015

LITAMIL-9 reported as follows:

1. Teresa PROENZA did not go to the lecture by Maria Elena TAMAYO in Cuernavaca as previously reported. PROENZA told L-9 she did not go because she felt it notwise.
2. Teresa PROENZA and Jorge ROJAS Mendoza went to great trouble to bring the nephew of Teresa PROENZA to Mexico recently; for instance they were able to pay for the trip with pesos cubanos. It now turns out that her ~~sister, her husband~~ ^{Jorge PROENZA} and child ~~now, wife and child~~ "took asylum in Mexico". They disappeared from PROENZA's house. The brother of Teresa ~~and his wife left Mexico for Havana on 18 Jan 63.~~ (Caridad PROENZA and Alvaro PROENZA left Mexico via Cubana - LIFIRE B/Doc)
3. On 18 Jan 63, Ramon SINOBAS and L-9 to pick up Antonio "Nico" GARCIA Lara, who was scheduled to arrive. (He did not show up) At the last minute Teresa PROENZA joined them. At the airport, SINOBAS was very unhappy because when he tried to go aboard the plane (Cubana), an official stopped him saying: " Joven, usted no puede pasar." SINOBAS later told L-9 he would be glad to get out of Mexico - Ojala y pronto pueda abandonar este pais! (COMMENT: L-9 said he believes SINOBAS now critical Mexico in front of him to soften blow transfer which expected)

Virginia PROENZA Proenza and her husband Luis

GONZALEZ Garcia with their child, Guido M.

GONZALEZ Proenza arrived in Mexico from Havana
on 28 Dec 62 via Cubana (LIFIRE B/Doc)

HMM

4. Returning from the airport, SINOBAS and PRONEZA discussed Cuban Gov't negotiations with authorities of the Mexican Gov't re the use of Soviet Illushin planes to replace the Britannia planes on the Havana-Mexico run. These ~~XXMME~~ flights would continue as Cubana de Aviacion flights. That is, the Cubans are negotiating for authorization to use Illushins from Havana to Mexico. (COMMENT: L-9 believes that Mario X TORRES Menier who arrived recently may be involved in these negotiations. L-9 recalled that one of the head men at S.C.O.P. (Aeronautico) is an intimate friend of TORRES and possibly this is TORRES contact.

5. L-9, on 18 Jan 63, went to the airport to meet three men arriving on Canadian Pacific from Japan. They were: Rene X ROIRIGUEZ, Cuban diplomat, Jose X DIEGUEZ, Cuban diplomat, and a Jap diplomat. L-9 put them up in the Hotel Compostela. One of the Cuban dips left an aluminum valise at the Cuban Embassy because there were important papers inside, i.e. "material importante". Rolando CONDE Figueroa, Cuban employee at the Embassy drove the car. The three men are ~~XX~~ scheduled to leave Mexico on the next Cubana flight. The Jap has permission to remain in Mexico 5 days.

6. L-9, Rolando CONDE Figueroa, Maricarmen ~~XXX~~ CLIBARRI, Manuel Teresa PROENZA SANCHEZ Ramirez/and a few others people unknown to L-9 were at Eusebio AZCUE's home on 18 Jan 63. SANCHEZ and CLIBARRI with unknown people went to Acapulco. While at AZCUE's prior to the arrival of other guests, AZCUE told L-9 that he had asked Carlos LECHUGA to postpone his vacation (that is return to Cuba) for a couple of months. AZCUE said he had a great deal to do in these coming months and that he planned to return to Cuba "definitivamente" in 6 or 7

months. He said that his children are there and it is logical ~~XXXXXX~~ for him to be with them. L-9 said that he tried several ways to "hit un" a weakness of AZCUE but finds him "patria o muerte". He said that the only thing that seems to bother AZCUE is the "youth" (example- SINOBAS) in the Cuban Government, he cited the case of Andres ARMONA, who is having a hard time with SINOBAS. AZCUE said that he was very unhappy about the circular that SINOBAS sent around re^s visitors at the Emb and at the Consulate etc. AZCUE said that the C_nnsulate is autonomous and I'll have my friends when I want them. ("El Consulado es autonomo y recibo en el mismo a mis amigos y companeros cuando me plazca"). L-9 said that AZCUE was under the weather a bit when he made this remark. AZCUE told L-9 that when he goes to Cuba he will ~~XXX~~ tell Raul ROA that it is fooldash sending "ninos insolentes como diplomaticos". AZCUE also remarked that when I'm in Cuba they won't dominate me; that this is the same as the counter-revolution.

7. Rolando CONDE Figueroa told L-9 that it is necessary to get an Ambassador because SINOBAS "falta madurez.....".

8. AZCUE told L-9 that LECHUGA told him that he could not attend to the O.N.U. and the Embassy in Mexico at the same time. (COMMENT: Another indication that LECHGUA is not returning to Mexico as Amb.)

Proenza, Li-Carmen, de Manolo, Rolando (algunos de ellos mas tarde Acapulco) antes llegada invitados, me dijo Azcue que le pido a Lechuga le gestionara un retraso por dos meses viaje a Cuba de vacaciones. Que Lechuga le dijo no puede atender ONU y Mexico al mismo tiempo. "me iré definitivamente a Cuba en unos 6 o 7 meses, mis hijos estarán allá y es lógico me reúna con ellos"

durante comida nada importante.

Después se fueron los demás y quedó Rolando para ir despu^s aeropuerto

6. While at the Foreign Office, L-9 told KARASIK, that that "El Diario" was a very good newspaper to which KARASIK remarked "Le venezolanos hasta donde yo sepan no tienen."
 7. On 17 January 1968, Mrs. Gladys ESMEL LOWDER, will give a talk in Currucavieja Cuba. She scheduled to pass by the Embassy around noon to pick up Teresa PRECHTER. L-9 believes that she will talk at the Ministerio. L-9 not sure. CALMO passed by the Embassy on 16 Jan 68 to pick up some material on Cuba.
 8. Amb Carlos RIVERA gave Teresa PRECHTER the job of compiling and collating the Bulletin... that the Cubans are going to publish in the United Nations. They are to be done in Spanish however will be translated in New York.
 9. Amb Carlos RIVERA sent a note with Hervé GOURIN in which he requested that L-9 give a man of service for him from the UNAM United Nations office in Mexico and also obtain the book "Los Memorias de La Revolucion". L-9 has to do. Has been sent, they did not have a copy of memory. L-9 asked that I help him find a copy of "Los Memorias...." - always indicate a copy which has recently published in Mexico. See Memorandum 10 Jan 1968.
 10. L-9 reported on his return from Mexico City and "would be very difficult to "raise" an American equivalent. In his third account he stated that in the beginning of 1967, he took his son to just about a year old in Lima, Peru, where he met with a man who would later become a key member of the group, the name of the Peruvian and States were not mentioned and, similarly, L-9 said that ANGOL already had one child in Cuba originally, but he expected he will send his son to Cuba.
 11. L-9 said that he is a communist, but that ANGOL is not as he expects, as far as he believed to be, communists who are not revolutionaries. L-9 said that in my opinion, I am not a communist, but I am a revolutionist.

Subject: LITAMIL-9

On 5 Jan 63, I met LITAMIL-9 at the usual rendezvous point and we drove to darkened area of the city. NO SECURITY PROBLEMS NOTED.

LITAMIL-9 reported as follows:

1. L-9 went to visit ~~XIEMMXXXX~~ Xiomara SANCHEZ Robert, former secretary of Amb PORTUONDO in Mexico. SANCHEZ told him Jacinto VAZQUEZ, Cuban dip, will replace Ramon SINCBAS in Mexico.
2. SANCHEZ told L-9 that Sra Gladys de LECHUGA will not go to Cuba under any circumstances.
3. SANCHEZ told L-9 that Amb Carlos LECHUGA and Ana Maria BLANCO were "la gran pareja", i.e. were hitting it off well together in Mexico.
4. SANCHEZ told L-9 that Margarita ~~CASASUS~~ de SIERRA, wife of Manuel J. SIERRA, writer and friend of Adolfo LOPEZ Mateos told her that the Mexican Gov't no longer looks on Carlos LECHUGA as the "fair haired boy". CASASUS is the author of a book entitled: Zas Llaves Perdidas - U.N.A.M. 1961.
5. SANCHEZ told L-9 that Ana Maria BLANCO and Leovigildo FERNANDEZ were caught "en actitud enconveniente" in Havana prior to BLANCO's departure for Mexico.
6. SANCHEZ told L-9 that ~~Carlos OLIVARES Sanchez~~, Cuban Amb in Moscow was discovered by his wife playing around with Gonzalo LNU, Cuban dip whom SANCHEZ has requested be sent to Moscow. According to SANCHEZ ~~OLIVARES'~~ wife wrote about the episode to her father who showed the letter to Raul ROA. Xiomara SANCHEZ said she heard about it 15 minutes after ROA saw the letter. SANCHEZ said it quite a scandal and it will be difficult for OLIVARES to return to Havana.
(C) M f "P"
9. SANCHEZ told L-9 that there is a great deal of immorality going on in the Foreign Office and cited Nancy, lnu as one of the "favorites."
10. SANCHEZ ~~EXKAN~~ commented that in her opinion Raul ROA has lost his "olfato" and is making assignments poorly.

- 14-00000
11. SANCHEZ told L-9 that Jose Antonio ^VPORTUONDO, former Cuban Amb in Mexico was harshly criticized in Cuba as a "do nothing".
12. L-9 reported that the parents of Gladysde LECHUGA left Mexico for Havana on January 1963.

Subject: DIAZMILL-9

On 15 Jan 63, DIAZMILL-9 called and was
scheduled for 2100. I picked him up at rendezvous point and
we parked out in secluded area of the city. NO SECURITY PROBLEMS
NOTED. Time: 2100-2215.

DIAZMILL-9 reported as follows:

1. D-9 found the following note among Teresa PRICHETTA's papers,
which she had left on his desk:

*Hasta la vista, baby.
Adios, mi amor.
Adios, cariñito -*

*SALUD, AMIGOS Y COMPAÑEROS. HASTA LA VISTA, ADIOS, MI MUSICA
Y MI VIDA. SE SIGUE VIVIENDO EN EL MUNDO. SE SIGUE VIVIENDO EN EL MUNDO.
SE SIGUE VIVIENDO EN EL MUNDO. SE SIGUE VIVIENDO EN EL MUNDO.*

D-9 said he copied the above word for word from PRICHETTA's note.

2. On 14 January 1963, PRICHETTA gave D-9 a New Year's greeting from
Manuel GARCIA. D-9 believes he received the card because he was among
those present at the Presidential Palace in early Jan 63.

3. D-9 overheard Teresa PRICHETTA tell Manuel GARCIA, now Presi-
dent of the EMRC to get in touch with A. J. ALBRECHT, Spanish writer
in Mexico, re his cooperation with the EMRC. GARCIA said but
apparently BARTRA said he was leaving shortly for the U.S. and could
not be able to participate. In hearing name of BARTRA, D-9 recalled
that he had taken photographs of BARTRA which appeared in a book
Memoria de Ernesto Guevara (Memories of Ernesto Guevara) (Barcelona 1962) also in 1962, included: (1) 2nd in 1962-1963.

Cecilia GILBERTA is married to the Spanish communist MANUEL GARCIA
HERRERA. See book for photos of BARTRA and Cecilia GILBERTA taken
by D-9.

4. Manuel Dolores GARCIA is no worker; and will only be able
to handle the Juntas Nacionales Section of the EMRC. A. J. ALBRECHT said
that "Bartra" (Bartram GARCIA alias) and the others would share
the Directorship of the EMRC.

8. I said that PROKUNA and CARBALLO had very often conversed about the fact that "Don Pepe", the zurdo at the EMRC, did not leave the crew. They have stopped trying him and want him to leave but he will not. It now appears that a longer will be necessary to get "Don Pepe" out of the EMRC. He lives in the servants' quarters.

9. On 18 Jan 63, Emmanuel CARBALLO, Mexican President of the U.N.D. and writer of sorts, is scheduled to leave for Havana. He will be one of the few people who will have an interview with Fidel CASTRO and also with Raul ROA. He will attempt to bring about an understanding and friendly relationship among Cuban and Mexican revolutionaries. PROKUNA and CARBALLO believe that this will be a very important undertaking even more important than that carried out at the Ambassadorial level. PROKUNA said this to be very good that CARBALLO is in Havana because they will be able to talk about many things.

10. On 19 Jan 63, Lopez SANTOS Jackson issued an order to burn the books of Simeon Burevestnikov ("El Otoño de un Pueblo"), Andrés Martínez ("Historia Sin Magisterio"), and Alberto Manguel ("El Sol a Manos") because those authors had gone into exile. The three books cited above were printed in Mexico in 1958 as part of a series of five books for distribution in Latin America. The other two are ... "Mis Nubes en la de David", by J. L. Varela and "El Sueño Inmigrante" by Enrique ZAMBRANO. SANTOS P. apparently did this despachado.

11. PROKUNA told me that Lopez Jackson and will go to Cuba shortly. This is probably despachado because it is January 1963.

12. PROKUNA remains that because of the many problems awaiting one in the E.S.C.P. over there to be now being solved the E.S.C.P., D.E., despachado January 1963.

13. I told PROKUNA that I would be assigned directly from New York to him and send also to him for my copy the account of AF and US. I say this in order to let PROKUNA to meet quickly and take him to the airport.

14. PROKUNA concluded our meeting and left Mexico on the plane to New York. I am sure he will do well.

12 Jan 1968

On 17 January 1968, I met E-8 at the "turn-a-bombaceous" party and we went to lunch and formally closed off the office where the meeting was held. E-8 was somewhat nervous and said that he felt they were tightening up more and more at the Ministry and it was necessary to be more security conscious than ever. E-8's nervous state was undoubtedly the result of SEMPERAS' harassment during the "Círculo de Estudios" meeting which was held from 1000 until 1600 that afternoon. DIAHUE-8 was present.

DIAHUE-8 reported as follows:

1. E-8 provided synopses of SEMPERAS' remarks to "Círculo de Estudios" which were forth in SEMPERAS' on 17 Jan 68 (TRANSMISSION). E-8 described SEMPERAS as "very bellicose" throughout the discussion.
2. E-8 reported that Marian Phoebe, responsible for Ministerio de Relaciones Exteriores, published an article recently that was critical of the "Second Declaration of Havana" as well as who he believed was responsible for the "Third Declaration of Havana" as well as the death of President Allende. E-8 said that SEMPERAS had been asked to publish the "Third Declaration of Havana" as well as the death of President Allende in the "El Mercurio" newspaper. E-8 said that SEMPERAS said it was necessary to keep them in the "Círculo de Estudios" in the eyes of the public as much as possible. SEMPERAS said that from an editorial viewpoint, SEMPERAS was very sensitive to these publications "out of his eye".
3. E-8 spoke of the Ministerio de Relaciones Exteriores and SEMPERAS' call to Germany 68 in October. SEMPERAS and the SEMPERAS' were unable to carry back cargo. In order to take care of the cargo, SEMPERAS flew Allende and others to Chile. SEMPERAS stated that SEMPERAS had no place left in Chile. SEMPERAS stated that SEMPERAS had to go to the airport to transport all the cargo.
4. SEMPERAS informed DIAHUE-8 that SEMPERAS had been asked by SEMPERAS to leave Chile.
5. SEMPERAS called the Ministerio de Relaciones Exteriores and SEMPERAS' flight was to Chile. SEMPERAS stated that SEMPERAS had to leave Chile.

LITAMIL-9 reported as follows:

CCC. MICRO. SER.

1. At the reception on the night of 2 Jan 63, LITAMIL-9 noted the
 following: Luis MARIN Busqued - Spaniard

~~JUAN REJANO~~ SALDANA, fnu - Foreign Office
~~X GOMEZ Robledo~~ FEDUCHY, fnu - Amb Spanish Govt in Exile
~~Rafael Felix ARELLANO~~ VANEGAS, fnu - Mexican printer - ~~Arsacio VANEGAS~~

~~Arroyo~~) First Secretary from French Embassy

~~HUGO~~ First Secretary from Italian Embassy

Heeter DURAN, husband of Silvia DURAN, who was not
 there.

Manuel CARBALLO - Mexican Director of IMCRC

2. L-9 said that during the "fiesta" Jose LLAGOSTERA told him that
 they Embassy received a cable from Havana telling them to be as econ-
 omical as possible re reception. The cable also said that no funds
 would be forthcoming from Havana, that the expenses should be taken
 from local Embassy funds. Nevertheless, DUNIN of the Soviet Embassy
 remarked that the fare was plentiful, delicious etc.

3. L-9 remarked to Teresa PROENZA that he had not seen Manuel TELLO,
 Mexican Foreign Minister, and PROENZA replied "Nin-un de ellos", she
 then added she had seen a few minor officials. SALDANA, fnu was the
 only Mexican Govt official, whom L-9 recognized.

4. L-9 said that he became friendly with VANEGAS, fnu (Arsacio VANEGAS
 Arroyo) Cuban printer, whose brother is presently in Cuba working as
 Chief of a Cooperativa in El Cobre, Oriente. VANEGAS told L-9 that
 Fidel CASTRO's sister was expected soon from Havana. L-9 commented

that she had already been here, referring to Juanita CASTRO. VANEGAS said not Juanita, but Lidia. VANEGAS then went on to say that Juanita CASTRO crossed the border in the trunk of an automobile. He said nothing more but that it was a miracle that they did not open the trunk. LITAMIL-9 understood VANEGAS to mean that this border crossing took place during her recent trip to Mexico. (COMMENT: VANEGAS probably referred to the 1957 border crossing as ~~XXXXXX~~ reported to CO by AMSTRUT-2. VANEGAS told L-9 that he planned on going to Cuba during the next two weeks. L-9 said that VANEGAS is an intimate friend of Fidel CASTRO. (COMMENT: LITAMIL-2 reported that CASTRO fired VANEGAS from his job in Havana for heavy drinking and he returned to Mexico.)

~~SAY-F~~ ~~SLR IN CNTAC~~
~~LIT-CUBA?~~ ~~PRES LOPEZ MATEOS~~

5. L-9 and Ramon SINOBAS were at the airport on the morning of
Maria 2 Jan 62 and saw off Dolores DE LA MORA. DE LA MORA, according to
L-9 became very friendly with him and they had a long chat. He
told her he would like her to take something to Mercedes LECHUGA but
while he was looking for something at airport, DE LA MORA told him
not to bother because she had an extra wrist chain that she would
give to Mercedes on his behalf. DE LA MORA told LITAMIL-9 that Pres
LOPEZ Mateos is always asking her to tell him more about Fidel
CASTRO. She said that she was not going to the Congreso de Mujeres.
DE LA MORA said she knows the daughters of the French Military Attaché
~~XXXX PEPIN~~ and that they do not like to go to Cuba. (COMMENT: Francois
and Yvonne PEPIN (Fr.D.) left Mexico on 28 December 1963 for Havana.). DE LA

11 Jan 62

On 10 Jan 62, I met LITAMIL-9 at the usual rendezvous point and we drove to secluded area of the city. NO SECURITY PROBLEMS NOTED. Time: 2230-2315

LITAMIL-9 reported as follows:

1. L-9 was at the airport and met Amb LECHUGA, who arrived on Eastern Airlines. He was greeted fondly by his daughter who kissed him fondly and his wife who kissed him on the cheek. L-9 said that although he had heard on 9 Jan 62, that LECHUGA was not returning to Cuba on 11 Jan 62, LECHUGA himself told L-9 that he was leaving on 11 Jan 62. L-9 approached LECHUGA re his departure date because he wanted LECHUGA to take a gift to his sister, Mercedes, from L-9. Although L-9 noted no marital problem at the airport on 9 Jan 62, there was a notable seriousness on the part of Sra Gladys LECHUGA at the Embassy on 10 Jan 62. L-9 reported that after the wreath laying ceremony took place on the corner of Abraham Gonzales and Morelos (re Jose Antonio MELLA), LECHUGA and Ramon SINOBAS left the area alone. Sra. LECHUGA, although asked to return to the Embassy ^{in his car} by Eusebio AZCUE, refused the offer and rode with Julio and Rolando CONDE Figueroa, the cook and his brother, who work at the Embassy.
2. L-9 said that Teresa PROENZA mocked the "title" - "Inspector de Embajadas" given to PANTOJA, fmu, who according to PROENZA, ~~was~~^{is} a secretary of Ramiro VALDES. (COMMENT: Airlist gives his name as Orlando TAMAYO Borbon - SEE: MEXI dated 11 Jan 62).

3. PROENZA told L-9 that in her opinion, she, L-9 and SINOBAS will be recalled. She said she did not like the idea of returning to Cuba. L-9 assured me, however, that she'll return without any fuss.

4. L-9 was ordered to the airport to meet Lillian ROCH, Cuban wife of diplomat in Brazil. ROCH, a true blue CASTRISTA, ~~XXX~~ pregnant ^{is} ~~SV-F~~ ^{CIA C-U-CA} and is returning to Cuba on 11 Jan 62 to have her baby. ~~AM-1~~ ^{DBR.C/771} (COMMENT: LIFIRE B/Doo) reports Lillian ROCH Gonzalez arrived Mexico on 9 Jan 62, 32 yrs old, married, carrying Dip PP 62/190.). She is staying at the Hotel Compostela according to L-9. ^{JHNC}

5. L-9 said that he heard PROENZA call the person who works with Andres ARMONA by the name of "Roli". On several occasions "Roli" appeared in LERODE photo coverage but neither LITAMIL-9 nor 7 were able to provide his complete name. It is now quite certain that "Roli" is ^{AKA "KCL"} ~~ROLANDO ESTEVEZ~~, a friend of AMSTET-1 who has often mentioned him as helping out ARMONA. ^{poore} ~~AM-1 described ESTEVEZ as a "XXX diablo". JAN 63~~ ^{CIA MEXICO}

6. L-9 reported that Angel MARTINEZ Obando, Mexican, who is going to Cuba shortly was not given permission to send his clinical laboratory equipment by ship and so he will now try to send it by plane. MARTINEZ, ~~XXXXXXXXXXXXXX~~ ran a Lab on Marsellas 43, Mexico D.F.

7. L-9 said that merchandise which was purchased from Czechoslovakia is being detained in Dallas, Texas. The shipment is addressed to the Cuban Embassy in Mexico City. Nobody seems to know what the shipment contains but ~~XXXXXXXXXXXX~~ someone said something about name began DCB

8. L-9 said he went to visit Raul KAMFFER on 10 Jan 63 and KAMFFER asked him about Silvia DURAN. L-9 said that obviously KAMFFER is aware of her scandalous affair with LECHUGA. ~~KAMFFER~~ KAMFFER, according to L-9, is well informed politically in view of his many leftist contacts at the Galeria, which he owns. ^{JANG} KAMFFER said that in his opinion Lazaro CARDENAS was not fooled by anyone re his activity behalf of the Central Campesino Independiente (CCI). KAMFFER best described CARDENAS as "taimado".

9. On 10 Jan 62, LITAMIL-9 went to see Amalia MUÑOZ to inform her that she has received a visa to visit Cuba. MUÑOZ lives on Calzada Tacubaya 48-13.

10. L-9 identified the following LIERODE photos:

~~Federico ALVAREZ - Spaniard~~

~~Pedro LARA MUÑOZ - Cuban dir. DE LITAMIL-9~~

11. On 10 Jan 62, Victor Federico MENDOZA, Mexican painter (artist) gave L-9 one hundred copies of the attached drawing to send to ~~Cuba~~, where they would be distributed at the Songreso de las Mujeres. ^{JANG} L-9 gave fifty to a Mexican woman who is leaving on 11 Jan and the other fifty will be sent by pouch.

12. L-9 gave me a volume of Jose Guadalupe POSADA's drawing which were printed under the auspices of Arcadio VANEGAS Arrobo, among others. ^{JANG} VANEGAS gave L-9 three copies and is sending 100 copies to Havana.

SECURITY PROBLEMS NOTED. Time: 2100-2200.

LITAMIL-9 reported as follows:

FEB 1 1963

1. L-9 was not aware that Sra de LECHUGA and her daughter left Havana on 14 Jan although he was at the airport with them prior to their departure. L-9 thought LECHUGA's wife and daughter were there to say good bye and he left before the plane took off to handle a visa problem at the U.S. Embassy. He was surprised as anyone at the move of LECHUGA's wife.
2. While at the airport, Carlos LECHUGA Hervia told reporters that or three he expected to be back in two weeks. CITO/Mexico RE LITAMIL-9 CONTACT
3. Coty SOLORIZANO de Ramirez (viuda) was at the airport to see the LECHUGAs off. L-9 is anxious to make contact with Coty SOLORIZANO again and get the latest "dirt" re the LECHUGAs. L-9 is certain the SOLORIZANO "goes for him" and he plans to take advantage of it.
4. On 14 Jan 63, KLEMENCIA KUENIER, fmu, a Bulgarian dancer (nationalized Argentine) arrived in Mexico via Aerolineas Peruanas, en route to Havana. L-9 met her at the airport and she told him that she had met Alicia ALONSO, Cuban dancer, in Bulgaria where she also met her Argentine husband. KUENIER's husband is now in Havana, where he directs the orchestra of the ALONSO Ballet. He is under contract with the Consejo Nacional de Cultura. KUENIER via ARGENTINA left Mexico for Havana on Cubana on 14 Jan 63. (Smashinika de CCC DIVINER)

8. Manuel FERNANDEZ, Cuban Dip PP 62/642, arrived in Mexico from Havana on 12 Jan 63. L-9 went to the U.S. Embassy and got him a visa for travel to the U.S. on 15 Jan 63. FERNANDEZ has been assigned as Agente Diplomatico to the United Nations. He was given an official Visa, not a Diplomatic Visa as requested.

(Airlists show Manuel FERNANDEZ Fernandez, Cuban Dip # 642)

9. Araceli VANEGRAS, Mexican friend of Fidel CASTRO, left Mexico City on 14 Jan for Havana. VANEGRAS was carrying 100 copies of Jose Guadalupe POSADA's engravings which VANEGRAS published in Mexico. POSADA is a well known Mexican artist of the Rev period. (Elias VANEGRAS Acosta, Mexican PP # 24450, left Mexico for Havana according to LIFIRE Airlists.)

10. L-9 said that he now believes that Fernando CASTELLAR is G-2. He said he believes this the case for the following reasons:

- a. He saw CASTELLAR with Orlando PANTOJA Tamayo, i.e. in the car
- b. Since the departure of Manuel VEGA Perez, CASTELLAR has been noticeably more outspoken and self possessing.
- c. At the airport recently, CASTELLAR warned L-9 about the security of the pouch.
- d. At the airport recently, CASTELLAR has ordered L-9 around although L-9 finally reacted to this new approach and let CASTELLAR know that he (L-9) has been around Mexico longer than he has.
- e. CASTELLAR was a member of one of the firing squads in 1959.

11. L-9 identified the following LTERODE photos:

Memorandum for the Record

Subject: LITAMIL-9

On the night of 8 Jan 62, I met LITAMIL-9 at the usual rendezvous point and we parked in darkened area of city. NO SECURITY PROBLEMS NOTED.

LITAMIL-9 reported as follows:

1. Amb. Carlos LECHUGA Hevia was scheduled to arrive on 9 Jan 62 at 1400. L-9 said he received a call from SINCBAS, who told him to be at the Embassy at 1300 as Amb was arriving.
2. Teresa PRONZA told L-9 that she had been to the IMCRC on the afternoon of 8 Jan and convinced Silvia DURAN to resign as Director. PRONZA said she hated to do it because she liked DURAN but added that it was best for the Revolution. PRONZA said that DURAN put up a battle but that she finally gave into her wishes, i.e. to resign. L-9 took me to see the apartment of Silvia DURAN's mother, who lives at Rio Etro 12. L-9 said that Silvia's parents have been divorced for many years and that Silvia is very close to her mother. The LITAMINs are going to put DURAN under surveillance during LECHUGA's stay in Mexico to see if they can get photos of LECHUGA and her together.
3. L-9 said that on 8 Jan 62, Ramon SINCBAS Casado, Cuban Charge introduced him ~~XENIX~~ to Cuban, who arrived on 6 Jan 62 as "Inspector de Embajadas". SINCBAS was with Benigno CASTELLAR and the "inspector" when the introduction was made. The "inspector", whose name L-9 did not catch was described as about 25 years old, well built, white. The "Inspector" told L-9 that he had talked with Ramiro del Rio, (former G-2) who now working at the Casa ^{II JANG}

Nacional de Cultura for about an hour, and Gil RIO had nothing but "bouquets" for L-9. SINOBAS told the "Inspector" that L-9 has many ~~MEXICAN~~ contacts "en la calle" etc. (COMMENT: "Inspector" is probably Orlando TAYAYO Borbon, Cuban who arrived on 6 Jan 62 and who gave the Cuban Embassy as his contact.)

4. See MEXI re comments on L-9's likely recall.

5. Rosario VAZQUEZ M.,^{Mexican} secretary at the Commercial Office (she "pitched" to no avail by LITALUS-2)dropped in to say goodbye to L-9 inasmuch as she had been "let go" by the Embassy. She had not pertinent remarks to make re release. L-9 asked for her phone number as he said he would like to have lunch with her some day. L-9 is fond of VAZQUEZ, who according L-2, is violently anti-U.S.

6. L-9 said he met José Luis PARRA, former SecGen de Redactores, at KKos on 8 Jan 62. PARRA told him that he wanted to go to Cuba but it "dangerous go there". L-9 said that he has known PARRA for quite some time, infact, he recalled that he invited Sub Sec Fcc. CHAVARRY to meet PARRA when the former visited Mexico a few years ago, i.e. after CASTRO took over. L-9 said that PARRA is unconditionally with the CASTRO regime. L-9 said that PARRA works for Universal.

8. L-9 said that Aracio VANEGAS, Mexican, who helped CASTRO in Mexico during the Revolution was at the Embassy on 8 Jan 62 and again went over his role in the Rev in Mexico. VANEGAS told L-9 that he was disturbed because his name did not appear in the Boletin de la Embajada which published a story recently re CASTRO's activities in Mexico. VANEGAS told L-9 that he was the

14-00000

man who gave men phys ed classes on Bucareli, that he took men
on hikes etc in Linfa Vista. VASEGAS told L-9 that he was
leaving for Habana on 11 Jan 62.

Memorandum for the Record
Subject: LITAMIL-9 (P)

INDEX

On the night of 12 Dec 62, I met LITAMIL-9 at rendezvous point and meeting was held from 2300 to 0100 on 14 Dec 62. NO SECURITY PROBLEMS NOTED.

LITAMIL-9 provided the following info:

1. Eusebio AZCUE Lopez, Cuban Consul, told L-9 that Pedro LARA MUÑOZ, newly arrived Cuban dip., was going to replace Raúl PAEZ Perez, as code clerk in the Cuban embassy. AZCUE also q told L-9 that LARA spent one year in Moscow and that his wife, Dorita ANTEPARA, a Spanish "nina", lived 20 years in the Soviet Union. (SEE MEA1: 2842).
2. Ana María BLANCO T., Ambassadorial Secretary and 1st Secretary at the Cuban embassy was transferred to Canada without going through Mexico first. L-9 said that transfer was definitely based on scandalous activities embassy re Amb LECHUGA. BLANCO told L-9 that she going against her will and obviously not happy about the transfer.
3. Eusebio AZCUE told LITAMIL-9 that Manuel VEGA RIVERA, Cuban S-2, is "las orejas del Partido MONTXIMEX en la Embajada".
4. The brother and sister of Ximena SÁNCHEZ Robertz, former Cuban diplomat in Mexico, are in Mexico (were) en route to Jamaica. One of SÁNCHEZ sisters (possibly Raquel) said that Ximena wanted to come to Mexico with her mother but the Cuban Foreign Office would not give her a special passport. SÁNCHEZ wants to come to Mexico on her vacation. (COMMENT: Carmen SÁNCHEZ Robertz arrived in Mexico from Havana en route to Jamaica)

5. Dr. Enrique CABRERA and his family are leaving shortly for Havana. They are taking their car to Veracruz for shipment to Cuba. CABRERA's wife was extremely critical of the U.S. in her conversations with L-9.
6. L-9 KALDA gave a "despedida" to Ana Maria BLANCO at his apartment on 8 Dec 62. SINOBAS told L-9 that he would not give permission to have it in the Embassy "solo las circunstancias". L-9 said that most of the Embassy personnel attended as well as other friends of BLANCO. SINOBAS arrived and asked L-9 for the guitar that he received from the Carlos PUJOLA group a few years back, when he SINOBAS, accompanied the group through Mexico and U.S. SINOBAS pointed out to L-9 that he had signed the guitar in a very complimentary manner re L-9. During the PUJOLA stay in Mexico, one of the guitars broke and L-9 went out and got another one which save the show etc. In gratitude the group gave L-9 the guitar and signed it etc.
7. L-9 said that Ana Maria BLANCO's mother has nephews in Brooklyn.
8. L-9 said that he had been asked to arrange the trip of Mario NOYOLA to Cuba re his brother's death. During his conversations with NOYOLA, the latter told him that his brother told him during his last stay in Mexico that he heard Raul ROA in the Foreign Office say that Mario GARCIA Inchaustegui, former CMU agent, had become a "Cuban Stevenson", i.e. "No's n' suit to un Stevenson criollo". He said that his brother was also present when Fidel CASTRO told a group of students that GARCIA Inchaustegui "estaba comiendo basura" with ZORIN and not consulting with Cuba. That is GARCIA Inchaustegui was "free wheeling" and that's why he was recalled.

14-00000

9. L-y said that the Cuban plane scheduled to leave for Havana on 3 December was held over until 2100 on 4 Dec per orders of Raul ROA. ROA said the plane must wait for AUSTIN YASSELLS, Cuban courier, scheduled to arrive from New York. L-y said that SINOBAS gave orders that YASSELLS was not to be left alone for a minute during his stay in Mexico. L-y, RAUL PAZ, M. VERA, Ramon SINOBAS, Eneigro CASTELLAR and Manolo SANCHEZ Ramirez met YASSELLS at the airport, took him to the Cuban Embassy and took him back to the airport. The group was especially close to YASSELLS while he was going through immigration. L-y said he was obviously carrying papers of extreme ~~MAXIMUM~~ importance.

10. L-y said that the laboratory of Angel MARTINEZ Cimino, Mexican bio chemist, has been packed and shipped to Veracruz. MARTINEZ departure for Cuba still puzzles L-y. See previous memo. His address: Marsella # 49.

11. L-y said that ~~MARIA ROJAS~~, SON OF ~~JORGE ROJAS~~ ^{MARIA ROJAS} ~~Mendoza~~, Cuban Mgr., is leaving for Cuba shortly. L-y said that JORGE ROJAS (senior) is an enigma to him re political ideology. He said he rarely, if ever, talks politics. His only interest seems to be in his business, i.e. save civilians for Cuban Govt. L-y said he constantly complains about Cuban Govt administration re Cubana de Aviacion and cited example of holding plane over for YASSELLS recently. On the other hand, L-y said that fact he sending his son to Cuba at this time indicates he with the regime until ~~IMMILK~~ the end. L-y said that on occasions he has noticed ROJAS talking with the pilots on the plane in a ~~RAZZLE~~ manner which arouses suspicion of his activities. L-y believes

INDEX

names

he possibly involved in smuggling activities such as those previously cited in memo re imprisonment Cuban pilots for this type of activity. L-9 is not able to state clearly the position of AGJAs. He said that although he has talked with him a great deal and knows him relatively well, he is a typical Mexican, and "girimula" ~~XXXXXX~~ frequently.

12. L-9 reported that Carlos LECHUGA is expected to arrive about 22 Dec 62. He said that LECHUGA has reported to Havana that his wife is not in agreement with the Cuban Revolution. (CUMINT: LIENVOY indicates he arrived about 30 Dec 62)

13. ~~Silvia de DURAN~~, Mexican director of the IMCRC, went to the Cuban Embassy on 3 Dec with her mother. They were in the same car that DURAN ~~XXXX~~ was driving the day she visited LECHUGA at L-9's apartment. PROENZA remarked that DURAN's visit was ^A flight of cynicism. DURAN, according to L-9, is taking a completely different approach to the problem now than heretofore. She is now acting as though she had nothing to do with LECHUGA and is going to remain in her post as ~~XXXX~~ director of the IMCRC. She has convinced ~~XXXX~~ that she was not involved with LECHUGA. This puts Maria Dolores DE LA PEÑA out in the cold because she is now without a job and she is in poor financial straits. L-9 began to pull overposition of DE LA PEÑA and commented that it would be terrific to have her on "our side". He said that she had been to Cuba at least once and was obviously hard pressed to find a reason to believe she might be recruited. DURAN makes 500 pesos monthly as Director of IMCRC.

14. ~~Teresa PROENZA~~ told L-9 that in her opinion the U.S. embassy has the tape of her conversations with Gladys LECHUGA and that she

copy to P

and Verano

feel like getting on the phone and saying that all this was said to "fool" the Americans etc. In other words, MOLINA would like to cover up what was said by making us think XXMXXLIECH. A scandal was only for our consumption.

15. In regard to telephone taps, Maricarmen OLIVERA, Spanish employee in the Consulate, told LITAMILL-9 that she was sure that the embassy was being tapped because Alfonso ESPINO told her that he saw tape recorders at the telephone company which were often used to "tap" Cuban Embassy lines.

16. L-9 said that Dr. FRANCUTI, Mexican doctor who handles much medical care Cuban embassy had a "despedida" for Ana Maria BLANCO the night after L-9 had his party. L-9 attended the affair at Revolucion 250-5 but it was a terrific disappointment as hardly anyone showed up. L-9 recalls only Carlos ^{DL LA} Ramirez, the negro chauffeur, Raúl PÁEZ Perez, and a few others.

17. L-9 said that the father and brother of the Chilean who was killed in the air crash in Peru went to Cuba re death.

18. L-9 reported that Manuel CHÍZ Ramírez, who was formerly employed in the area of the consulate and Commercial office is now working as the Arms secretary, i.e. he has replaced Ana María LLÉGO. L-9 said he believes this is only XXMXXLIECH temporary move but it not good because SANCHÍZ is close mouthed and he does not have access to him as he did to BLANCO, of the opposite sex.

Crypt. 1.

19. L-9 said that ~~ZOLI~~ ARGUEDAS was at the embassy and she is anxious to return to Cuba. She said that she planned on going to Acapulco for a rest and go to Cuba about the first of the year. L-9 characterized ARGUEDAS as a fanatical castrista. L-9 knows her well.

20. L-9 said that the Cuban Govt advised ~~Jorge~~ SINOBAS, employee at the Imprenta Madero that he has two tickets for travel to Cuba. (COMMENT: ESPRESATE sent for Cuba on [redacted]). L-9 said that ESPRESATE approached him re several speeches of Fidel CASTRO, which the Imprenta Madero wants to publish.

21. L-9 reported that ~~Rudolfo~~ ZULINOS teaches at the U.N.A.M.

22. L-9 reported that ~~Ramon~~ SINOBAS' father was formerly a professor at the University of Alamanca in Spain. He left Spain during the Civil War. L-9 believes he is assigned to the Cuban embassy in Paris but is not sure. L-9 said that he has noticed that SINOBAS is trying to get closer and closer to him re activities in the embassy. He believes that SINOBAS believes that L-9 is the answer to many of the problems arising at the embassy and therefore is beginning to "cut him in" on many of them. L-9 cited the fact that on 13 Dec 61, SINOBAS gave him the list of Mexicans who are ~~giving~~ invited by the Cuban Govt to attend the celebrations in Jan 62. This was quite a "break through" as it even put him ahead of PROGENEA who would be the most logical choice to handle this type of thing. ZULINOS said she saw the list given L-9's id that she would handle the first three ~~XXVII~~ invitees, i.e. Rosario CARTELANOS, Silvio GARNIERO, and Hector AZAR, because she knew them.

2/17/61

23. L-9 reported that Luis PRIETO was at the Embassy trying to get a visa to go to Cuba. PRIETO is affiliated with the MMN. L-9 identified several photos of PRIETO which I showed to him.
24. L-9 said that FERRER, flew arrived on 10 Dec 62 from Havana and while at the airport L-9 noticed that his passport indicated that he diplomat ~~XXXXXXXXXXXXXXPAESXXXXXKILIZELLYZL~~ and "Secretario Mission Especial". L-9 said he has seen him in the Embassy a few times since the 10th ~~XXXX~~ but does not know his mission nor whether he going to stay in Mexico. (Comment: Alvaro Manuel FERRER arrived in Mexico from Havana on 10 Dec 62 via Cubana - LIFIRE B/Doc).
25. L-9 said that two alps arrived en route to while on 10 Dec 62. (Comment: Rogelio DIAZ Marquez and Jose MEXICO Plasencia arrived on 10 Dec 62 - both alps - LIFIRE B/Doc)
26. L-9 reported that he saw Luis PASCART at the airport on 10 Dec 62. PASCART is a Cubana co-pilot ~~XXXX~~ who, according to L-9, does not sympathize with the regime. He said that PASCART's relatives, sister and others are in Mexico and they talk to him when he comes in from Cuba. He said that with the ~~XXXX~~ right approach PASCART could be a valuable asset. (CCK ENT 1 plan on trying to get data re family in Mexico and possibly "pitch" one of them.)
27. L-9 said that Irina TRAPOTE de VALDEZ and her father, Victor TRAPOTE were at the Embassy on 10 Dec and they spent some time talking with him. TRAPOTE said that during the crisis he tried to get Irina to return to Mexico but she refused stating that this was the time

she needed most. She is a real "Patria o Muerte" type according to L-9.

28. L-9 provided a copy of the latest Boletin de la Solidaridad, in which his picture appears several times. Also a copy of La Verdad Obrera, published by the Frente Obrero Comunista de Mexico.

29. L-9 identifies the following from the LIBROLES base:

Pedro LARA Munoz
Ramon SIMONAS Casado
Luis PRIETO
Rosario VAZQUEZ
Irina TRAPOTE ~~X~~ ALDUS
Ana Maria BLANCO Tabraue
Justo URDINTA Gonzalez
 Mgr of the Hotel Agnes (Yugoslav)
Maricarmen OLIPATRI
Ignacio AGUSTA Lagunes
Victor TRAPOTE Vazquez
Wife of Carlos PACHE Ramirez
Marcelo POGOLOTTI *

Raulio PACHE Perez
Manuel VEGA Perez

L-9 said that POGOLOTTI is a clima Mexican-Italian painter who was recently in Moscow. He said that he lives with relatives who live over the Restaurant "Bottoms Up" on Melchor Ocampo. He said that POGOLOTTI's uncle lives at this address. He said that POGOLOTTI is a friend of the Cuban Revolution. ~~XXXXXXXXXXXX~~

On the night of 3 Jan '62, I met L-9 at the usual rendezvous point and we road around and later parked on side street during debriefing. NO SECURITY PRECAUTIONS. TIME 2250-0030.

LITAMIL-9 provided the following information:
R 101-334749

1. L-9 said that Ramon SINOBAS Casado was delighted with the reception given by Pres LOPEZ Mateos on 2 Jan at the Presidential Palace. SINOBAS told L-9, Andres ARVINA and Manuel SANCHEZ, who accompanied him to the Palace (SANCHEZ as chauffeur), that Pres. LOPEZ Mateos did not give him a chance to send greetings from the Cuban Revolutionary Gov't but rather interrupted HIMSELF to say "Transmita mis saludos a Fidel CASTRO and Pres. DIAZ CUEVA" SINOBAS said that in his opinion LOPEZ had prepared this welcome and was waiting for him/. L-9 said that he noticed that most of the diplomats were merely shaking hands and saying a few words, however, in the case of SINOBAS he remained with HEMINGWAY than most of the other diplomats. At any rate, SINOBAS was tickled pink HIMSELF by what LOPEZ Mateos told him.
2. On the way to the airport, SINOBAS, who is a "diplomatic agent", told ARVINA and L-9 that the chance to take "line" in the Foreign Office would mean that they (ARVINA and L-9) would no longer be diplomats as such, i.e. while in Havana they would lose their diplomatic status. He said that L-9 would remain in the Ministry of Education, Cultural Section and would therefore be a diplomat only in a Foreign Post. The same with ARVINA, who falls under the Foreign Commerce Dept. L-9 said that HE WOULD BE ALWAYS UNWILLING

impress other members of the Embassy staff with his work, and this was another example. L-9 can't stand SINOBAS because of his haughty egotistical air; but is satisfied with his plight because he feels that SINOBAS is taking him into his confidence more and more as time goes on. L-9 described SINOBAS' wife as strictly low class with nothing to offer. *JAN 63*

3. During the ride back from the Presidential Palace, L-9 told SINOBAS that he had not seen Manuel CAMPOS at the Cuban Embassy reception the night before. SINOBAS said that CAMPOS had sent

CIT: MEXICO Antonio GOMEZ Robledo as his representative. SINOBAS cited that GOMEZ remained at the Embassy until after 2100, i.e. longer than protocol demanded. SINOBAS told L-9 that Rafael VELASCO *CIT: MEXICO* was also there. ABELARDO is Sub-Secretary of Cultural Affairs at the Foreign Office. SINOBAS saw CAMPOS Ortiz' car go by when they were en route home from Presidential Palace and SINOBAS remarked that CAMPOS did not attend the Cuban Embassy ~~RECEPTION IN CUBA~~ because he didn't want to, not because he was a t of town. *BOTH NAMES ABOVE ATTENDED CUBAN RECEPTION IN CUBA JAN 63*

4. L-9 said that at the Reception at the Palace, he chatted with Jean SIROL, French Consul General, *CIT: FRANCE AMERICA* *FR 201-071606* *JAN 63* Counselor. SIROL, who is L-9's contact to anti Communists, *JANE3* away when DUNIN approached to make some ~~CONFIDENTIAL~~ *CONFIDENTIAL* MATTERS. *JAN 63* DUNIN was hoping to promote DUNIN to some sort of position. KAMI remarked that DUNIN appeared to be a very intelligent intelligent man. DUNIN agreed with KAMI on that aspect of DUNIN pointing that he is dangerous ~~FOR~~ *FOR* Mexico because he is a Texan. L-9 is very fond of DUNIN and respects him as a highly intelligent and cultured person. He said that DUNIN tells him that he has a

4. L-9 reported that SINOBAS told him that Manuel VEGA Perea, Cuban C-2, is leaving for Havana on 6 Jan 62 and will remain in Havana 15-20 days. It is not known why VEGA is going to Havana.

5. L-9 reported that Cubana is not expected to fly until 6 Jan 62.

CIT: CUBA 1 NOV 63 MEXICO

6. Leonardo DEBEN Carrera, Cuban resident in Acapulco, was at the Embassy on 3 Jan 62 and he told Teresa PEREIRA that Lazarus DEBEN, now working for Radio Havana, is from Acapulco. He also said that a Haitian, also connected with Radio Havana, is handling the French broadcasts. DEBEN gave a lot of land to the Cuban Gov't which he had in Acapulco. DEBEN wanted the Cuban Gov't to finance a school on the land. The Cuban Gov't, however, refused to build on his property and requested that this land be sold to buy a lot of land in another location. 1. On the morning of 4 Jan 62, Cereza PROCHERA asked L-9 if he knew who the new Ato to Mexico was going to be. L-9, our pick, said that as far as he knew SLOCUM was going to return. He said that SINCEAS was insistent that this be the line "taken by" Navy personnel. PROCHERA said "Lejor de eso", DURAN is not returning and she gave him to understand that the reason was DURAN's scandalous affair with Silvia DURAN. PROCHERA also informed us of the DURAN/MOLINA episode and said that she had nothing to do with DURAN re her relationship with CUBA. According to PROCHERA, DURAN admitted her affair with SINCEAS. In addition, PROCHERA told her that she would not bother her about the affair she had with MOLINA, because "SINCEAS pena yo tanto que tu no te vayas con Silvia DURAN as the doorway she would get rid of her". PROCHERA told L-9 that Carter J. CUNNINGHAM and his wife (Glorys) are still living in Cuba and that he does not want her in Cuba. She informed L-9 that MOLINA had left Cuba to the U.S. but she has returned. MOLINA's son, husband, and father are still living at the same address. CITA CUBA?

Memorandum for the Record

22 December 1962

Subject: LITAMIL-9

~~SECRET~~

On 21 Dec 62, I met LITAMIL-9 at usual rendezvous point and meeting was held on dark street in isolated area.
 INSECURITY PROBLEMS NOTED.

LITAMIL-9 reported as follows:

1. On 20 Dec 62, Eustasio AZCUE Lopez, Cuban Consul, told L-9 that in his opinion Vitor TRAPOTE Mateo, Spaniard, was mistaken in regard to FIDALGO, fmu, Spanish painter in Mexico. In AZCUE's opinion, FIDALGO is a counterrevolutionary. Apparently TRAPOTE thinks otherwise. This interesting in view of TRAPOTE's known connection with Cuban intel. FIDALGO has a Cuban via and is expected to leave for Cuba shortly.
2. L-9 said that Roberto LOPEZ, a Mexican banker, was also present at the SILVA Herzog reception on the night of 20 Dec 62. L-9 said Teresa PROENZA was quite pleased that LOPEZ attended the affair. L-9 said that ARELLANO, fmu mentioned in previous memo (21 Dec) is attached to the Foreign Office as well as a newspaper man for Nove-dades. L-9 said that PROENZA told him this and that explains why he had direct access to Jose GOROSTIZA per previous memo. (CONT'D: Francisco ARELLANO Belloc is an editorialist for Nove-dades and is probably IDENTICAL identical wth Arellano who attended SILVA affair).
3. Alberto Manuel FERRER, Cuban dip, whose passport reads: "Mision Especial" left Mexico for Havana on 21 Dec 62 via Cubana.
4. The wife of Dr. Enrique CABRERA left Mexico for Havana on 21 Dec 62.
5. Among other passengers were: Carmen COSGUA, wife of Gen. Alberto BAYO Giroud, and Celia GIRONA, secretary of ENCHUCA of the ONU. L-9 said that the MEXICAN wife of Gen. ALBA, fmu was at the airport.

~~SECRET~~

Fidel Castro President of Cuba, free

port to see Sra de BAYO off. Gral. ALBA, fmu is Chief of Police
in Guadalajara. On the way back to the Embassy the case of Nestor
ESPINOZA Lopez was discussed because he is being called to Oaxaca, his
home state to do military service. It was said that maybe Gral.
ALBA could get ESPINOZA out of military training. Apparently the
Embassy is very satisfied with ESPINOZA and hate to lose him if they
can help it. ESPINOZA is the messenger at the Embassy.

5. L-9 said that on 21 Dec 62, while on his way to see LO'PARDI
T., he saw the same chevrolet that belonged to the Cuban Embassy
with placas D-400. He said there were two very KKX suspicious
looking characters in the car and wondered whether or not this car
still belonged to the Cuban Embassy. He said he had not seen it
for some time around the Embassy yard.

6. L-9 said that the Cadillac now being used at the Cuban Embassy
formerly belonged to SUAREZ Rivas, former Cuban Senator, who KKX is
now living in Mexico.

7. L-9 reported that according to Teresa PROENZA, Rosario CARBALLIDO
fmu and Hector AZAR have refused to accept Cuban invitations to attend
the 4th Anniversary celebrations in Habana. PROENZA said that
Emilio CARBALLIDO was undecided and would let her know. She did not
speak very optimistically about CARBALLIDO either. When PROENZA
told Ramon SINOBAS about CAST LLANOS and AZAR he remarked that KKX
it not very important as they were invited to the Casa de las Américas.

8. L-9 said that a box of medicine was sent from Miami in early
November to Cuba via Mexico and it has not arrived yet. According to
L-9 the medicine is very important because a little boy is dying of
some strange malady and needs the medicine. On 21 Dec, L-9 want to

customs office near SCOP to try and find box and XXXXX was told that there were 15 tons of material awaiting shipment to Cuba, most of which has been shipped in the last few flights. He said that about 6 tons remain. L-9 hopes that the medicine in which he is interested has been put aboard one of the recent flights.

9. L-9 said that on 21 Dec 62, he saw Manuel Sanchez Ramirez, Cuban dip, open the pouches when they arrived at the Embassy, i.e., he has the key.

10. On 20 Dec 62, Jorge ROJAS Mendoza, Mgr of Cubana, arrived from Havana. ROJAS borrowed 20 pesos from L-9 at the time. On 21 Dec ROJAS paid back L-9 and told him that Mexican authorities confiscated a book by Jose MARTI and other literature he was carrying with him when he arrived on 20 Dec. He was furious.

11. L-9 said that when Guillermo LEON Antich returned from his "inspection tour" in S.A. and was in Mexico, he called L-9 aside and queried him re conditions in the Cuban Embassy. (November 62)
12. L-9 provided the following XXXXX newspapers, dated 21 Dec 62 which he got off the plane (Cubana): Hoy, El Mundo and Revolucion. Also the magazine Cuba.

PONCE told L-9 he had 600 copies of this book which he would like to give to the Embassy for distribution but that first he wanted L-9 to read it. He gave L-7 two copies. L-9 told Ramon PONCE he would discuss it with ~~XEM~~ SINOBAS. CAMPOS wrote his address on the book L-9 gave the CO. It is as follows:

Rolando CONDE
And others in the Embassy, i.e. living in

12. L-9 said that he met Alba GRINAN, Cuban, who arrived in Mexico from the O.N.U. L-9 said that GRINAN, a mulatto type, was carrying 7 suit cases and a briefcase. GRINAN told L-9 she had to keep the briefcase with her at all times. GRINAN also said that Raul PRIMELLES and his wife saw her off at the airport. L-9 said that GRINAN left for Havana on 24 Dec 62.
(Comment: Airlift for 24 Dec 62 indicates Alba MUREZ Grinan, Chilean (sic) with Dip PP D/60/764 left for Hava on that date. This obviously typographical error, i.e. Chilean nationality.)
