MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LITAMIL-9, 16 November 1963

1. A meeting was held with LITAMIL-9 from 2000 hours to 2230 hours, 16 November. The meeting took place at B's home -- pick-up was by car and B's wife sat in back with L-9 -- he was introduced to her as "Señor Aguilar."

2. L-9 reported that on the afternoon of 16 Nov he was called by ANLEO-3 who wanted to see him on a matter of importance. L-9 was quite surprised to receive this call but told A-3 to "come over here now if you want to." A-3 said he thought it would be better for the two to meet at the bar of the Del Prado Hotel at about 1800 on 18 Nov. L-9 asked B for instructions. B said that in view of the possibility that L-9's home phone might be tapped or that A-3 might let word leak out that he had contacted L-9, L-9 should inform Ambassador Hernandez Armas of the call -- it was agreed that B would consult further on this matter and that the final decision would be relayed to him on the evening of 17 November -- L-9 would call B's home and B, in a short conversation would use the word Acapulco if the incident should be reported -- Mazatlan if not. (L-9 called as scheduled and the word Acapulco was used). L-9 was advised to keep away from A-3 who was believed to be in town in connection with his efforts to get his relatives out of Cuba. He was told not to go to the Del Prado Monday night unless Armas insisted that he do so. He should make every effort to avoid any encounter with A-3 -- staying away from his home as much as possible.

3. L-9 has some lingering suspicions about A-3 -- said that back in Cuba A-3 used to drive a Mercedes Benz 190-SL sports car, bright red, which he sold to an officer in the Mexican Embassy -- L-9 found this strange since the Mexican, who had diplomatic status, could bring a new car into Cuba duty-free at much less than the going price for a used one on the local market. L-9 concluded from this that there might be some sort of hanky-panky between A-3 and the Mexican official.

4. L-9 reported further as follows:

2 copies
"P" &

a. He has seen a bit of Horacio FLORES Sanchez of the Bellas Artes Institute lately and has come to the conclusion that FLORES is 100% in favor of the Castro regime. He arranged a meeting between Amb. Hernandez Armas and Flores at the Hotel Maria Isabel on Thursday 14 Nov (we picked this up on LIENWAY). This had to do with an exhibit of Mexican art in Cuba -- scheduled for January 1964. L-9 had earlier made some arrangements to send Mexican paintings by air to Cuba (also picked up on LIENWAY).

b. On 14 Nov Mexican doctor (name) MARTINEZ [redacted] in Cuba, now in Mexi, reported that [redacted] had been helping the Cuban government and had, in the guise of hurricane relief, sold to Cuba 200,000 pesos worth of merchandise for only 30,000 pesos.

c. At the airport on 11 November L-9 saw the Cubana stewardess Marta YERINA speaking with a "known gusano" (L-9 doesn't know him by name). This "gusano" is often at the airport [redacted] has curly hair. (Couldn't be our [redacted])

SECRET

- d. A Mexican medical student who has been trying to get to Cuba for at least three months came back to the Embassy a few days ago to see about the status of his visa application. His name is ALEJANDRO.
- e. TERESA is suspicious of the American who has been ~~con-~~ ^{contacting} her about chances of going to Cuba. She said that he asked her how MIGUEL could be as foolish as to proclaim himself openly as a Marxist-Leninist and to state that President Kennedy is ~~illiterate~~. Teresa thinks this man is some sort of provocateur. (He is the same one mentioned in the last L-9 CR)
- f. Dra. MACHADO has told Teresa not to have anything to do with Silvano REYES Fuentes without checking beforehand with her.
- g. ^{Jose} PERNAUZZ Roa (known as ROA) was working until the wee small hours of the morning on the night of 14-15 Nov. (Code work?)
- h. PEREIRA's name is Raul.
- i. Raul PEREIRA says he is going to get married in May in Cuba to a girl who works in MINREX. When asked if this would be by proxy, he said he would go to Cuba for the marriage but that his wife would not subsequently come to Mexico. (This is an interesting tidbit -- it will be recalled that PEREIRA has been coming up on LIENVOY as a possible homosexual.)
- j. ^{Essebo} AZCUE will be leaving for Cuba on 18 Nov. L-9 believes there is no force in the world that can deter AZCUE from his determination to return. A's wife is desperate, hates the thought of going to Cuba but does want to see her children who are there. L-9 overheard A say in the office: "I've already started to fight, within a year I'll be a prisoner in the Cabaña Fortress." Said this on 15 Nov.
- k. Rosario CASTELLANOS, female, Mexican writer, was at the recent Embassy party given ~~in honor of Alejo~~ in the honor of Alejo CARPENTER. She works at the UAM where she has a responsible position. She said that she had asked the permission of the Rector CHAVEZ to go to Cuba. CHAVEZ turned her down at which point she said, "I quit." CHAVEZ then smoothed her ruffled feathers by explaining that if she were to quit she would be acting in an unpatriotic manner in a difficult situation since now that DIAZ Ordaz is lined up for the Presidency all future appointments will be of people from the political right and she would only create a vacancy for a rightist.
- l. A Cuban in town looking for a visa to return home to Cuba entered the US six times illegally. His name is Jaine BUSO Molina.
- m. Ambassador Hernandez Armas says that ^(L-9) Foreign Office was "very helpful" to the Cuban Embassy in recent negotiations about the release of Cuban boats at Cozumel.
- n. On Wednesday 13 Nov at 1000 hours L-9 overheard Nico GARCIA telling a man at the door of the Embassy that "there have been a lot of problems with the couriers lately, efforts have been made to steal the pouches."

- o. At 11:15 hours on Wednesday 6 Nov. [redacted] had an interview in his office with Manuel MARQUEZ [redacted]. [redacted] turned his radio on and kept the volume very high while the interview was in progress.
- p. A French woman named [redacted] staying at the Hotel Presidente room 705, attended the recent Embassy [redacted] in honor of CARPENTIER party.
- q. A Cuban (name?) who went to the US about a month ago in a small boat and who has in his possession an E-15 Parole Form returned to Cuba from Mexico on 16 November. He had [redacted] it from the Embassy.
- r. Many people at the CARPENTIER party were surprised to see LEONOLDO [redacted] there -- he had never been there before.
- s. Dolores de la Mora was shooting off at the mouth at the same party. She called the Argentine journalist PUIGROS over to her and said, "Isn't it true that MARQUEZ blasted DIAZ Ordaz purposely -- to insure that he would get the PRI nomination. PUIGROS agreed. (This refers to the issue of Politica which had a photo of DIAZ Ordaz on the cover along with the words -- He will not be president). Dolores said that DIAZ Ordaz is a good friend of her father and that her brother will probably become a diputado in the new legislature. She said that DIAZ' line would be the same as LOPEZ Mateos' -- no problem.
- t. Lately the Ambassador has been turning on loud music in his office. (To cover conversations - ?)
- u. L-9 went to the Soviet Embassy party celebrating the October Revolution - 7 Nov.
- v. L-9 took the pouch to the airport Friday (8 Nov-?). He was accompanied by Rogelio. He turned the pouch over to the "sobrecargo" (steward) on the Cubana plane. Had picked it up just inside the door of the Embassy. (Test mission-?)
- w. The planned exhibition of Cuban engravings at San Luis Potosi did not come off for reasons not fully clear -- some administrative SNAFU. L-9 is now planning to set up an exhibit at Guadalajara.

5. B informed L-9 that he would be on vacation from about 2 December until Christmastime -- said that he could put L-9 in touch with another officer during this period or could put the operation on ice with an emergency rail channel left open. L-9 said that he much preferred to put it on ice, does not want to be exposed to any more people. For the first time he showed some concern about finances -- said that he might go to Cuba for Christmas and would like to have some money available to do some shopping before [redacted] also needs to pay the next six-months advance rent for his apartment in December. He explained that when he goes to Cuba he hopes to take many gifts -- has all along been sending packages to his sister-in-law and feels that this is good insurance in several ways, especially since it suits her to have a source of supply in Mexico -- hence L-9 would probably be left alone and allowed to remain in Mexico. For his rent he will need six times 650 pesos or 3,900 pesos. It is planned to pay him his November and December salary plus a year-end bonus [redacted] pay (as per local custom) at the next meeting -- [redacted] which should enable him to pay his rent, do his shopping, [redacted] he will go to Cuba for Christmas. If he does he will spend about 3 weeks there.

6. L-9 made it clear that if he does go to Cuba he (as last year) does not want to take any SW material or have any contact with KUBARK people inside. He will, of course, keep his eyes and ears open and make as many interesting contacts as possible. It is felt that we would be foolish to insist that he undertake any "mission" inside in view of his outright refusal last time to take any SW materials. A good briefing and debriefing should do the job. It would do him no harm to renew acquaintances inside Cuba and a true vacation would probably do him a lot of good.

7. Next meeting: Open.

Lawrence F. Barker

Add: No heart-to-heart motivation-boosting session was required at this encounter -- other than being a bit shaken by the AMLEO-3 phone call, L-9 was in a good mood and not noticeably nervous. B's wife remarked on 18 Nov that "Aguilar" was quite nervous when he got into the car at the pick-up point.

SUBJECT : Addendum to GR covering meeting with LITANL-9, 16 Nov 1963

LITANL-9 reported the following additional information:

Ralph B. Stein, an American citizen holding passport B 661033, residing at 1510 E. 52nd Street, Chicago, Illinois, left Chicago Tuesday 12 November and came to Mexico via Canada where he obtained a Cuban visa at the Cuban Consulate in Toronto. He arrived in Mexico on the night of 15 November and stayed at the Hotel Agnes. He visited the Cuban Embassy on the morning of 16 November and was due to fly to Cuba the same day. The Cuban Embassy paid \$ 23.80 excess baggage charges for him (US Cy).

Stein is an engineering draughtsman and speaks Italian. He left a postcard with L-9 to be mailed to:

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meetings with LITMIL-9, 23 and 27 November 1963

1. On the night of 23 November L-9 contacted Barker by phone and a meeting was held from 2130 to 2230 hours. L-9's reason for making the contact was to express his condolences for the recent assassination of President Kennedy. It was clear that L-9 was badly shaken up by this happening -- when he spoke of Mrs. Jacqueline Kennedy his eyes clouded up with tears.
2. L-9 was asked if he had ever seen Oswald -- no. Had he ever heard that Oswald visited the Cuban Embassy in Mexico -- no. Did he know anyone in the Cuban Embassy that knew Oswald or knew anything about him -- no. *At this time Silvia Duran was in the hands of the Mexican police but L-9 was obviously unaware of her detention.* Asked what the reaction of those inside the Embassy was to the news of the President's death, L-9 said that he had heard very little talk about it, that the Saturday morning staff meeting was a short, perfunctory affair, but that just about everyone seemed to be truly shocked. He had heard no one expressing pleasure about the killing. He said that this reinforced his belief that once Fidel Castro falls, the Cuban people, even many of those who are now classified as *patricia o Muerte* types, will quickly show themselves to be essentially good people and essentially US-oriented.
3. L-9 was asked to report on the aftermath of his conversation with Ambassador Armas about the phone call L-9 had received from AMEP-3 and which, in the interests of security, it was decided, with HES and JMWAVE assent, that L-9 should report to Armas. L-9 said that this went very smoothly -- that Armas apparently did not recognize AMEP-3 when he was mentioned -- L-9 merely stated that he had received a call from Captain (Surname), that the Captain wanted L-9 to come to see him at the Del Prado, that L-9 felt that this was somewhat suspicious and told the Captain that if he wanted to see L-9 he should come to L-9's home. Armas told L-9 that he had done the right thing -- that he should not go out making mysterious meetings with people in hotels. L-9 did not press the point but he believed that Armas thought that the captain mentioned was a Cubana airline pilot. Anyway, his skirts are clean should the question ever come up of his having been contacted by A-3 -- he reported the contact to his Ambassador. L-9 remarked afterwards that he really hated to brush off A-3 as the two families were very close in Cuba.
4. Another meeting was held from 2100 to 2200 on 27 November. By this time the arrest of Silvia Duran was public knowledge and L-9 made it his first topic for discussion. He said that Silvia was back in the Embassy on Monday the 25th and said that she had been held for 6 hours by the Federal Police. She seemed to be quite pleased with her performance -- said she kept reminding the police that Mexico is a free country and that the constitution guaranteed her freedom from such persecution. To this the police just laughed and said that the constitution wouldn't do her much good in jail, she had better cooperate if she wanted to get out. She freely admitted that she had seen Oswald in the Consulate, that he came to her for a visa but that Cuba had answered the request (this seems like fact) to the effect that Oswald could not be issued a transit visa en route to the USSR unless and

~~SECRET~~

until he received a USSR visa. She said that the cops had threatened her with extradition to the US (seems unlikely) whereupon she said she would be glad to go to the US to face Oswald. She said that complaints would be made to President LOPEZ Mateos through Enrique MARTINEZ. (L-9 does not know who MARTINEZ is or what his access to IM is) Silvia said that she was quite surprised that word of her arrest was relayed to Raul MARICIO Nogales so fast by (FAN) MARTINEZ who flashed the word by 2300 hours 23 Nov. At this point Teresa PEREZ, one of the crowd listening to Silvia tell her tale, ordered her nephew to leave -- said, "we don't want you around here." All in all, Silvia thought she did a good job of standing up to the police. L-9 repeated, as he has done before, that she is a very intelligent, quick-witted girl. She did not appear to have been roughed up in any way or to have suffered from her "ordeal."

5. L-9 had nothing more to offer on the Kennedy assassination -- was again shown a photo of Oswald -- never saw the man. He said that there is not much talk around the Embassy about the killing -- perhaps because no one is expected to approve of such a thing yet at the same time no one wants to make too much fuss about it for fear of being suspected as pro-American.

6. L-9 reported on other matters as follows:

- a. The Counselor of the Soviet Embassy (no name given) came to the Cuban Embassy at about 1045 Monday 25 November. He spoke with Era. Margot MICHARD. The Ambassador was not present at the time.
- b. Inc. Jorge TIRADO was in the Embassy on Monday 25 November. He remarked that he had been to see DIAZ Ordaz some time ago about getting a permit to send his son to Cuba to see the heart specialist Dr. Enrique CHARRA. (His son suffers from some heart ailment). DIAZ Ordaz questioned T closely about the projected trip (this was while DO was Minister of Government) and T took advantage of the occasion to complain to DO that people from the procuraduria had confiscated some medical slides from a Cuban heart specialist at the airport. (L-9 was the person who eventually recovered these slides). According to T, DO was somewhat upset, said that the procuraduria people had no business doing this, and saw to it that the slides were returned. T said that DO mentioned L-9 by name, telling T that he would see to it that an order was issued for the slides to be turned over to L-9. T passed word around the Cuban Embassy that everyone should be very careful to speak only the best of DO who might prove to be a useful friend.
- c. A meeting of Consular officers from all Cuban Consulates was held on Tuesday. L-9 does not know what went on at this meeting.

7. L-9 was paid 12,000 pesos -- 4,000 each for the months of Nov and Dec plus 4,000 year-end bonus. He was told that the C/O would be out of town during most of December and he reiterated his desire to have the operation put on ice during the interim -- he is not anxious to be "exposed" to any more people. Arrangements were made for an emergency commo channel to him in case it might become necessary for us to contact him during the C/O's absence. Details on next page.

8. L-9 asked B to buy him some oil paints in the US -- said that the Mexican product is inferior. Will do. L-9 is doing a lot more painting these days. He is now putting the finishing touches on an oil painting

SECRET

of Camilo CIENFUEGOS which he plans to give to the Embassy, possibly to be raffled off, proceeds to go to hurricane victims.

9. He was asked for additional detail on Luisa Calderon -- had little to offer except to report that Luisa had recently moved. He believed that she had been living with the MACEDO's and Peregrina ALONSO but found that this was a bit confining and had moved "about ten days or two weeks ago" to live with a Mexican family. L-9 believes that her mother returned to Cuba some time ago. Her, Luisa's, new phone is 30 - 52 - 65. She "talks like a Communist," and speaks English -- L-9 thinks she has been in Miami, Florida -- does not know when. He says she is "muy mona" -- very pretty. She is about 24 years old.

10. The corrao arrangements set up with L-9 were as follows:

Signal: Someone will phone L-9's apartment at 0800 hours and will use the word "alfombra" -- rug -- perhaps saying, we will be buy to pick up the rug you want cleaned -- something in this order that uses the word ALFOMBRA. L-9 will reply, "You must have the wrong number."

Meeting: The night of that same day and on subsequent days until contact is effected L-9 will go to a public phone booth at the corner of Reforma and Avenida Monte Altai (Lomas) at 2000 hours -- 8:00 p.m. He will be approached by an American who will have in his possession and clearly visible a copy of TIME magazine and a pack of FILTER cigarettes. No verbal signals were laid on. L-9 can be readily identified from photos on file.

Note: There is a bookstore -- the one with the huge red lighted sign LIBRERIA about a half a block up Reforma (up hill) from this phone booth -- L-9 as a confirmed bookworm can lounge around here, browsing until 2000 hours. L-9 is punctual -- always on time.

Person making call to L-9's apartment should speak excellent Spanish and should keep the conversation short. DO NOT ASK FOR L-9 by name -- he is going to say it is a wrong number. He lives alone and is always home at 0800 hours.

The contact point (phone booth) is on the right side going up Reforma -- beyond Petroleros monument -- a short distance beyond the Malpas restaurant.

11. L-9 turned over some Havana newspapers which will be forwarded to JMWAVE.

Cuban "Identification" of KUBARK Agent

Raul MACIAS Franco, Cuban delegate to the Assembly in Mexico City of the International Union of Architects, which followed the Architectural Congress held in Havana in early October, informed LITAMIL-9, a Mexico Station agent, that the Cuban government had identified the Greek delegate to the Havana congress as a KUBARK agent. MACIAS did not identify the delegate by name and did not give any further details.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LITANIL-9, 15 October 1963

1. L-9 was picked up in Felanco at 2000 hours and driven to B's home where a meeting was held until 0020 hours (16 Oct) at which time L-9 was dropped off in Colonia Cuauhtemoc. He identified 90 photos from among several hundred taken from the LIERODE Base House; he was unable to identify any from the LIEMBRACE coverage of the AMKNOB-reported Safe House at 157 Pachuca.

2. L-9 reported on the following:

a. On 8 October L-9 and Paul APERICIO Nogales had a few drinks and dinner with Raul MACIAS Franco, Cuban delegate to the Assembly of the International Union of Architects held in Mexico City the previous week.

Reported by dispatch to Attous.

MACIAS said that the Greek delegate to the recent Architect's Congress in Havana had been identified as a KUBARK agent. He did not give this man's name.

our 4 file to Ramon CORONA B

The Mexican ~~Ramon~~ ^X CORONA gave the Castro-Cubans a lot of trouble in Havana and it was hoped that some way might be found to take the Vice Presidency away from him, because of the proposals he made -- which were disruptive, but the Cubans and their allies decided it would be best not to risk a fight with CORONA.

Sir Robert + Matthew

The Englishman who presides as president of the UIA (International Union of Architects) was, on the other hand, very docile and easy to get along with -- the Cubans liked him. When he came back from Cuba the Mexican authorities at Merida "gave him the works," dumped the contents of his luggage out unceremoniously and searched it carefully, confiscating from him a number of packages which only contained materials relating to the congress. The Cuban delegates, such as MACIAS, himself, got the same treatment and lost a number of things they were bringing to Mexico.

During the Havana congress, a number of lapel identification buttons (allowing holders to enter the sessions) disappeared and it was hastily assured that an American present, an editor of the Magazine Architectural Record had, in conspiracy with an English newspaperman, stolen them. These two persons were, accordingly, held under arrest at the Riviera Hotel one morning from 2 a.m. to 6 a.m. MACIAS had to intervene to secure their release. The American appeared "hurt" by the accusation and arrest and kept asking for someone to send him a drink. (L-9 said: If he was a KUBARK agent, he did a good job while under arrest, judging from MACIAS' account)

- b. Dr. Filiberto RAMIREZ Corria, a physician who was here for some sort of medical conference (having returned to Havana on 14 October) said that rumors were rife in Havana that counter-revolutionary forces planned to bomb Havana from the air during one of the sessions of the architectural congress. Anti Aircraft units were ready and care was taken not to announce when and where Fidel CASTRO would address the group lest he be the target for bombing.

(Note: RAMIREZ Corria was here with another physician for several days -- L-9 saw quite a bit of RAMIREZ and had him take some medicine to L-9's father on his return. He assesses RAMIREZ as a "very valuable element, one you would do well to try to win over to our cause." L-9 did not know the name of the other medico but identified his picture in the LIERODE take.

HMM - 8620

- c. A short time ago, Vice Consul Ovilio SANA of the Consulate in Veracruz told L-9 that he would like to close down the Mexican-Cuban Cultural Institute in that town -- it is not working out well, people are not attending meetings. SANA feels that the 800 plus pesos per month that this operation costs can be spent in better ways.

- d. RUIZ of the Commercial Office told L-9 that someone had given him 30 dollars in Cuba to buy a pistol here in Mexico and that he had managed to find one for 300 pesos. (LIENVOY recently revealed that RUIZ was buying a Spanish Llana pistol).

- e. Cubana Captain SAMIDEY saw L-9, VEGA, and ROJAS of Cubana at the airport on 14 October -- L-9 and VEGA had gone out together to see RAMIREZ Corria off -- and SAMIDEY pointed to the IL-18 on the field, saying that for several reasons they had not yet been able to get permission to use this plane (which brought the Soviet cosmonauts to Mexico) to carry medicines and other relief supplies as cargo on its return to Cuba. ROJAS later showed up about 6 p.m. at the Soviet Embassy (where a reception was in progress) to speak to Ambassador HERNANDEZ Armas about this same matter -- L-9 witnessed the encounter. (LIENVOY covers this subject).

- f. At the Soviet reception mentioned above, which was for the purpose of introducing Soviet delegates to the International Aeronautical Conference then in session, L-9 spoke with (fnu) CICERO of the Foreign Office -- L-9 says that CICERO is pro-Soviet, anti-American. He overheard a young Mexican official of the Mexican Aero Club asking CICERO if it was true that the Israeli delegate to the Aeronautical Conference was going to be expelled from Mexico -- didn't hear the answer to this. The expulsion was reportedly in connection with a "problema migratorio."

- g. The two-door blue Buick sedan used by the Commercial Office is going to be sold -- according to Vega.

in Mexico several months. He is a Cuban and was closely connected with "Che" GUEVIRA in some official capacity. He does not plan to return to Cuba but is still in touch with "Che" -- received a letter from him 2 weeks ago. As RAMIREZ and his doctor companion prepared to leave, "Biru" said, "My brother is chief of all those medicos in Cuba." "Biru" is a light mulatto about 35 years old. Coty SOLORZANO is now trying to get him a job in Mexico City. He usually eats lunch with AZCUE. At the airport he said he couldn't understand why AZCUE was willing to be recalled to Cuba -- said that he doesn't know how AZCUE will manage to survive what with ration cards and other such inconveniences.

PRIORITY TASK: IDENTIFY THIS MAN "BIRU"

1. ~~Mooner KHAN~~, a senator from British Guiana, left for Havana on 14 October -- he is very friendly with L-9, spoke with him before making an earlier trip to the Island which had to do with procurement of petroleum products from Cuba. He told L-9 that the Mexican Consul at Trinidad had given him a 6-months multiple entry visa but that this was taken away from him at the Mexico City airport. He wondered whether AZCUE might help him get it back. AZCUE told him to relax, that he could get another from the Mexican officials in Havana.

KHAN left a postcard with L-9 to mail to his wife. L-9 showed it to Barker. Copy:

- j. L-9 says that ^{Just}LLAGOSTERA and ^{Quoted}"LICH" are involved in a big love affair -- LLAGOSTERA is really love-struck and it is quite obvious to everyone in the Embassy that the two are involved -- they chat on the inter-phone quite often. (LIENVOY alerted us to this love affair recently) According to L-9 LLAGOSTERA is vulnerable because he has a wife and child in Cuba.
- k. Other insignificant items were reported on but not worthy of inclusion here.

3. A long conversation was held about clandestine operations in general, motivation, security, communications, etc. As has been discovered in the past, L-9 periodically requires an opportunity to explain why he is working for us and this must be followed up by renewed assurances on our part that we greatly appreciate his work and the high principles which motivate him. In this instance, comfortably ensconced in B's home with a glass of scotch in his hand,

L-9 was in a talkative mood and no effort was made to shorten the session. After he had performed his catharsis he seemed to feel much better about things in general although on the way home he remarked that he hoped the Cuban problem could be solved within a couple of years so he could get out of this work. It is clear that he feels strong pressure and, not being a daring individual, he is looking forward to the day when he can stop living a double life. Nothing new came of this conversation which ranged far and wide -- from antique automobiles to classical music -- except that it apparently did L-9 some good and gave the C/O a chance to insert a host of tradecraft pointers designed to sharpen up the agent's security and convince him that (1) his security and well-being is our primary concern, and (2) if we practice good security in the operation he need have no fears of being compromised. (NB: A tour as an instructor at ISOLATION is the best basic training imaginable for this sort of situation -- really pays off).

4. A start was made on sketching the physical plant of the Embassy but L-9 was quite tired at this point and this work was left for the next meeting. L-9 looked over our file material on the Embassy building and explained that so many changes had been made in the last year that most of what we now have is completely out of date. The next meeting will take up the Embassy premises as the first order of business.

5. Next meeting: Open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT : Meeting with LITAMIL-9, 26 October 1963

1. A meeting was held with L-9 from 2000 to 2135 hours in B's car (parked in Tacuba) on 26 October.

2. L-9 reported as follows:

*Comer source
Please
Report Ho!*

a. A few days earlier Coty^XSOLORZANO, sister-in-law of General Lazaro CARPENAS, told L-9 with a groan of disgust that it looks like DIAZ Ordaz has been chosen as the PRI presidential candidate.

b. The Ambassador is still using the wall safe built into the chimney of his office (we have photos of this in our files). L-9 thinks that the Embassy payroll is kept there as the other day when he walked into the Ambassador's office he saw the Ambassador shut the safe door -- Dra. MACHADO was there, having just returned from the bank where she withdrew the payroll. Dra. XMACHADO handles the payroll for the whole Embassy. MARGOT PADRON

EUSEBIO LOPEZ
c. XAZCUE is leaving PCS for Havana on 4 November.

MADRID VEGA
d. XVEGA is leaving quite soon. No replacement for him has arrived.

ALFREDO DIAZ
e. XMIRABAL is looking more and more like a "security type." He is a key man ("lleva la batuta all") and appears to be a convinced Communist. In the old days, before CASTRO, MIRABAL worked for the Sherwin Williams paint factory (L-9 thinks S-W in the States must have a record on him) which was located a short distance from the plant owned by L-9's father.

f. Dra. XMACHADO recently told L-9 that XVEGA was discourteous to her when she first arrived here but that he has softened up a bit recently and now seems to "accept" her. She thinks this may be because she lost two sons in the Revolution (no details given). She complained that LIAGOSTERA still doesn't accept her but JURRIN seems to be coming around. (This may be the usual resentment caused by a female in a responsible executive position).

g. Embassy staff meetings are held every Saturday morning from 0900 on -- usually lasting about two hours. They used to be held in the "theater" out back under the new construction but are now being held in the glassed-in terrace at the rear of the main building.

JOSÉ MIGUEL
h. Three Marxist study groups are being set up in the Embassy to include everyone on the staff. XBERNANDEZ Roa, known as ROA to the staffers, is ramrodding this effort. These groups should be organized within a week. (L-9 dreads the thought of submitting to this indoctrination but realizes he must go along with it).

SECRET

SECRET

i. L-9 recently suggested that Embassy staff meetings be held at night so that afterwards everyone could get together for dinner. RUIZ of the commercial office took exception to this -- said that the result would be just like the Rotary Club. Ambassador HERNANDEZ Armas supported L-9's proposal but did not press for approval and the decision was made to continue holding the meetings on Saturday mornings. Later on the Amb. told L-9, "well, I supported you, anyway."

J. ^{Joaquin HERNANDEZ Armas}
The Ambassador said at a recent staff meeting that he was taken to task by a Mexican senator who asked him why Cuba refused to sign the atom test ban pact. ARMAS (he, like ROA, is known by his matronymic) tried to explain that Cuba could never sign the agreement as long as she is the subject of American aggression. ARMAS said that Embassy staff people should be prepared to answer such questions and mentioned that a request was being sent to Havana to allow the expenditure of sufficient funds to print up 10,000 copies of Fidel CASTRO's speech of 28 September to be distributed locally -- this speech apparently conveys the present "line" on the test ban issue.

k. Foreign Minister ROA recently mentioned in a note to ARMAS that he is glad to hear that L-9 is painting again. L-9 was, in turn, pleased to hear that the Foreign Minister takes a personal interest in him. L-9 has recently done four paintings -- all female figure studies. (1) B asked him if he might not do something revolutionary from time to time -- such as a militia girl standing guard with a sub-machinegun. L-9 says he has thought of this but doesn't feel inspired.

^{Victor} TRAFOTE recently visited the Embassy and said that his daughter Irina, the ex-wife of Ramiro VALDEZ, will be coming to Mexico soon on a "special mission." He also said that his nephew, a Chilean, (no name mentioned) recently arrived here proceeding from the USA.

m. L-9 got a nice thank-you letter from Mercedes ^XLECHUGA -- sister of former Ambassador LECHUGA -- thanking L-9 for having sent her a bottle of perfume. L-9 was pleased to get this evidence of confidence since, as he says, if LECHUGA were the least bit suspicious of him Mercedes would not correspond with L-9.
have

n. L-9 believes he heard the man with the thin mustache referred to as FEREYRA. This is the man who showed up at about the same time the unidentified "light skinned mulatto" (and possible code clerk) disappeared from the scene. L-9 identified his photo at the last meeting. (A Paul FEREYRA has been showing up increasingly on LIENJOY traffic -- we had considered this to be Raulito the messenger boy.) L-9 will try to find out more about FEREYRA and will look into the last name of Raulito.

o. ^X"Birru" -- see last CR -- L-9 had no more on this man except to report that he thinks Birru has found a job and that Coty SOLORZANO helped him to get it. L-9 says that Birru was sent to Mexico by "Che" GUEVARA.

- p. Regarding Sara ^{HERNANDEZ} Cata, now in Caracas, L-9 recently learned that sometime in the past when Sara was on a Cubana plane at Mexico City, preparing to depart for Havana, she made a few anti-Revolutionary remarks. These were reported to Orfila, who reported them to Teresa PROENZA, who reported to Ramon SINGRAS (at the time Charge at the Embassy), who fired off a cable to MINREX Havana. When Sara got to Havana she was accused of "intrigue." Teresa PROENZA recently told L-9 about this. (REPORT TO CARACAS STATION).
- q. A Cuban functionary on his way to Uruguay from Havana had some trouble with Mexican officials at the Central Airport -- a Cde. VENTURA took some papers away from him when he arrived 24 October and as a result the Cuban was forced to cancel his onward reservations on Varig for the night of 25 October -- said he could not complete his mission without his papers. (Reported this to CAHOT 28 Oct in case LIFIRES might be able to get hold of the papers in question).
- r. L-9 says that ^{MACHADO} ~~Dra. MACHADO~~, her daughter ^{PERLA} ~~Perla~~, and ^{PERCERRINA} ~~Percegrina~~ XALONSO all live together near the Embassy. (This may be in 157 Pachuca where the AMENOB-1 safe site was located) L-9 will ask Dra. MACHADO to have dinner with him at his apartment -- making sure she is there well after nightfall so that he will be obliged to see her safely home and, in the process, find out where she lives.

3. As usual L-9 needed a bit of bolstering. He said that he feels intense pressure at staff gatherings when everyone looks at everyone else present and wonders "who is the Judas in this group." L-9 stated that he would much rather do some other kind of work and would rather sell tomatoes on the street than do what he is doing now. The thing that really keeps him going, aside from his expressed regard for KUBARK and his oft-repeated affinity for the Anglo-Saxon, is his sincere disgust with the CASTRO regime. He again told the story (B has heard it a half-dozen times and Shryock probably heard it often before that) of his father's having built up a big business by unstinting hard work -- of having brought his family up from nothing to a position of honest respectability -- only to be classified as a "bandido" and "explotador" by a bunch of revolutionary buses with beards. It is the case officer's belief that if L-9 did not have a release through painting he would break off from the Embassy and, naturally, from KUBARK. It is furthermore believed that if we were to ask L-9 to submit to an ECFLUTTER examination as Headquarters has recently suggested, L-9 would immediately break contact with us as no matter how diplomatically the build-up might be phrased he would take it as a slur on his honor and we would be without a penetration into the Embassy.

4. Next meeting: Open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT : Meeting with LITAMIL-9, 4 Nov 1963

1. A meeting was held with L-9 in B's car from 2200 hours to 2345 hours, 4 Nov. The car was parked in the Tlaxpana area.
2. L-9 reported as follows:
 - a. Manuel VEGA left on PCS orders for Havana on the 3 Nov Cubana flight. Coty SOLORZANO bid him goodbye at the airport along with members of the Embassy staff. It is not clear who is or will be replacing VEGA.
 - b. ^{Just} FERNANDEZ ROA worked very late the night of Friday 1 Nov. L-9 still thinks he may be doing commo work.
 - c. ^(Approved) "Nico" GARCIA is going to move into the row of offices where L-9 is now located and is being "caged in" -- is installing door, blinds, etc., as did ROA recently.
 - d. ^{Exhib} AZCUE will be around for a short while before returning to Cuba -- he is planning to take a trip to Campeche with someone named LIZALDE to study building materials in preparation for AZCUE's assignment to JUCEPLAN as an architect when he returns. L-9 went on at some length about AZCUE -- said he was certain that AZCUE is not a Communist, not a CP member (note that AMKNOB-1 has AZCUE admitting he has been a Communist for many years - ?) L-9 repeated that AZCUE is an implacable foe of "the Pentagon, and the ruling circles in the US" but has a high regard for the American people. AZCUE's wife is still very upset at the prospect of going to live in Cuba. L-9 thinks AZCUE is a loyal Fidelista who would never knowingly cooperate with the Americans. At lunch with L-9 on 4 Nov AZCUE lashed out against the Cuban CP -- said that Lazaro PENA should be shot -- he has served his usefulness -- after the shooting a monument could be raised to him, but Cuba would be much better off with him out of the way.
 - e. ^{Approved} MIRAMEN, AZCUE's replacement, is not popular and nowhere near as effective as AZCUE. Sylvia MIRAMEN doesn't like him but will probably go on working as his secretary for the time being.
 - f. L-9 saw AZCUE kidding with Sylvia recently in the office -- chiding her for being a Communist. Sylvia replied, "It's not true. I am not a Stalinist and I have never been interested in Party membership. I don't accept the Party line and by talking this way you are insulting me!" L-9 thinks Sylvia is a very intelligent girl. He thinks we might be able to gain her cooperation by getting a desirable male next to her -- she is, according to L-9, "a little putita."
 - g. AZCUE told L-9: "If they don't give me a good job in Cuba, I'm not

SECRET

SECRET

going to be upset -- I can always get a job here in Mexico."

h. L-9 exhibited a book by Alejo CARPENTIER (who is in town). This book, entitled Los Pasos Perdidos, published in Mexico, had inside the cover two handwritten dedications to L-9 -- signed by CARPENTIER. The first was written when the two first met -- the second was written after L-9 had CARPENTIER over to his studio and C got a look at his paintings -- this dedication lauds L-9's ability as an artist.

i. L-9 showed B his address book -- in it he has a bookmark which consists of two ribbons - red and black -- with a small photo of Fidel CASTRO attached. L-9 likes to "casually" display this little item when consulting his book in the presence of Embassy officials. He says it has a nice effect on them.

j. L-9 overheard Teresa PROENZA on the phone (we have the same conversation on LIENVOY) saying that Ambassador HERNANDEZ Armas' wife is coming to Mexico on Friday 8 Nov and that she would not be staying at the Embassy, but would put up somewhere outside, probably with Dra. MACHADO. Teresa indicated that all is not well with the ARMAS family and that this was a somewhat scandalous situation. (We might be able to make some capital with Mrs. Edz. Armas by tipping her off about the Amb's dalliances)

*CARBONELL
CLARA CARBONELL
DE HERNANDEZ

k. A tall, blond American student has been in to see about traveling to Cuba. He is studying at a University in Mexico City. (This sounds like the one who came in to see Joe Montllor recently). He is suspected of being an American agent -- "Licha" says that he is an agent for sure. He was there on Thursday, 31 Oct.

l. ^{MATEOS} LOPEZ told L-9 that he soon intends to marry a Mexican.

m. ^{JOSE} FERNANDEZ is not happy about being a mere Press Attache. L-9 thinks this is a cover position and that ROA is probably CIS.

n. Teresa PROENZA spent the weekend at CARDENAS' place in Michoacan. She came back highly incensed that Gustavo DIAZ Ordaz had been uncovered as the Presidential candidate of the PRI. She said that LOPEZ Mateos made the choice himself. L-9 thinks this intelligence came directly from Lazaro CARDENAS. Teresa and the Ambassador were closeted for most of Sunday 2 Nov -- presumably T was filling him in on the political picture as a result of her visit with CARDENAS.

o. Someone named (fnu) IBARGUENOITIA, Reforma 7, Coyoacan, D.F. has recently received correspondence from the Casa de las Americas in Havana.

p. A Chilean artist (painter) named Hugo MARIN has been hanging around for a visa and the authorization finally came from Hava. This man formerly lived in Cuba, is wealthy. He is considered as a probable agent of the imperialists but the embassy feels he can be watched closely once he is in Cuba.

CAGE?

They not call

on a letter?

3. L-9 was in a pretty good mood, said that his sessions with the C/O give him "animo" and are a good antidote for the feelings he has in between meetings when he is sitting in his office, or beside the Ambassador, and wonder-

SECRET

SECRET

ing how long he can go on without being discovered and what the others in the shop think of him. This was a good opportunity to inquire into the latter point, and B asked him to explain just what his posture is vis a vis his associates and outsiders who know him only as a CASTRO official. He talked for about 30 minutes on this point, explaining that he tries to project the image of a man who is "more artist than politician," who is not a revolutionary type but who believes that "there is a job to be done here, I have been chosen to do it, and I intend to do it -- wanna make anything of it?" He says this works very well -- he emerges as a dedicated, more-or-less apolitical worker, who is not going to take any foolishness from anyone who gets in his way, and who, like many artists, may be just a bit wacky. He cleverly manages to lose his temper from time to time with good effect since no-one wants to ruffle him too much lest his well-known "pull" with Fidel might be employed.

4. He was paid 4,000 pesos for October 1963. *

5. L-9 is planning to do a painting of Camilo CIENTEFUEGOS which will be raffled off so that the proceeds can be sent to Cuba to aid victims of the hurricane.

6. He furnished B with a copy of the 3 Nov issue of HOY which carried the AMGLOSSY confessions. This was airmailed to the PIEPER address at WAVE on 5 Nov.

7. Next meeting - Open.

8. Problem: It will be more difficult to get L-9 into B's home in the future owing to the recent installation of mercury vapor lamps in Loras which light the area up almost to a daylight degree. In view of the necessity to sit down with L-9 from time to time to pour over papers and photographs -- as well as the desirability to have him relax with a drink in hand -- a safehouse would seem to be more-than-ever in order, but L-9 is extremely nervous about the prospect of meetings in a safehouse. It is believed that a carefully-timed arrangement, whereby B's wife could swing open the gates of the B home may do the trick and enable us to continue to use the B residence for meetings from time to time.

How about
minutes
walkie-talkie
to signoff?

Lawrence F. Barker

* A good example of L-9's skittishness is his approach to signing receipts for his pay. He signs each time with a different scribble.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with LITANIL-9, 23 September 1963

1. A meeting with L-9 was held at the agent's initiative from 2030 hours until 2500 on 23 September. The pick-up was made on Chiers and L-9 was dropped off several blocks from his home after the meeting. The meeting took place in the C/S's car, parked on a dark street in Polanco.

2. L-9 reported as follows:

Architectural Congress in Havana: Practically all of the students from Havana have already gone in by air. Of the 60-odd professional architects who were expected to go as delegates it appears that only 5 would be attending -- the others had been scared off by adverse publicity and the thought that they might appear on some sort of American blacklist if they were to go -- and by fears that they might have trouble getting back from Cuba once there. By some queer quirk of fate, Architecto Humberto LITANIL, the man who did most to set up the congress from the Mexican standpoint, did not receive an invitation. Embajador Manuel, Cultural Counsellor, sparking for the operation in the Cuban Embassy, was surprised and shocked that LITANIL was not invited.

An American named HELM (Dun), editor of or adviser for the publication Architectural Record has been at the embassy trying to get a visa for Havana.

HELM was in contact with a person staying at room 216 of the Hotel Cardinal regarding the congress, telephone 19-52-32. He asked L-9 to call the hotel at that number, ask for room 216, and tell the man who answers that LITANIL would like to talk to him. L-9 was not given the man's name and he told not to ask who was staying at the room -- just get the man on the line.

ROSENBERG, who works for LITANIL in the Foreign Office told L-9 and HELM that the Cuban Embassy would give all available assistance to the Embassy in Havana. The arrival of delegates to the congress, the of Bristol flight in Havana on 23rd flight was authorized (the request for LITANIL directly by authorized was ignored by LITANIL) and the various forms of my notice having commercial relations with Mexico was said. He said that Mexican Consuls abroad had each advised to facilitate travel of his. He by issuing 30-day Mexican transit visas. LITANIL was much more pleasant than ROSENBERG had been at the previous encounter (see last subject report).

3. Russian-Japanese Split: During the recent Philosopher's Congress a function was held at the Russian cultural institute at which the Soviet philosophers were the guests of honor. L-9 was invited and

DETAILS

APRILIO was not. This was within a minute but L-9 took him along on his own initiative. The place was packed with people, L-9 and APRILIO were sitting near the front when suddenly a woman slipped these copies of Chinese propaganda to him from behind -- he had forgotten the she was. These were the 7 Aug, 14 Aug, and 21 Aug issues of 'SERVO INFERNO' and all concerned the Chinese position in the office with the USSR. L-9 and APRILIO were surprised that the Chinese would take advantage of a Soviet function to try to win over the Cubans to their point of view.

3. The recent issue of 'SERVO' (p. 135) contained a strong editorial against the US and USSR ambassadors to the Philosopher's Congress. This editorial was considered somewhat by the Cuban Embassy which deplores the widening Soviet-Cuban rift. By branding the Soviet delegates as not interested in any countries other than the US, 'SERVO' would soon (in the eyes of the Cuban Embassy) to have moved solidly into the Chinese Communist camp.

4. French travel to Cuba: Srta. Felicitas (Mrs) of the French Embassy phoned L-9 about a French girl who want to visit Cuba but who want assurances that they will be able to get out of Cuba right away after interviewing the Communist port Nicolas Guillen. These two are Srta. Felicitas and Srta. Felicitas. Mrs. FELICIA has to move on to Sofia, Bulgaria without delay. Both came to the Embassy on visa matters. FELICIA speaks quite good English and Spanish and has been in Moscow.

This is for your information...

5. An American lawyer named (Mrs) BENTON was in the Embassy a few days ago to get a Cuban visa. L-9 talks to her represents an Oregon legal firm.

6. L-9 is going to set up his exhibit of Cuban engravings at San Luis Potosi in collaboration with the Mexican National Institute of Fine Arts which will be the sponsor and will furnish the exhibition hall.

7. A Mexican named Hernandez (Mrs), who has a daughter in Cuba, has recently been in close touch with Ambassador Joaquin HERNANDEZ Armas.

8. L-9 is passing along reports with the Ambassador. When former Ambassador HERNANDEZ was at the airport preparing to leave he was most grateful in his remarks and L-9 mentioned HERNANDEZ said to L-9, "I wish you could be in Cuba as you are to FORTUONO -- wish you had the same system as Cuba."

9. Telephones: L-9 was asked to check the status of all phones in the Embassy -- seven landlines. He said that the modern, upright cream-colored phone which was in the office in the same office -- used to be used by the former HERNANDEZ but this office is now used by APRILIO -- is in the rear of the Embassy above the little theater. It has been out of order for about two weeks and APRILIO is trying to get it fixed -- asked L-9 if he had any "pull" with the phone company because he could even in an office it. (NOTE: This is our hot-line phone which recently failed to operate when we tried to reactivate it).

3. Next meeting: 1:30 open.

27 September 1963

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with MICHAEL-9, 25 September 1963

1. A meeting was held with L-9 in Barker's car in Polanco from 2230 to 2355 hours 25 September.
2. L-9 gave the following list of Mexican delegates to the Architect's Congress in Havana:

Francisco X. GARCIA
Antonio GARCIA

3. L-9 said that a telephone company representative had been in the Embassy that morning looking at APAREJO's out-of-order telephone (this is the one WILFORD doctored up for us) and would be back, perhaps 27 September, to fix it up.

4. Srta. Uta, Maria del Rosario GUERRA, Institute Potosino de Bellas Artes, Venustiano Carranza, 100, Tel 28-12, San Luis Potosi, S.L.P., has been designated by Bellas Artes to help L-9 set up his exhibit of Cuban engravings in that city.

5. A Colombian girl named (Mrs) SOUSA has recently arrived from New York City. From whence she fled when summoned by immigration authorities for an interview, and is now in touch with the Cuban Embassy here. She is on her way to Cuba to marry her Cuban boyfriend who works for the GOC. She made it quite clear that she is no Communist but said that she may have been branded as one by U.S. authorities for having a Cuban fiance.

6. Asked if he knew of anyone other than the Embassy living at 157 Pachuca, corner of Vicente Suarez (this is a house also supplied by AMENOB-1), L-9 replied that Walter, Srta. Uta, and Srta. Uta lived in an apartment there. He did not know the apartment number. (The one AMENOB-1 told WAVE about was 115).

7. B expressed his interest in the tailor, SOUSA who is in frequent contact with the Embassy -- patronized by L-9 along with a lot of others. (Bidding operation hatching in B's mind) L-9 did not know SOUSA's first name and did not know the name of the tailor shop where he works although he described it as on Uta, beyond Uta (house of Tiles) -- on the same side of the street -- before Uta -- next door to or almost next to an optical supply shop. SOUSA is usually at the corner there although he has a workshop on Calle Bolivar there he does most of the cutting, etc. L-9 said that SOUSA was a colonel of Assault Guards in the Spanish Republican army, was

apparently a regular army officer. He is well to the left but probably not a Communist. He is a Spanish Francophile, is very much like Eusebio AZUVE in political conviction. SOUZA is in frequent contact with Humberto GARCIA, alias "El Guero," who is a Cuban foreign service employee who is here in Mexico supposedly on a year's leave of absence. GARCIA stays away from the Embassy -- avoids it like the plague -- and is supposed to be disgusted with the Cuban revolution. (Garcia gets more interesting all the time) SOUZA is about 55 years old, "very Spanish," short, medium build, thinning hair. He was helpful to anti-Revista people (including Fidel CASTRO) here in Mexico, helped them get arms. (Note: He is often in LINCOLN traffic and it would appear that his relationship with the Embassy goes beyond simple tailoring) SOUZA did not like Ramon SARDINAS -- doesn't care for the fresh young kids the Cuban revolution is turning out.

S. L-9 was asked to report on all the people in the Embassy -- tell us who is there now (this done primarily in an effort to find who replaced SARDINAS so we can get after him); Names as L-9 gave them.

Cultural: Raul APARICIO Morales

Luis SANCHEZ Serna (now seems to be APARICIO's favorite)

Teresa ESCOBAR Pineda (she recently remarked that she may be sent to Cuba, was seen by L-9 cleaning out her desk, said she would keep her bags packed. APARICIO doesn't much care for her)

Name unknown -- new replacement for URBINA -- used to be

have been referring to URBINA at this point -- B's notes
not clear -- so this "unknown" may not exist)

After L-9 gave out with this list -- names listed just as he gave them --
he acknowledged that there was one more man on the premises -- the light-
skinned mulatto we have tentatively identified as the code clerk. A bit
of elimination should show us who this man is.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker

SUBJECT : Meeting with L-9, 5 October 1963

1. A meeting was held with L-9 in B-9 car track 2330 to 2145 hours on 5 October

2. L-9 reported on several subjects as follows:

a. Marta BOH, Chilean wife of Isidoro BOH, came in recently from Cuba on her way to Santiago, Chile. She carries a Chilean official passport and when she went to the Mexican Embassy in Havana to get a visa she was treated in a rude manner by an employee there named Jose Maria who said she could not understand why Marta BOH was carrying an official passport from Chile.

Marta told people in the Cuban Embassy here that the wife of Ambassador BOHUIS (Mexican Ambassador to Cuba) is always going around with a big smile on her face but that she is a hypocrite.

Marta said that, according to Ada ROA, Secretary of the Mexican Embassy, Havana, was observed taking photographs in forbidden places during the October 1962 crisis in Havana.

b. Mexican Ambassador Gilberto SUAREZ told Jose SUAREZ, sister-in-law of Isidoro BOH, recently that the Mexican government is pleased with Isidoro BOH because -- the Mexicans like his manner.

c. A Cuban named Marlene (Jim), who sat beside Jose SUAREZ on a recent flight to Cuba, said that Jose SUAREZ is leaving Mexico, it is a good thing that L-9 will remain here.

d. Marta BOH reported that Isidoro BOH had sent Isidoro BOH and President SUAREZ to the United States to take a couple of days rest -- was for taking all that time off for having trouble with his spinal column. Isidoro BOH took a few days at Yonkers about the same time.

e. BOH had a little dinner for Isidoro BOH, L-9, and other friends at his place a few days ago and the dinner was cooked by an Isidoro BOH plane to Isidoro BOH. Isidoro BOH said that this man has recently arrived in the United States from Cuba once before, a few days after Isidoro BOH took power for the last time. This man BOH has a small mustache. (L-9 says he can identify him from Isidoro BOH photos)

f. L-9 has been involved in the importing to Cuba of some fancy plants in the name of Isidoro BOH (L-9 confirms this). These plants were furnished by Isidoro BOH of Columbia.

3. L-9 was asked if he had been able to identify the "light-skinned mulatto" whom we had tentatively picked out as the code clerk. No. Furthermore, this man hasn't been seen around the Embassy since. But there is another man in the Embassy -- like "Bob" -- and is sometimes on duty at the gate (this is significant since "Bob" also worked the gates). He doesn't know this man's name but could identify him from a photo. (It was agreed that at the next meeting B would bring along the latest LERODE photos for identification by L-9.)

4. B turned the conversation to the physical plant of the Embassy, asking L-9 to describe the Ambassador's office. L-9 said that this office has been completely renovated, painted, new furniture moved in, etc. The small cocktail table is still there (this is the same one we earlier wired up with a transmitter). B asked L-9 to do a thorough casing job of the Ambassador's office as well as that of his secretary, Peregrina LUNA. When asked where the wooden Don Quijote carving, which used to be in the Ambassador's office, then in Teresa BRUNDA's, is now located, he said he thought it was on Peregrina's desk. He was asked to observe this item carefully and to see whether the identical carving is still being sold there (last one was bought -- somewhere on Juarez. Will do. He was asked to make special note of small, portable items in these offices such as pen holders, statues, books (those used to be several, of Marti and others, in the Ambassador's office) -- especially items which can be duplicated and easily introduced. (If we could fix up a couple of Quijotes with concealed transmitters we could probably bring in a lot of sensitive information not available through LERODE.)

5. L-9 was told that at the next meeting he would be expected to furnish a complete sketch of the offices in which we are interested.

6. L-9 said that the telephones in the Embassy are all fouled up and that there is a standing request with the phone company for someone to come in and fix them up, arrange new extensions, etc. (LERODE confirms this). L-9 feels that we are missing a good bet if we don't have some of our people do this work.

7. L-9's inability to get up with a more and more worthless lead is unappreciating but follows a pattern. LERODE has been from the time of the very first meetings with this agent. He is not nervous, is afraid to "take action" even to the extent of asking one of the code clerks, "Hey, I've forgotten, what is your name, anyway?" He knows that any question asked will result in immediate suspicion and since he's now using this way for such a long time he may well be right since he is probably getting on a quiet fallow who does his work and never asks any questions. To be sure, however, that we can -- we must -- get more mileage from him.

8. L-9 was paid \$,000 plus for September. Next meeting -- open.

9. Conclusions: It was agreed that in the future the nature of meetings with the phone will be as follows: B will normally take place one hour before the time mentioned. If an agreement is made to meet at 2100, the meeting will take place at 2000.

MEMORANDUM FOR THE RECORD

FROM : Lawrence E. Barker

SUBJECT : Meeting with L-9, 7-8 Oct 1963

1. A meeting was held with L-9 in his car from 2350 hours 7 Oct to 0015 hours 8 Oct.
2. L-9, responding to a question received at the previous meeting to do everything possible to ascertain the identity of the code clerk, advised that he thinks that Jose Manuel MARTINEZ RGA may be the man, RGA, as he is known around the Embassy, who just recently performed a few suspicious alterations to his office:
 - (a) put up a locking door -- where none of his neighbors have one
 - (b) installed a window blind -- ditto
 - (c) installed a high-power fluorescent light fixture in the ceiling -- the others have older, weaker fixtures.
3. RGA is often out of sight during the day. MARTINEZ recently made a comment that it was strange that RGA is so often unavailable during the working hours.
4. L-9 was asked whether RGA has a safe or lock-dipped file cabinet in his office. No. (It would thus seem unlikely that he keeps any code materials in this area). The new alterations would make it appear that he does do (or plans to do) some sort of work out of sight.
5. L-9 says that RGA claims no relationship to the Cuban Foreign Minister, Amil RGA. He is married to the sister of a well-known Cuban painter named Mariano -- perhaps Mariano MARTINEZ -- L-9 not sure, will check. His wife is now in Cuba "having a baby".
6. RGA's office is in the rear corner location occupied by RGA, Teresa BROWN, Luis MARTINEZ, and Amil MARTINEZ. A horizontal view facing the row of offices would show:

SECRET

7. L-9 said that two large dogs, kept in a kennel during the day, are turned loose in the garden during the night. Another one, just a pup, has been seen lately.

8. L-9 said that the wood carving of Don Quijote (see last CR) is no longer in evidence.

9. L-9 was advised to get up every available scrap of information on RDA and to keep in mind our intense interest in the physical layout of the offices of the Ambassador and his secretary.

10. Next meeting - open.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT : Meeting with LITANIL-9, 13 September

1. LITANIL-9 phoned Barker at 2325 hours 12 September and arrangements were made to meet at midnight. The meeting was held in 5's car and lasted until 0100 hours. L-9 reported as follows:

Defense Rosen Zwick
Diary 1/13
Franklin 1/13

- A. On 9 August L-9 and his boss, ROSENBERG Herrman, visited ROSENBERG, Mexican diplomat stationed here at the Foreign Ministry regarding the upcoming Architect's Congress in Habana. ROSENBERG asked ROSENBERG to get authorization for the intent to send a ship to Veracruz to pick up delegates and to land IL-18's here in Miami for the same purpose. The request was on paper in the usual diplomatic form. L-9 was surprised to note that ROSENBERG was very cold and even unfriendly -- he told ROSENBERG that no decision could be made on the spot and that the Embassy would be notified by 11 Sept. As of the night of 11 Sept. no reply had been received and ROSENBERG was getting worried. A phone call was made to (Mrs) LAMB, an assistant of ROSENBERG, but this yielded no further information.
- B. ROSENBERG, Manager of Cuban Airlines in Miami, told ROSENBERG the other day that he had "fixed everything up with AERONAVES" to solve the Architect's congress transportation problem.

Note: L-9's reason for calling this midnight meeting was to pass on the above in case we might be able to exert influence on the Mexican Government or Aeronaes to insure that the transportation problem remains a problem. L-9 said that his only real concern these days is the Congress and that anything we might do to frustrate their efforts would be most worthwhile.

- C. ROSENBERG was pissed when he failed to get invitations to a Mexican government function connected with the Philosophers' Conference now being held in Miami -- furthermore he didn't get invited to the Independence Day celebrations by the Mexican Gov. L-9 was invited to both functions and succeeded in arranging an invitation to the Independence Day celebrations for ROSENBERG who was very appreciative.
- D. When former ROSENBERG ROSENBERG told for the first time other day he remarked in L-9's presence at the airport that he expects a new crisis to materialize in about a month. He did not elaborate.
- E. ROSENBERG of the UN delegation, who has recently been in Cuba, is on his way back to New York. He was rumored when he returned to Cuba a month or so ago that he was in the dockhouse with his child, ROSENBERG Industrials, and would have to spend at least a year in Cuba for reeducation. The other day L-9 visited him at the Del Prado Hotel, where he was staying (avoiding the Embassy completely), and ROSENBERG exhibited a letter from (Mrs) ROSENBERG (might be ROSENBERG) which stated plainly that ROSENBERG has the complete confidence of ROSENBERG ("goda de la cabal confianza..."). L-9 thus believes that ROSENBERG

is returning to the UN with a new order for GARCIA Inchaustegui. L-9 says that FRANZINI is not a Communist. When FRANZINI arrived at Havana, exactly he spotted Fidel CASTRO at some reception but CASTRO paid him no attention. He interpreted this as a snub but in a later reception at a foreign Embassy in Havana Fidel looked him up, apologized for not having spoken to him earlier, and was most effusive in his praise for FRANZINI.

F. Former Ambassador BERNARDINI and wife, here for the philosophers' meeting, are buying up car cabs in order to get P's car back on the road in Cuba. L-9 has been helping them -- said he would take payment when he goes back to Cuba since the P's were running short of cash here.

G. Dolores EE LANZONI is still making a play for Ambassador BERNARDINI and she now seems to be interested in having a play with her. Gety BERNARDINI doesn't like Dolores and is trying to discourage the Ambassador from getting involved -- Gety believes that Dolores may be a Mexican Government spy. L-9 finds her excessive praise of Fidel CASTRO a bit phony and told Barker that if Dolores is "one of our agents" -- and, mind you, I'm not asking whether she is -- but, if she is... that we should tell her not to be so obvious. He said that Dolores recently bragged that Fidel CASTRO had "had" her on a mattress laid on the floor in Cuba and that while they were rumping around, nice vest scurrying all about the room.

2. L-9 was asked to try again to ascertain who the new code check is. He was told that this person would have arrived shortly before SARDINAS' departure, would be close-clothed, would work a lot of nights, probably in the basement, and would appear to be quite vivid in the mornings on new excursions. At this a light came to go on inside L-9's head and he said, "I know who it is, now -- but I don't know his name." Asked if this person lives inside the UN, L-9 replied yes. The man he has in mind is about 35 years old, a light-skinned mulatto, "very mysterious and reserved," and is an old-Communist. L-9 said he could identify the man from photos. He was asked to make every attempt consistent with good security to ascertain this man's identity.

MEMORANDUM FOR THE RECORD

FROM : Lawrence E. Barker
SUBJECT : Meeting with LITAME - 23 August 1963

1. L-9 was picked up on Miami at 9:00 hours and driven out to a dark spot along Galileo where a meeting was held and Barker's car -- L was dropped off about two blocks in, at 10:30 hours.
2. L said that he has noticed that the murder and APARICIO, Paul Nogales the new Cultural Councillor, are taking a "hard line" and "isolating" him. APARICIO seems to be doing the same thing in the office where office he took over for himself, relegating it to the ground formerly occupied by Miles GARCEI who was, in turn, so APARICIO had dropped that he wrote a blast to Havana complaining that he was being isolated by APARICIO.
3. L says that the Ambassador, who he thinks to be an old-line Communist, is a "real smooth customer" who will pay his chosen and most trusted people in positions of authority and will be willingly making them he does not have complete confidence in -- L states that he is in this latter category because he is not a Communist and this fact is well known. L plans to wait about two months to see how things develop -- in the meantime he will be a good soldier and will try to do APARICIO's bidding, but, if it appears that he is well on the way to being an openly avowed aside, he will, as he put it, "back out." He will report APARICIO of putting him to a single "bureaucratic" role -- argues that APARICIO is finally on record against "bureaucratic" -- and will suggest to get in touch with CASTRO to have APARICIO put in his place. APARICIO seems bent on making himself up as the only channel to CASTRO and APARICIO has situated a reverse on his job during in Havana and APARICIO is very close to the Ambassador, but when he returns by returning from Havana he will be with Victor RICO when he was told to submit his report to APARICIO and not to the AFB.
4. APARICIO is working to have APARICIO to the APARICIO's Congress. A number of envelopes addressed APARICIO (13 lines) containing information and invitations to the APARICIO to persons in Central and South America. Many of these are APARICIO while envelopes which bear no trace of Cuban origin -- APARICIO as called in Mexico to avoid postal interception.
5. APARICIO is APARICIO residence -- wants to live in APARICIO from the APARICIO.
6. A good bit of time was spent APARICIO in view of the fact that APARICIO has an asset who APARICIO (13 lines). This information will be incorporated into a report.
7. L believes that APARICIO -- identifies her as APARICIO, APARICIO, -- APARICIO in the APARICIO but may soon go back to work in the APARICIO to work on cheating on her husband so might be approachable. It is clear that L has a very low regard for her.

8. I consider TERRELL impossible to recruit although she is friendly with the wife of APARICIO who has completely taken over the APARICIO -- pushing her aside. He remarked that the wife of APARICIO in Mexico City office, is Esposito's sister and that she was in the United States last year.

9. I said that during their Florida RICO Galah confabed to I in a joking way that some time ago RICO told SEMOAS that he thought I was probably a spy. I remarked that he is not the active type whereas RICO recalled that SEMOAS was active. (I was quite disturbed by this since he felt that SEMOAS might have been influenced by RICO's remark and might have spread the story about his return to Cuba -- he said that RICO was very solicitous and friendly during their Florida sojourn).

10. I turned over two pictures of the Cuban cultural affair held in Merida on 1 August -- these will be passed to the Florida Base.

11. An Englishman came to the Florida Base "5 or 6 days ago" -- a man about 62 years old, thin, black hair, grey hair, distinguished looking -- his name is something like "FREDERICK" (not Frederick) and he has recently been on a trip which included Cuba. (Could this be TERRELL?) He has kicked out of the U.S. and is in Mexico. He brought with him a list of persons who should be advised by the Cubans since they are on the same side. This list was given to APARICIO and I managed to copy the names, viz:

L-9 also reported that he had earlier contacted with a Diplomatic courier at the Embassy and had told the courier, "Our boys are the real heroes of our service--always on the go."

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Parker

SUBJECT: Meeting with LITVINI-C, 5 September 1963

1. A meeting was held with L-9 from 2:30 to 4:30 hours 5 September. L-9 reported as follows:

- A. L-9 now seems to be "in" somewhat with the Ambassador -- in contrast to the isolation he reported some time ago. The Amb visited L-9's apartment on 24 August. L-9, incidentally, has prominently displayed a poster of Fidel CASTRO and has been very friendly to L-9. It should be noted that L-9 had a spot on his coat, from long black hair, on the wall by his desk, and took out a handkerchief and wiped it off. L-9's boss, APARTICO, has apparently been friendly and has likewise been much more friendly. L-9 said he had been in the Embassy a few days ago when, for the third time, an effort was made to find the location of his library in the Embassy -- this calculation by the Ambassador had a very salutary effect on his fellows who were afraid of both his ruffled feathers.
- B. Eusebio AZQUE, the Consul, is leaving soon -- probably in about two weeks. He is on his way back to Mexico. He does not seem happy with the transfer -- would and prefer to remain in Mexico. (Note: Will get cable off to HQS soon, complete before he takes off)
- C. The new Consul -- L-9 did not know his name -- AZQUE's replacement, used to work for the Sherman Williams Paint factory at Reparto Batista, Habana, in the pro-Castro camp.
- D. AZQUE recently remarked that the Librarian (fnm) MEDINA who visits the Embassy often must be a "T" agent. He is not trusted by Embassy people.
- E. A man named Humberto BARRERA was employed by the Embassy here and who later returned to work in the Foreign Ministry, is back in town but is not in the Embassy and never visits the Embassy. L-9 ran into him in the office of SOUZA who does most of the mailing work for the Embassy (and who appears often on LITVINI-C's list). BARRERA is a friend and is a protege of Fidel CASTRO's secretary Silvia. BARRERA is supposedly on one year's leave from MEXICO. L-9 says BARRERA is a "T" -- he thinks GARCIA is up to some funny business and he thinks since he avoids the Embassy like the plague.
- F. The Mexican government is trying to get the Cubans to ship beans out of Mexico on Gulf of Mexico bottoms insisting that Mexican bottoms must be used. (L-9 says they have to get through our Embassy commercial section).
- G. Raul APARTICO Negales was the only other guy with L-9 and the Ambassador -- reminiscing about the time both APARTICO and BARRERA were both secretaries of a Brazilian politician named Pio CORREA -- said that PC had made some strong anti-Castro statements

- Q. Former Ambassador PORTUQUIL, an intellectual, recently sent L-9 an inscribed, autographed book. Ambassador HERNANDEZ and APARICIO were both impressed by him and a little jealous because they were left out.
- R. Yuri WARM, a Colborn artist who lives at Liverpool 179, Mexico City, and who has visited the Embassy, is trying to get a visa to return to Cuba but the Libros don't give him one. They suspect him of being on the other side politically. APARICIO thinks that he should be given a visa and then watched inside Cuba.
- S. Gilberto BLAN Paruna, a Frenchman who maintains homes at Mexico and Mexico City, gave a talk on 23 August at the Escuela Superior de Medicina Rural, subject: "The public health situation in Cuba today. This man is close with GUSTAO.
- T. "Licha" -- a girl who works at the Embassy -- daughter of a Communist who formerly worked as a chauffeur for Ambassador PORTUQUIL, was attacked at 3:00 pm. She was last (31 Aug-?) on Reforma -- came straight to the Embassy and made her get into a car, she was dazed and did not get out in the rain. She has her gold chain. She says that this was no ordinary robbery -- had paid 1000 pesos.
- U. An architect named CORONA is trying to get a visa recently.

2. L-9 identified a number of FURBER's photographs and indications noted on photos.

3. L-9 was paid 1,000 pesos for his work on the "Agallas."

4. He was asked about Sanja KUMIELOWA, daughter of architect SPIRO, Pole; and Vladimir PLESNER, Czech -- all Cubans. L-9 has had no contact with these people but might be able to arrange contact. GUSTAO is interested in his painting. L-9 will look into possibility of bringing closer to some of these people -- he does not appear to have any contact with the Polish cultural attache (possibly SPIRO) and is not sure if he is still out of Paris.

5. A rather lengthy discussion of L-9's situation was held -- at L-9's initiative. He said that he had apparently had a good talk with the Ambassador -- all signs showed that the Ambassador was in a good mood and was depending on him. GARY SOLICITANO recently told L-9 that he was very happy with L-9's work. Nevertheless, L-9 feels that maybe he has been around too long -- maybe he should try to wangle a transfer someplace else where there would be no lingering suspicions. Asked where he would like to go, he quickly singled out London and admitted that his prime reason for wanting to go there is a desire to perfect his English (which is quite good already). L-9 was told that we would be very interested in continuing his services if he ever might go but that, frankly, he was of more value to us here in Mexico City than anywhere else with the possible exception of Havana. The discussion turned all over the map and metamorphosed into quite an exchange of mutual philosophies. L-9 again explained his motivation -- as he sees it -- and expressed great satisfaction in being able to do something for Cuba by cooperating with us. He said that he has a strong desire to get back to painting and has asked the Ambassador if he might take time off in the after-noon to paint -- that he is building up an application if he cannot paint -- the Ambassador readily agreed and said that since L-9 has a phone at his apartment he could quickly be reached if needed at the Embassy.

6. L-9 is thinking of going to Cuba sometime in December -- was encouraged to do so. A vacation, even in Cuba, might probably do him a lot of good since he is obviously feeling the pressure of leading a double existence. He is still worried about his security (he thinks he knows that this has been a problem from the beginning) and fears that at any moment he might be discovered. At the same time he is impressed by our own cleverness and seems to be getting some enjoyment out of his activities on our behalf. A very nice degree of rapport between C/O and agent has been established and L-9 seems to be looking upon his C/O as a trusted friend.

7. NEXT MEETING: Left open -- contact will be by phone.

add to Para 1:

V. Dolores DE LA HERRERA was told to see the Ambassador who took a shine very quickly to her. BROENEN informed him that Dolores is just a girl and to end that he would be well to avoid any complications with her.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Barker
SUBJECT: Meeting with LITAMIL-9, 29 July

Removed from Project LITAMIL-9
CS Classification: S-0-6-10513
JOB # 66-4110
Box: 2 Fold: 3

1. LITAMIL-9 was contacted by phone at his home at 0815 hours 29 July and a meeting set up for that night. The pick-up was made on Thiers at 2100 whereupon Barker drove L to his, B's, home for the meeting. Driveway lights were out and B's car was driven inside by the door to B's home where L alighted and scooted inside. The meeting lasted until midnight when L was dropped on Malehor Ocampo not far from his home. The decision to use B's home was made in view of the difficulty of transacting such business in an automobile and the good physical security afforded by the layout of B's home in Lomas. It was decided that the time had come to reveal B's identity to L since a social encounter in diplomatic-consular circles was inevitable sooner or later -- furthermore B is reasonably satisfied that L is sincerely devoted to the anti-Castro cause and not playing a double game. The relaxed atmosphere in B's home contributed materially to mutual rapport building between L and B. L was quite impressed with the many books in evidence and showed great interest in some of the paintings and furnishings in the house, saying "Es evidente que es Ud. un hombre muy fino."

3. L explained that he had just arrived back in Mexico City on the 28th -- after an extended trip to Tampico where he was very successful in staging an exhibit of Cuban engravings on 20 July and a big affair at Ciudad Madero on the 26th celebrating the anniversary of Fidel's Cuartel Moncada attack. He exhibited a number of newspaper clippings and photographs concerning these events and said he was more than ever "in" with the Ambassador for having sponsored these two events. He may go to Merida on the 31st to represent the Embassy at a meeting of the Jose Marti Cultural Group there. After that he plans to rest on his laurels and devote more time to painting. He seemed somewhat concerned lest the Mexican Government give him trouble in view of his recent activity for the Embassy -- explained that a boy distributing leaflets in Tampico had been picked up and arrested. B explained that it was highly unlikely that the Mexican Government would take any action against a diplomat who was simply (in their eyes and those of everyone else) doing his duty. It is to be noted that L is not the courageous type -- he is constantly expressing fears that he might get into trouble, this even when his actions are those which would normally be expected of a man in his overt position.

4. The greater part of the meeting was taken up in going over a large backlog of LIERODE photographs. L made the following identifications:

- 104/34 - 23 July "Rolly" - Embassy employee in the Commercial Department
- 169/6 - 6 June Possibly the wife of ARMONA
- 194/32 - 11 July Wilfredo GONZALEZ, Vice Consul of Cuba in Tampico.
- 179/31 - 20 June Name? Employee of Consulate, Mexico City.

5. L said that the pilot of the daytime Cubana plane on the 26th (this may be Pepe de CARDENAS - LEAD!!!) told him at the airport that he was all tired out -- had been flying for a month solid, often to Prague -- said the new pilots are "my Patria o Muerte, pero no sirven como pilotos).

7. On the way back to Polanco to drop L off L remarked that he very much appreciated the security measures being taken to protect him -- likes our way of doing things.

8. Explore lead to Dr. DOBAL (see Elsa DOBAL, above) to see if we can get to him and possibly recruit him for ~~ZEPHRA~~ program. L suggested we might wish to approach him but asked that he not be used to make any approach. Says DOBAL is a enemy of the regime, is a well-respected physician in Cuba, made a lot of money in the old days, would only go back to hold onto what property he has there.

COMMENT

9. L will probably not be very productive for a week or two if he goes on the road as in the case of Tampico and, now, possibly, Merida. When he does settle down he plans to stay put in Mexi for quite a while and should get back into the swix in short order.

10. Likes Scotch Whisky -- downed two at B's home. Light drinker.

MEMORANDUM FOR THE RECORD

FROM : Lawrence F. Parker
SUBJECT : Meeting with LITVIN-9, 11 July 1963

1. At about noon 11 July L-9 phoned Parker's home, spoke in English with Mrs. B and said he would call again at 2000 hours. At 1945 he phoned again, B answered, and it was agreed that L-9 would meet at 2100. Accordingly, at 2100, B picked up L at the corner of Suberberg & 5th Sts (circle at Tolence), the same contact point Surbeck, L's former case officer, used to employ. B-9 drove on out to Tomas and parked for a long talk. L was dropped off about 4 blocks from his home at 2245.

2. L explained that he had phoned Parker twice at Parker's old Monte lithos address after returning from Veracruz and before going on to Tampico -- no answer either time. It developed that L had been using a wrong number -- replacing 20 with 30. L was quite embarrassed about this fluke, saying, "It's the first time I've ever done anything like that."

3. The meeting was conducted entirely in Spanish. It was a classic of sorts -- almost as though a script had been prepared beforehand. What it amounted to was an understandable and quite obvious, although not direct, attempt by L to sound out his new C/O in various ways to decide whether he wished to have his life in the hands of B -- a hitherto unknown quantity to B.

4. L began by stressing the dangers inherent in his position and confronting him as posed by the recent arrival in the Cuban Embassy of a number of highly-qualified, hence dangerous, people -- the new ambassador and the new cultural counselor are two examples. L pointed out that these people are of varsity quality and representative of a new breed of Cuban diplomat, more mature, more intelligent, and in every way much better qualified than their predecessors. L felt that out of respect for the caliber of the operation we should take extreme security precautions in our future contacts and meetings. B readily agreed and pointed out that contact points should be varied and away from the main streets of Tolence which have recently been made more dangerous by being straddled with bright new street lights. L said he had the same idea in mind. B said he did not wish to follow the old pattern of parking in the warehouse district since the car in a parked car in that area could be assumed to be up to no good, perhaps coming for a robbery, and, in any event, would be hard pressed to explain their presence in the satisfaction of an inquiring policeman or warden -- furthermore, the mere presence of a car in the area would arouse suspicion and might lead to checking of its license plates or subsequent mobile surveillance. B asked L to case his neighborhood for better contact points, note those on a map, and be prepared to discuss pros & cons at the next meeting. B explained that our action must be directed at the protection of L. L soaked this up in draft notation up like a sponge and showed his appreciation.

5. B asked L what he would reply if he were to be approached in his office on the morning of 12 July by one of his co-workers and asked, "Who was that gringo type you were seen with last night?" This drew a rather lengthy and awkward silence -- B could come up with no answer. B then gave him a short course in cover, throwing in lots of examples from real operations (gleaned from 3 1/2 years of ISB/ITSM instruction experience) and a few

Att to H/MMA 21743 15 July 63

sc - 6-105/3

suggestions for action cover. It was generally agreed that DM might never need to use a cover story to explain their association in view of the resort to clandestine night-time meetings, but also agreed that such a story should be agreed upon in advance, just in case. B suggested that this cover might be related to L's activity as an artist and portrait painter. L was advised to give the subject a lot of thought -- DM will discuss at the next meeting. An interesting sidelight was that L (probably referring to L's use of numerous European examples to illustrate the use of cover) said, "You're a lot more European than Shryock -- I can tell that you've had considerable experience there." Barker acknowledged this although he has never set foot in Europe. Incidentally, L showed throughout the meeting a very high regard for Shryock.

6. L tried to explain his modus operandi and, almost apologetically, explained how he had made arrangements while in Terrico for a big cultural exhibit by the Consulate there on 24 July. He hoped we would understand that he felt he had to do this, explaining that he could "live off" the prestige gained therefor for a couple of months. B explained that it was essential for L to do his overt job and do it well, that if he succeeded in winning over a few people to Fidel Castro's side we would not be upset -- that we want to keep a pair of eyes and ears and a good brain inside the embassy -- if L does not do his overt job well sooner or later he will be on the outside and will all be the loser. B explained that in his experience in handling CP penetration agents he had often come up with similar problems -- the agents found it difficult to believe that he really wanted them to act like Communists and go out at night to paint "Yankee Go Home" on the walls -- but, that if they failed to be good Communists, we would soon be minus good assets. B told L not to worry about the consequences of his ostensibly performing well on behalf of the Castro government -- yet at the same time L should not step out of character and become a rabid Fidelista. At this point L sighed, threw up his hands, and said, "Now I can see that we are going to get along wonderfully (a las mil maravillas)."

7. L explained that one factor always in his favor is the fact that he is known to be well connected with Fidel -- that persons in the embassy are never sure he is not more than what he appears to be on the surface and that no-one in the embassy really dares to "take him on" in any dispute lest he pull his strings with Fidel. B acknowledged the value of this "aura" and advised him to keep himself somewhat of a mystery to his associates insofar as the connection with Fidel. B remarked somewhat modestly that ASCE had recently told him that he was especially valuable to the embassy precisely because he does not rant and rave about the imperialists, does not make wild Fidelista propaganda, but convinces people because of his obvious culture and intelligence.

8. When B gave L his June salary of 4,000 pesos L asked for the receipt before it was in evidence, and signed it without hesitation. He then launched into an explanation of why he accepts money and why he was being what some might term a "traitor." B tried to cut him off but he would not be stopped -- wanted to set the record straight. It is clear that he is a sincere, convinced ideological opponent of the Castro government -- he was determined to make this clear, and did so eloquently.

9. L impresses B as an exceedingly valuable agent with great potential -- highly cultured, intelligent, operationally "sawvy," ideologically motivated -- a person who must identify closely in a personal way with

his case officer. By the end of the meeting I was obviously impressed with B's ostensible professional competence (the meeting was heavily salted with trademark instruction and examples from experience) and a very friendly atmosphere reigned although it will probably be some time before I has the sort of personal esteem for B that he has for his former C/O.

10. Little of intelligence value came from the meeting -- L had just returned to Mexico City from extended trips to Veracruz and Tampico -- arriving the night of 10 July. He got back just in time to attend an embassy press reception at which he was buttonholed by MEMENOV of the Soviet Embassy who inquired about his views on the Guatemalan issue and nuclear disarmament. MEM was not giving out anything -- just asking, and he got the standard P/O lista replies for his efforts.

11. A meeting will be held before 20 July when L is due to depart for Tampico to set up the 25th of July exhibit. I said that the best time to contact him by phone at home is between 0700 and 0900, preferably at 0800. At the next meeting he will report at length on topics of intelligence interest and arrangements will be made for more secure contact in the future.

12. Barker advised him to always speak in English when he phones Barker just in case someone might be listening -- his voice in English would be much harder to identify.

TO BE DONE:

13. Obtain a safe apartment for use in meeting L.
14. Prepare a Memorandum of Oral Agreement.

Memorandum for the Record 29 May 1963

Subject: LITAMIL-9

SECRET 7/1/63

On 27 May 63, I met LITAMIL-9 at a usual rendezvous point and we drove to outlying area, where meeting was held. NO SECURITY PRECAUTIONS TAKEN. Time: 11:30-12:00.

LITAMIL-9 reported as follows:

1. See MEXI re SINOPAS' request to meet Virginia GRUTTER, Costa Rican Communist at airport on 25 May 63. L-9 said GRUTTER asked him if all the other Cubans could go to the airport and L-9 was obliged to tell her that SINOPAS told him that she should go but no mention was made of the others. L-9 said that the other Costa Ricans were scheduled to stay at the Hotel Astoria overnight. He said that GRUTTER was very happy that they were allowed to leave the airport, although they had transit visas only.

2. L-9 said that on 27 May 63, Rogelio SINOPAS, Cuban Charge, gave him a list of names received from Habana re applications for employment in Cuba. SINOPAS told L-9 to investigate the names and to bear in mind that their political ideology is of utmost importance. L-9 was amazed that SINOPAS gave him this task as it appears to fall into Manuel VEGA's bailiwick, i.e. G-2. L-9 plans to take advantage of this task to find out about their friends etc. The names are as follows: Mauro FERNANDEZ, Eduardo OLIVERA, Victor PEREZ, Lexicons and Leonard PEREZ.

DE GORTARI said that because of the "Elias" etc he would prefer not to go the Embassy (i.e. it was not convenient for him to go the Embassy because of the political situation) but that SINCAS should go to see him. An appointment was set for 1700 that afternoon at DE GORTARI's house. L-9 returned to the Embassy and SINCAS was very appreciative for what he had done. Memorandum for the Record

Subject: -LITAMIL-9

On 18 June 63, I met LITAMIL-9 at the usual rendezvous point and we drove to an outlying district of the city, where we held meeting. NO SECURITY PROBLEMS NOTED. Time: 2300-2400.

LITAMIL-9 reported as follows:

1. As previously reported, AMB HERNANDEZ de Armas is scheduled to arrive on 21 June 63.
2. ⁷⁴⁵⁵ ~~Jose~~ PAZ Leon, ^{CIT CUBA} Carlos BALOSARPI Abreu, Jose MARTINEZ Socarras Cuban delegates to the FAO Seminar arrived in Mexico on 17 June 63. L-9 said that PAZ told him that he had been in Mexico in 1957 and had met a Costa Rican who later died in an automobile crash. According to PAZ, the Costa Rican was a red hot CASTRISTA.
3. L-9, after all others in the Cuban Embassy had refused to help Emma ^{RECAF} CASTRO de ^{CIT CUBA? RE SUBJECTS} LONELI get several boxes of medicine on the plane, was able to convince the steward on the plane to take the boxes. AZCUE, Jorge ROJAS, "Nico" GARCIA among others were involved and did nothing, stating that it was strictly against orders to put any more cargo on board the plane. GARCIA who was supposed to have helped Emma CASTRO disappeared and could not be found. L-9 ^{XX} said that Emma CASTRO was with her husband, "F6fo" GUTIERREZ, Orquidea PINO and Odilia PINO de CHAUMONT.
4. The steward on the plane on 17 June 63 told L-9 that the Britannia which came in to Mexico was completely overhauled in Cambridge England to the tune of \$2,000,000 U.S.
5. On 18 June 63, L-9 took a letter to the secretary of ~~Jose~~ GOROSTIZA ^{CIT CUBA? RE LETTER} in the Foreign Office for GOROSTIZA. The letter was given to L-9 by Buenaventura REYES Acosta who told him "Tenga cuidado con esta carta, es para GOROSTIZA". The letter came in on the 17 June flight and L-9 believes that it probably has to do ^{DENIAL} with the new Cuban Amb, Joaquin HERNANDEZ de Armas.

6. Ramon SINOBAS was looking for Eli de GORTARI's address again re a Philosophical Congress to be held in Habana.

L-9 said that he is giving the case to Jose FERNANDEZ Roa to handle. L-9 believed that GORTARI will be the "recruiter" i.e. it will be he who will choose the delegates from Mexico.

7. On 18 June 63, L-9 went to find the Mexican chess champion re an invitation to Cuba from Raul ROA. L-9 went to the following address: Panama 1009-13, where Jose ARAIZA Vazquez, reportedly lived. L-9 did not find ARAIZA Vazquez but his son Jose ARAIZA Munoz or Muniz, who told L-9 that his father, a Colonel, was presently living in Torreon at the following address: Paquaduria Militar, Palacio Federal, Torreon, Coah. The young ARAIZA said he would write his father soonest but he made no statement as to whether or not his father would accept the invitation. The young ARAIZA is also a chess player. Young ARAIZA hangs out at the Club de Ajedrez on Insurgentes XXXX Sur 219.

8. L-9 reported that Eusabbio AZCUE's wife brought in many boxes from Habana for Dr. DOVAL, father of Cuban girl in Mexico and anti-CASTRISTA. DOVAL, who is expected to come to Mexico soon is reportedly returning to Cuba but L-9 does not believe he will return. DOVAL's wife is in Mexico. L-9 is amazed that AZCUE is helping the DOVALs who are definitely against the regime. (COMMENT: See previous memo re DOVAL's daughter who visited the Embassy a few months ago re her father's case.)

9. L-9 reported that Vicente CAMARA is still looking feverishly for a new site for the INCEC. He said on 14 June he was with CAMARA and they were looking at a place on Reforma. Upon entering L-9 recognized the owner as a friend and whispered to him in an aside not to rent the place to him.

10. L-9 provided the attached IMCRC programs.

LITAMIL-9

On this date, L-9 reported that Raul ROA sent a cable to Mexico asking that someone oversee the arrival and departure of murals and sculptures to and from Mexico. ^{VF} Raul ROA ^{CIT CUBA} SINOBAS ^{chose} L-9 as the man to do the job. L-9 reported that the Cuban vessel ^{HE SUBS} Las Villas was scheduled to arrive the night of 29 June 57. The vessel was not to tie up by rather lie off the port and await the arrival of either a Panamanian cafetero or a Scandinavian ~~XXXX~~ ship. This ship will take on the murals and other items at sea, then proceed to Tampico where the items will be unloaded again. They will then be put aboard a Brazilian ship and taken to Rio De Janeiro, where they will be exhibited at the BIENAL. SINOBAS told L-9 that he should stay in the area i.e. Veracruz and Tampico until the ship leave with the items on board. They ~~XXXX~~ murals will leave Tampico either the 1st or the 4th of July 63. L-9 was asked to leave for Veracruz as soon as possible.

In view of the above, it was necessary to introduce Bob Shaw to L-9 later on in the evening. A meeting was scheduled for 2400, at which time was introduced to L-9 and contact instructions were arranged. England on 17 June with a Britannia plane for overland. The crew was then going to the Soviet Union to pick up an Iluyshin 18. L-9 said that the plane that arrived on 14 June 63 was repainted and had just returned from Cambridge, England where it had been overhauled. Don Sabre also told L-9 that there is a terrific need for meteorologists in Cuba. He said that the four young meteorologists who graduated in Mexico on 14 June will be put to work immediately. He said the situation re aviation meteorology is extremely acute and serious.

6. L-9 said that three or four paintings have arrived from Cuba for Amb. Carlos LECHUGA Nevia but that Carga Aerea has not picked them up at the Embassy. L-9 went to Carga Aerea offices and he was told that the Procuraduria has been inspecting all material re Cuba and although they have been shipping they will not go to the Embassy to pick up material. The Cuban Embassy, therefore will make arrangements to send the paintings to the Carga Aerea offices.

7. L-9 said that on 13 or 14 June, a Procuraduria agent went to his brother's apartment and queried him on the activities of Armando FUJOL. CIT MEXICO RE QUERY FOR INFO ON SUBJECT BY The agent wanted to know how FUJOL got into Mexico as there reports indicated he had entered the country illegally etc. L-9 then showed me two summons from the Procuraduria, one for him (L-9) and one for his brother. They are both to report on 24 June 63 "para la practica de diligencias de investigacion penal....". L-9 is to report 15 minutes after his brother. (COMMENT: L-9 said that there is a well known Cuban Communist by the name of Armando FUJOL and it is his opinion that the Mexicans have confused the two men. On 14 June 63, the CDIBEX office sent a memo to this office in which L-9's brother and Armando FUJOL were named as Communist agitators in Ocotlan, Jalisco. If L-9 ever finds out his brother is being called a Communist he will probably want to get out of the Embassy as soon as possible. XX Win - let's discuss)

On 11 June 1963, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying area of the city, where mtg was held. NO SECURITY PROBLEMS NOTED. Time: 2200-2245.

LITAMIL-9 reported as follows:

1. On 11 June 1963, ^X TELLEZ, frn (possibly Spaniard) of the FAO called L-9 re the Seminario de Extension Agricola and told him that the Seminario had started but there were no signs of the Cuban delegates. TELLEZ said that he had received a communication from the Cuban Foreign Office asking the FAO to request visas for the Cuban delegates because they were not able to get them. TELLEZ said that the FAO had formally requested the visas for the Cuban delegates.

2. On 11 June '63, ^X ~~Inacio~~ ^{YE} LOPEZ, aka "Lacho", ^{CIT MEXICO} Mexican ^{CCC:} photographer, was at ^{USA} the Embassy with a friend, ~~XXXXXXXX~~ who wants to go to Cuba re moving picture industry. Teresa PROENZA told LOPEZ' friend to write to Jose Antonio PORTUENCO, former Amb in Mexico and he would activate the request in Cuba. L-9 said that LOPEZ, in 59-60, went to Cuba to make a picture for ASCARAGA but that ~~XXXXXXXXXX~~ ASCARAGA was very unhappy with it because it was purely propaganda. L-9 said that Amb LASSIP at that time told him (L-9) to pick up the picture at the aduana but not to turn it over to LOPEZ. L-9 got the picture and brought it back to the Embassy. After a good deal of hickering LOPEZ was finally able to obtain the picture from the Cuban Embassy. L-9 does not recall the name of the ~~XXXXXXXX~~ picture but is quite certain that LOPEZ was unhappy about the whole thing.

4. ~~Proenza~~ ^{CIT MEXICO RE SUBJ ACTS} told L-9 that Marta AGUIRRE, Cuban intellectual, became disgusted with the Consejo Nacional de Cultura and left to teach at the Universidad de Habana. PROENZA said this during a conversation with L-9 re advisability of working in Cuba. PROENZA and L-9 both agreed that they would not want to work in Cuba. PROENZA gave L-9 the idea that she might be going to Paris. L-9 believes that Coty SOLERZANO might have brought this word back to PROENZA from Habana.

5. On 11 June 63, Horacio FLORES ^{CIT MEXICO SAID} ~~Sanchez~~ told L-9 that he had arranged to send a Mexican Art exhibit to Cuba. L-9 said that PROENZA had previously reported this. L-9 described FLORES as "un demonio" and has always referred to him ^{REPORTED} as a dangerous anti-U.S. type.

6. PROENZA told L-9 that Ramon STROPAS ^{CIT MEXICO RE SUBJ ACTS} told Coty SOLERZANO that L-9 was doing a terrific job etc. STROPAS has been extremely nice to L-9 since his return from Habana.

7. L-9 said he has noted an obvious coldness on the part of Manuel VERA ^{2-1-334253 CIT CUBA} ~~Sanchez~~, Chief Guard G-2 in Mexico ^{RE SUBJ ACTS}. He said he hardly says hello. L-9 believes it possible that "Canchita" FERNANDEZ said something to him in Habana re his remark several months ago re L-9's plane ride with ALLEN 3's pilot. L-9 said he told FERNANDEZ about this remark when he was in Habana the last time. L-9 plans to approach VERA and if he reacts coldly he will ask him what is bothering him.

Subject: LITAM

On June 63, I met L-9 at the usual rendezvous point in the deserted section of the city where we held meetings. NO PROBLEMS NOTED.

L-9 reported as follows:

1. On 5 June 63, L-9 met with Jose Antonio GARCIA ^{X F} ^{CIT MEXICO} to purchase art materials. GARCIA is an architect in Cuba. L-9 took GARCIA to the Centro ^{X F} where they made some purchases. They then went to ^{X F} where L-9 met Enrique DOZA ^{CIT MEXICO}. CARDOZA gave L-9 a plaza but no intel of interest obtained.

2. L-9 said that AMARA, ^{X F} ^{CIT MEXICO} a Mexican real estate agent, was at the Embassy on 5 June re a new site for the INCRC. CAMARA, according to L-9, is about 32 years old, well dressed, good looking. As far as L-9 was not know CAMARA's full name. He believes that CAMARA is a friend of Teresa PRONZA P. Thus far L-9, who has been with CAMARA on two occasions, has not heard him discuss AMARA. This is probably Vicente CAMARA ^{X F} ^{CIT MEXICO} involved with CAMARA. CAMARA is also trying to get apartments for Antonio ^{X F} ^{CIT MEXICO} Lozano and Jose FERRANDEZ ^{X F} ^{CIT MEXICO} Roa. L-9 said he expects to do a good deal of CAMARA because as yet the Cubans have not decided on a new site for the INCRC.

3. L-9 said that the Grupo de Estudios scheduled for 0630 on 5 June 63 was cancelled because KENNY ^{X F} ^{CIT MEXICO} Agnes ^{X F} ^{CIT MEXICO} ARANA ^{X F} ^{CIT MEXICO} Roa the Commercial ^{X F} ^{CIT MEXICO} Agnes and instructor did not show up. The group is discussing the book, Geografia Politica (?) by WALTER, FRU, Soviet writer. SINCE AS on 5 June 63 asked that all members of the Embassy attend a special mtg to be held at the Embassy on June 1700. L-9 does not know what KENNY the subject ARANA will be.

4. L-9 said that CASILLAR ^{X F} ^{CIT MEXICO} Archer, who returned to Mexico on 4 June, ^{X F} ^{CIT MEXICO} Archer on 5 June and was profuse in his greetings and Archer believes that while Habara, CASILLAR "got the word" Archer with Fidel CASTRO etc.

6. L-9 said that Archer has been heard re the arrival of the new amb Joaquin Armas.

7. L-9 said that on 30 May 63, Teresa PROMESA told him that
X F MISSA LINDER CIT MEXICO was nearly arrested re-
cently. PROMESA went on to say that the young Cubans are
very foolish and get into trouble if they are not care-
ful. (COMMENT: It is believed that CALDERON was referring
to a trip she took to the border per LIFEAT coverage of
CANTELLAR living with "Pico" GARCIA and Manuel VEGA. SEE:
LIFEAT - Bernardo CANTELLAR or Antonio GARCIA. The latter
was living in Missa Linder's apartment when the incident took
place. I plan to mention L-9 more extensively on this.)

8. L-9 reported that ROSADA Correa, Cuban Consul in
Veracruz and newly appointed Cuban Consul in
Veracruz, worked at the Embassy on 5 June 63. ROSADA's wife
arrived recently, i.e. on 4 June 63 - Onelia FATISTA de
SAMA. L-9 said that ROSADA was complaining about not getting
MINAREX answers to his letters to Basilio DEL RIO Perez re
art exhibit.

9. L-9 said that AGOSTERA is returning to Cuba within
a few days "on leave". L-9 said that LLAGOSTERA is un-
happy with the situation. He also pointed out that Hermano
JOSE CIT CUBA the chief gatekeeper is unhappy. He believes
that JOSE and JOSE CIT CUBA are unfriendly and this
has aggravated LLAGOSTERA. (COMMENT: ALSPAL-2 who is quite
friendly with LLAGOSTERA repeatedly reported that JOSE is
very unhappy with his lot, i.e. "prisoner" of the Embassy,
no opportunity to go to town etc. LLAGOSTERA, according to
ALSPAL-2, is also unhappy about this problem. (Neither JOSE
nor LLAGOSTERA are to stay in Mexico.)

Debriefing of LITAMIL-9 on Trip to Cuba

Enclosed as attachments A, B and C are the results of the debriefing of LITAMIL-9 by Edward D. Knapman.

Willard C. CURTIS

Attachment A

1. In compliance with DIR-40146, Edward D. Knapman was dispatched to Mexico City from JMVAVE to conduct a debriefing of LITAMIL-9. the debriefing totaling eight hours on the nights of 29 May, 31 May and 1 June 1963.

8. Victor TRAPOTE Mateos - This man's most interesting operational access is through his daughter, Irina TRAPOTE de VALDES, who is married to Ramiro VALDES. The prospective fruitfulness of this entree diminishes, however, as the facts are laid on the table. For one thing, though anti-Communist, TRAPOTE is still a friend of Fidel Castro. L-9 said that he sheltered Fidel in his home during Fidel's exile in Mexico. TRAPOTE, who was born in Spain, is about 58 and apparently more interested in his art (sculpturing) than in politics. TRAPOTE apparently has no intention of going to Cuba permanently. L-9 says TRAPOTE has made no comment concerning Ramiro VALDES, but he apparently has suggested that Irina is not getting along well with Ramiro. L-9 described TRAPOTE as of medium height, solidly built, and in good physical condition. His daughter is a tall attractive blonde of about 25, and has a rather retiring personality. L-9 could come up with no means of developing an operation against VALDES through these entrees.

Attachment A

1. In compliance with DIR-40146, Edward D. Knapman was dispatched to Mexico City from JMWAVE to conduct a debriefing of LITAMIL-9. Knapman arrived here 29 May 1963 and conducted the debriefing at three sessions totaling eight hours on the nights of 29 May, 31 May and 1 June 1963.

2. Attachment B is largely positive intelligence while Attachment C is basically of operational interest. The intelligence debriefing was conducted on the basis of current and past intelligence requirements lists available at the Mexico Station. To the extent feasible we attempted to pinpoint ultimate sources, but headquarters will note that a sizable part of the information provided was based on personal observation and impressions. Headquarters should keep in mind that L-9's perimeter of access was the city of Havana and that he was exposed principally to bureaucrats who are identified with the regime. We caution headquarters on this rather obvious point, perhaps because we were exposed recently to AMKNOCK-1 who has been living deep "in the entrails of the monster" in Oriente and who had a different view of the temper of the people in that area from that given by LITAMIL-9 for Havana.

3. In attachment C are the answers to a series of questions of operational interest which were posed after a thorough review of the LITAMIL-9 operational file. In some cases fuller biographic information can be obtained from L-9 if and when required. L-9 was most cooperative and understood clearly what the debriefer was looking for. In most cases, however, it is not probable that L-9 will be of great help in making operational approaches and pitches because of his present position.

1. Subject had nothing meaningful to add on disaffections or realignments as a result of the October crisis.
2. With regard to internal friction within the GOC, he said that there is considerable criticism of the "old" Communists by the "new" Communists and 26th of July. He cited the case of Felipe GUERRA Matos' criticism of Joaquin ORDOQUI and Nicolas GUILLEN (previously reported) as cases in point. By and large, the new Communists and Fidelistas are grabbing off most key position in the government bureaucracy. Fidel Castro is still the principal leader of the Revolution and both the PSP and the Soviets know that he is vitally important to them. Source was told by his sister-in-law (Conchita) that Fidel showed some annoyance with Blas Roca one night when he phoned and told Rene VALLEJO to tell that "son of a bitch" (puta de puta) to stop bothering him. Conchita also says that Fidel is somewhat annoyed at his old crony Carlos Rafael ROERIGUEZ because the zafra is proving to be such a bust and that Fidel has complained that Carlos Rafael frequently doctors INRA statistics to his own advantage. Despite these minor problems with key Communist leaders, Fidel continues on friendly terms with the key members of the PSP, and Blas Roca should be included with Fidel, Raul and Che Guevara among the four most powerful men in Cuba. Source commented that we must understand the myth created by the Revolution and its propaganda in evaluating internal friction and cleavages. Non-communist officials have been either brainwashed by propaganda, are still blindly loyal to Fidel, or else have no place to go. Thus, in the final analysis, the cleavages are superficial and of no great moment.
3. Source had no detail on the formation of the Partido Unico. He commented that the PSP view PURS as an attempt by Fidel Castro to absorb it and that the PSP consequently has been cool to the idea.
4. Subject was questioned on mass organizations in Cuba, but could provide no information worth reporting.
5. Source was questioned on the positions of Lazaro Pena, Lizardo, Ramiro VALDES and Juan MARINELLO. He had little of importance though he commented that Fidel, according to Conchita, did not hold Lazaro PENA in high regard. Source had no information on MARINELLO's reported problems at the University of Habana.
6. We covered the gamut on counter-revolutionary activities and other types of resistance with disappointingly negative results.
7. In the military field (number of Soviet troops, training in both Cuba and the Soviet Union, missile arrivals, hiding of military materiel in caves etc.) source could add nothing to the bolas which can be picked up on Flagler Street in Miami.

SECRET CS COPY

SECRET

8. Source was questioned about Chicom military activities. He answered that he saw no Chinese, heard no comments about the Chinese and did not get the impression that the Chicoms are significantly active in any field in Cuba.

9. When asked about Cuban confidence in the Soviets, he said that most people he had talked to felt that the Soviets would come to Cuba's defense in case of an American invasion if it happened to suit Soviet interests at the time. He said that to his knowledge Soviet technicians were getting along well with Cubans, but he feels that the Cuban people view the Soviet with detachment socially and have very little to do with them.

10. Source was queried on any comments he had heard concerning a GOC desire for a rapprochement with the United States. He said that he had heard nothing specific, but that he personally felt this was a prospect frequently considered by Castro.

11. In view of Source's excellent sub-source in INRA (Conchita), it had been hoped that he would be able to provide some valuable information on this organization. Actually, he had little to add to Conchita's comments in regard to Fidel's attitude toward Carlos Rafael Rodriguez. We asked for Conchita's evaluation of Carlos Rafael, and received information which has many times been forwarded to headquarters and need not be repeated here. Conchita made no meaningful comments on the effectiveness of Soviet and Satellite technicians assigned to INRA. (See also paragraph 5 of attachment B concerning Fidel Castro which may be of PI interest.)

12. When asked about the principal reasons for industrial difficulties, Source said that he heard universal complaints about the need for spare parts. He could only pinpoint the transport industry. He had no specific information on how some U.S. manufactured spare parts were being received, but commented that Canada might be the source. He could give no specifics and said that all correspondence on these matters is closely held and encoded when cabled. He has had no access to such information.

13. Regarding the rationing system, he said that it is working more smoothly now than a year ago and that grumbling is less now than in the past. He said that things are better organized now and that he saw no desperation because of food or other shortages.

14. Source said that he had heard of no significant increase in diseases, though there was much comment about cases of gastroenteritis.

15. Source had no information whatever on the export of the Cuban Revolution and on the training of revolutionaries from other areas in Cuba.

16. Regarding diplomatic relations with other Latin American countries and Spain, his understanding is that the GOC wants no more breaks and is especially interested in maintaining the tie with Madrid since Spain is the mother country and an airline link to Europe.

SECRET

SECRET

17. With regard to the Civil and Foreign Services, Source said that there is more stability and discipline in both than there was a year ago, with a consequent rise in morale. He said that there is much less free-wheeling on the part of subordinates, but now the chiefs are expected to face up to their responsibilities and the competent must carry the load for the majority who are incompetents. We commented that this was not a phenomenon absent in other public services and tried to flush Source out on the quality, loyalty, and efficiency of the services. He said that loyalty is increasing, quality is circumscribed seriously by insufficient academic preparation and job training and efficiency has increased in the past year because of better discipline and improved administrative practices.

18. Subject had nothing of consequence to add regarding the organization of the Ministry of Foreign Relation and the Foreign Service. This subject will be covered to some extent in the operational attachment to this dispatch. See paragraph 7 of attachment B concerning the rumor that Armando HART will replace Raul ROA at MINREX.

19. Source had little information on the Church. He said that the Catholic Church is not being molested and that relations between it and the GOC have improved. Pope John XXIII was viewed with favor by the GOC. (Note: Batistianos in Miami frequently take the opposite view.)

20. Source had nothing of value on the Ministry of Education, the University of Habana, the literacy program, the establishment of new technical and scientific institutes, the quality of education at secondary and primary levels.

21. Regarding the United States, he feels that there is still a fund of friendship among the Cuban people and admiration of American technology. He said that a few of his friends listen to U.S. broadcasts, but he had nothing to say concerning their comments and the extent to which these broadcasts are having an effect.

22. Regarding the temper of the Cuban people, source does not believe that the ingredients for a revolt exist. He feels that the regime may have more support now than it had a year ago, or, if such is not the case, that people are just more resigned to it.

✓ 1. ^{F/R} Alfredo *GUEVARA - It was noted in L-9's file that he at one time had been in touch with GUEVARA. L-9 described him as a man in his thirties, who had lived in Mexico. He struck L-9 as something of a bluffer, and L-9 understands that he is not well liked. In some respects (political) the writer knew something more about this Cuban Communist movie producer than L-9.

Re. CONTACT with
Sub. of 201-324609. DZ JUNE 63

2. Source had nothing new to add on Ramon *CUEENCA, suspected G-2 agent, than is already a matter of record.

3. With the prospect of possibly developing source's brother, Alfredo (see 29 below), through their half-sister, source was queried on the latter, but we ceased this line of questioning when the ^{WALTER} father learned that the child is only 10.

4. Source had met Jose "Pepin" *NARANJO when he came to Mexico with Blas Roca, but he had little of operational interest to add concerning him. He said that NARANJO struck him as wily, sharp, but intellectually quite superficial.

✓ 5. We questioned source concerning Conchita's impressions of Antonio *NUMEZ Jimenez, and Carlos Rafael *RODRIGUEZ, and nothing of value resulted (see attachment B for some comments on the position of the latter). Conchita did have an interesting comment concerning Fidel CASTRO's health. Apparently he has not fully recovered from a rather serious pulmonary illness and she said that he is much less robust than he used to be. (Attention is drawn to this paragraph in Attachment A).

✓ 6. Orlando *SANCHEZ - He is the brother of Celia SANCHEZ, and L-9 believes that he is disaffected with the regime and is anti-Communist. SANCHEZ is about 38, lived for a time in New York (ODURCE traces should therefore be available), and is now in charge of the "Seccion X" store on O'Reilly Street in Habana. His wife, whose name escaped L-9, is an American and probably of Puerto Rican extraction. They have at least one child. L-9 feels that there is very little chance that SANCHEZ is recruitable and he does not believe that he would use Celia for intelligence purposes in any case. As Headquarters knows, L-9 has extended an invitation to SANCHEZ to visit him in Mexico. We could, perhaps, push this, but the chances of successfully recruiting him in Mexico, according to L-9, would be small. L-9 said that a sister of Celia, whom L-9 described as being in her twenties and married to a formerly wealthy man from Oriente whose holdings had been confiscated, was against the regime and was about to leave Cuba for Miami with her husband. L-9 did not know the sister's name.

7. The writer asked L-9 whether he had any contact with Haydee SANTAMARIA or her spouse, Armando *HART Davalos, during his visit, and he said that he had not. He said that it was widely rumored around the Foreign Ministry that Hart might replace Raul ROA. He said that this would really not be a demotion for Roa since he would handle and attend international conferences while Hart administered MEMREX.

✓ 8. Victor *TRAPOTE Mateos - This man's most interesting operational access is through his daughter, Irina *TRAPOTE de VALDES, who is married to Ramiro *VAIDES. The prospective fruitfulness of this entree diminishes, however, as the facts are laid on the table. For one thing, though anti-Communist, TRAPOTE is still a friend of Fidel Castro. L-9 said that he sheltered Fidel in his home during Fidel's exile in Mexico. TRAPOTE, who was born in Spain, is about 58 and apparently more interested in his art (sculpturing) than in politics. TRAPOTE apparently has no intention of going to Cuba permanently. L-9 says TRAPOTE has made no comment concerning Ramiro VALDES, but he apparently has suggested that Irina is not getting along well with Ramiro. L-9 described TRAPOTE as of medium height, solidly built, and in good physical condition. His daughter is a tall attractive blonde of about 25, and has a rather retiring personality. L-9 could come up with no means of developing an operation against VALDES through these entrees. RE CONTACT WITH Sub. of 201-329609. DDI JUNE 63

9. Source was asked about the current activities of Faure *CHOMON, and could add nothing to what is already known.

✓ 10. Abraham *MACIQUES - He is about 28, Jewish, has no military title, and was formerly married to an American who has divorced him and returned to the United States. He is now married to a Cuban who gave birth to a child in the Spring of 1963. His parents live in Cardenas, Matanzas, but L-9 could give no other information on them, the former-wife or the present wife. He said that AMLEO-3 would have much fuller basic information on MACIQUES. His sister, Nidia *MACIQUES de Roque, lives in Wooster, Ohio at 1653 Smithville Road. L-9 said that MACIQUES was relieved of his job in the Cienaga de Zapata because people under his direction were assisting anti-Castro elements which have since been liquidated. It is not clear whether MACIQUES knew of these activities, but, in any case, Fidel Castro sacked him. MACIQUES, at the very least, is indifferent to the present regime. He told L-9 that he would leave for the United States if he could get to see Fidel soon about another job. L-9 feels that MACIQUES may be recruitable, but he could propose no approach. It should be noted that MACIQUES' access is limited now (no job) and he may be in disgrace.

✓ 11. FIR Guillermo *LEON Antich - L-9 said he is about 30, has the rank of SCOUT ambassador, and may be G-2, but he had little else to add to our present knowledge of LEON. RE CONTACT WITH Sub. of 201-329609. DDI JUNE 63

12. LIOOZE-1 - L-9 said L-1 is assigned to protocol in the Foreign Ministry and that he spends a good deal of his time at the airport at Rancho Boyeros. L-1 has criticized extremism in the regime, is pro-ROA, apparently strongly dislikes Carlos *OLIVARES and was glad to see him sent out to the field. L-9 gave no further information that is not already a matter of record.

✓ 13. Ramiro *DEL RIO - He is about 28, went about half way through medical school at the University of Habana, is rather short, well-proportioned, and stoops a bit when he walks. He is probably G-2 and is assigned to the Consejo Nacional de Cultura. He is a protegee of the Consejo's directress, Edith *CARCIA Buchaca (see 14 below). L-9 believes DEL RIO is a strong Fidelista and not a recruitment candidate.

SECRET

-3-

14. Edith GARCIA Buchaca and the Consejo Nacional de Cultura - GARCIA, an old-line Communist, is trying to place Communists and extremists in as many cultural slots as practicable in Cuban embassies. She is 45-47, a light mulatto, about 63-64 inches tall, fairly well proportioned, and an indefatigable worker. The Consejo is now located in the Ayuntamiento de Marianao and has a staff of about 25 at headquarters. L-9 does not know of any clandestine activities in which the Consejo may be engaged and considers it basically a cultural organization. In addition to GARCIA and DEL RIO, L-9 recalls the names of the following personnel: Marta ^FARAJONA (plastic arts), Maritza ^FALONSO (recites poetry). He said that the Consejo is interested primarily in fostering art exhibitions, many of which are displayed abroad. He mentioned Aracio ^FVANEGAS Arroyo, a Mexican employed by the Consejo, as a contact, but VANEGAS appears to be a strong Castrista. Vanegas is 30-34, about 65 inches, well-built, married to a Cuban and a good friend of Raul Castro. L-9 could come up with no realistic penetration prospects in the Consejo.

15. Guillermo ^FGUERRA Matos - L-9 had nothing to add to what has already been reported. L-9 does not know GUERRA personally.

16. Petra ^FPALLEGAS de PEDROSO - Her husband, Regino ^FPEDROSO, is a poet of some stature and Cuban Charge in Peking. L-9 does not know whether Regino is a Communist, but he knows that he was at one time arrested for being one. Petra and Regino have no children. She is middleage and is separated from Regino to collect her benefits in Habana as a retired teacher. She is related to the Communist poet, Nicolas GUILLET. L-9 views Regino as a very slippery article and did not have any recommendations concerning an operational approach. In any case, there is no real reason to believe that either Petra or Regino would be susceptible to a pitch.

17. L-9 had nothing to add to what already has been reported concerning AMIEO-3 and his family.

18. He had nothing new on Orlando ^FPANTOJA Tamayo, previously reported to be an inspector for Ramiro Valdes.

19. L-9 was questioned about the BAYO brothers (Armando and Alberto BAYO Coscaya), old man BAYO (Gen. Alberto BAYO Giroud) and General Enrique Lister. The only comments he had to make were that the BAYOs are all believed to be pro-regime and that the old man is of no significance in Cuban affairs. He knew nothing about Lister.

20. The subject of Conchita, which has already been mentioned elsewhere in this debriefing, was discussed at length with L-9. Nothing of operational interest that has not already been reported by the Mexico Station emerged from this discussion. Conchita is still loyal to Fidel and L-9 could suggest no workable operational approach to her.

SECRET

21. Rene Depestre - Source had no information of use.

22. L-9 was questioned about rumors of Castro penetration of KUBARK that he had heard during his visit, but he could provide no specifics. He gave no information on Cuban intelligence activities that is not already a matter of record.

23. Agustin ^FYASSELLS - Nothing new to add except that L-9 considers this diplomatic courier as quite loyal to the regime.

24. Mercedes ^FLECHUGA - She is about 35, a teacher, single, anti-Communist and lives with her parents on Calle 25, No. 963, Vedado, Habana. She is the sister of Ambassador Lechuga and known personally to L-9, but he does not believe that a pitch would be practicable.

25. Ernesto ^FRODRIGUEZ Cue - He is about 30, married to a Mexican, and believed to be loyal to the regime. Although he is employed in a very worthy target area ("confidenciales" of MINREX), L-9 does not believe him to be recruitable.

26. Felipe ^FROJAS - This employee of the Cuban Embassy in Mexico plans to go to Cuba. L-9 understands that Rojas is going to emigrate to Cuba permanently and does not know what ROJAS plans to do there. L-9 gathers that ROJAS will be paying his own passage. While this at first appeared to be an operational lead, it would seem that it is simply a case of a pro-Castro young man who wants to settle in Cuba.

27. Joaquin ^FHERNANDEZ de Armas, Ambassador-designate to Mexico - L-9 described him as a man in his forties, but who looks much younger. He is highly thought of in the Cuban Foreign Service, is very intelligent, and believed to be loyal to the regime. L-9 had no information of operational interest on Hernandez. 201-301753 C.I. Cuba cc. D. DOCUMENT RE CONTACT with Sub of 201-31969. DOL June 63 HAVANA 6/63

28. Dolores de la ^FMORA - Source said that she is highly intelligent and rich Mexican, who is now in Cuba, and is close to Fidel Castro and to Luis Alberto ^FCIERGE Fabra, a G-2 officer. L-9 got this information from Conchita second-hand and was not able to provide additional details.

29. Alfredo, L-9's brother - the writer can add nothing to what Station Mexico has already reported on this operational target, and feels that we are barking up the wrong tree if we expect L-9 to approach him. In so doing we would be trying to undermine values which probably transcend L-9's basic anti-Communism. On the other hand, Alfredo is anti-Communist and dissatisfied with the regime, and, while he rejected Growery's pitch, he did so graciously and told L-9 that Growery impressed him favorably. While the writer cannot suggest an approach to Alfredo, it is felt that at this time such attempts as may be made to develop him should be channeled through someone other than his brother.

2)

On the night of 10 May 63, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying district of city where debriefing took place. NO SECURITY PROBLEMS NOTED.

Time: 2130-2245.

RECORDED

201-334253
1921
201-334253
201-334253

LITAMIL-9 reported as follows: JUN 5 1963

1. Manuel ~~PEREZ~~ ^{PEREZ} Cuban G-2 Mexico, told L-9 that he had been SER.

with ~~Isidoro~~ ^{Isidoro} ~~VEGA~~ ^{VEGA} Canada and that DE LA MORA asked for L-9. L-9, of course, will take advantage of VEGA remark to make contact with DE LA MORA. L-9 commented that fact VEGA was with DE LA MORA is interesting. It will be recalled that "Cochinita" FERNANDEZ told L-9 to be careful with DE LA MORA because she is a contact of CLERGE Fabra, Cuban G-2 type.

2. L-9 reported that on 9 May 63, while near the Cine Diana at ITEX 10:30, he saw ~~Ramon~~ ^{Ramon} ~~Canada~~ ^{Canada} waiting for someone. SINGRAS saw L-9 and waved at him. (This was ~~MURRAY~~ ^{MURRAY} meeting) L-9 commented that SINGRAS was definitely waiting to make a contact with someone. Francisco ~~MAIZ~~ ^{MAIZ} ~~Albarran~~ ^{Albarran}, Spanish/Cuban, who formerly tended the gate at the Cuban Embassy in Mexico, returned to Mexico on 10 May 63, this time assigned to the Embassy as "Auxiliar de Segunda Clase". (LITMRE Airlists know MAIZ and his wife returned via Cutara on 10 May 63). L-9 said that MAIZ' wife is suffering from cancer, that she was operated on in Habana but there is no hope.

201-334249
3. L-9 reported that on 9 May 63, ~~Ramon~~ ^{Ramon} ~~Canada~~ ^{Canada}, Cuban Charge, met with students (above C) from Chavinda. The meeting took place at 1700 at the Embassy.

201-306051
4. Pco. MAIZ told L-9 that ~~BAILEY~~ ^{BAILEY} ~~Director~~ ^{Director} ~~of~~ ^{of} ~~Intelligence~~ ^{Intelligence}, Cuban Charge in Bolivia, went back to Habana recently for what he thought was short stay, i.e. two weeks, but he is still there. GAILO was assigned to study "instruccion politica y revolucionaria".

Subject: LITAMIL-9

On 13 May 63, I met LITAMIL-9 at the usual rendezvous point and we drove to outlying district of the town, where we held meeting. FOR SECURITY PROBLEMS HOTEL. Time: 2230-2330.

INDEX

LITAMIL-9 provided the following information:

RE: COMMENTS ON EMMA FARIAS MAY 63

1. Francisco MAIZ told L-9 that Emma FARIAS, former upstairs maid at the Cuban Embassy, and now employed by the PORTUGUES in Oriente (Amb Jose PORTUGUES) is being returned to Mexico as a security risk. She is expected to arrive from one day to the next. According to MAIZ, FARIAS was "sacking in" with anybody who came along, and has even become friendly with counter-revo. In view of the above, FARIAS is being "bounced". MAIZ said the Cubans plan to conduct a full body search of FARIAS when she leaves Cuba, i.e. XXXXXXXX "en cueros". L-9 pointed out that FARIAS is a Mexican and if it true what MAIZ reporting about body search etal it would be good for PP play in Mexico.

2. L-9 reported that [unclear] in Mexico, [unclear]

3. Jose FERRANDEZ, newly arrived Cuban, told L-9 that he came to Mexico in 1959 with a group of young people as an "official" FERRANDEZ said that Amb BACSI was in Mexico at that time. L-7 reported that this is FERRANDEZ first overseas post.

4. Roberto JORRE is expected to return on 14 May 63.

5. L-9 reported that [unclear], the Vice Consul in [unclear], is quite sick with "tormenta", i.e. malaria. He apparently has had this problem in Cuba.

6. Ramon SANCHEZ, Cuban Charge, told L-9 that his baby would be about a week old when the new Ambassador arrived and that this would be fine because he wanted to return to Cuba and see his father who has returned to Havana from Paris (Ramon SANCHEZ's son [unclear]). SANCHEZ's wife gave birth to baby boy.

7. Manuel VERA told L-9 that the new [unclear] [unclear]

8. On 12 May 63, ~~Sergei~~ ~~BOREK~~, Soviet Counselor, drove L-9 to the Cuban Embassy from Coyocac. BOREK, who is L-9's driver, is extremely "sharp", "realistic" and "talented" told L-9 the following:

H.M. 731

a. The Cuban Rev is now consolidated as the recent trip of Fidel CASTRO to Moscow proves. BOREK said that CASTRO's absence from Cuba did not affect the regime; that things went on the same in his absence etc. BOREK, however, said that this does not mean that Cuba does not need CASTRO. He said that Cuba is not like the Soviet Union where the loss of KRUSHCHEV would not affect the regime. Cuba needs CASTRO and he must be protected to avoid an assassination attempt etc.

H.M. 7312

b. L-9 asked BOREK about the "terrace" and BOREK answered that at this time, in his opinion, not even President LOPEZ M., knows who is going to be the candidate.

c. BOREK stated that a revolution in Mexico similar to that in Cuba would be very difficult. He attributed this to the fact that the masses in Mexico are not the "mobile group" required for such a revolution. He said that it will take one or two generations before Mexico is ready for such a revolution.

9. L-9 said that ~~Jose~~ ~~ANTONIO~~ ~~LOPEZ~~ ~~MORALES~~, Cuban Consul, is expected back on 17 May 63.

201-334089

10. L-9 said that while he was in Bohemia he asked that 5 copies of Bohemia be sent to the Embassy. He said that 10 copies are arriving and will arrive on his return to Mexico. He said very little progress is being made.

11. L-9 said that he saw Rafael BARRERA and Antonio MORALES at the Embassy but he did not have a chance to talk with them. He said they quickly slipped into SUTOW'S office.

Subject: LITAMIL-9

SECRET

On 22 Apr 63, at 2200, LITAMIL-9 called to report his arrival and set up a mtg for 2230 at the usual rendezvous point. The mtg was held from 2230-2400. NO SECURITY PROBLEMS NOTED.

See MEXI ... re L-9's problems in Cuba and ops data re reassignment to Mexico.

L-7 reported the following:

- In his opinion there is no chance of the Cuban Govt falling because of political or economic reasons at the time. L-9 said that the Cuban people will be able to stand the conditions under which they are presently living indefinitely. He said the most pronounced scarcity is that of buses, which hardly present a serious problem in terms of disaster. He said that although food is not plentiful, the people are not starving and will be able to continue to get along. In the political field, L-9 said that there is definitely a rift between the Communist left and CASTRO's 26 July Movement, but again this is not of serious proportions and CASTRO appears to be handling it adroitly. L-9 said that CASTRO dislikes both Lazaro PENA and Blas ROCA intensely and might possibly rid the country of one of the two after the final tally is made on the sugar crop. That is, the rumor is around that CASTRO will take one of the these two as scapegoat for the poor sugar crop. On the other hand, much criticism was heard when CASTRO moved Joaquin GONZALEZ, Cuban CP leader, up in the Government hierarchy. At any rate, L-9 said that through conversations that he had had with many people his conclusions were that "el gobierno de Cuba es salido". L-9 said that both Castro and side were very pleased with the latest light story on Cuba and felt that this was a change in U.S. attitude towards the regime.

M 2-
7226
RIFE

- Re missile bases, L-9 said he not able to get any hard info. He said that MACIQUES, Com, a close friend of his and of ALBA, told him that he had heard from an Army Officer that the missile bases were of a mobile nature, i.e. they can be assembled quickly by men trained for this purpose. MACIQUES said that the purpose of this was to avoid the U.S. pinpointing their base of a missile base. L-9 said there were many rumors and no definite info.

3. ^{CIT CUBA} re assignment of Joaquin ~~XXXX~~ ^{ASSIGNED} ~~XXXX~~ ^{10.01 APR 63} to Mexico ~~XXXX~~ ^{XXXX} ambassador. L-9 said that he talked with ~~XXXX~~ and found him a likeable fellow, well educated and a Communist. L-9 said that APARGCRO, ~~XXXX~~ former Cultural Attaché in Prague, has also been assigned to Mexico City.

4. L-9 said that Conchita FERNANDEZ told him that Dolores DE LA ROSA is a dangerous person and to watch her. FERNANDEZ said that she is in contact with Luis Alberto ~~XXXX~~ ^{CIT CUBA} ~~XXXX~~, Cuban G-2, and important to that organization. FERNANDEZ gave L-9 to understand that DE LA ROSA might be working for somebody else. ^{FERNANDEZ} ^{MEXI - 10.01 APR 63}

5. L-9 said that Antonio GARCIA Lara and his wife returned to Mexico because one of their daughters was dying. L-9 said it was serious and the baby, ~~XXXX~~ suffering from "turistas" might have died.

6. L-9 reported that Ernesto ~~XXXX~~ ^{CIT CUBA} ~~XXXX~~ Cue, formerly employed in Cuban Emb in Mexico is now working in "confidential" section of the Foreign Office. - 10.01 APR 63

7. L-9 said that on 22 Apr 63, LIOOZE-1 told him that Humberto GARCIA Lara, had not shown up for work recently and was trying to get out of Cuba. LIOOZE-1 said that GARCIA was really "acting up". He told L-9 that GARCIA told him Mexican wife ~~XXXX~~ not to return to Mexico.

8. L-9 reported that Ramiro ~~XXXX~~ ^{CIT CUBA?} ~~XXXX~~ DEL RIO Perez, employed in the ~~XXXX~~ ^{XXXX} Cultural told him that Teresa PROENZA might be recalled. He criticized her because according to reports she only acted hospitably to her Communist friend. L-9 said that DEL RIO is the mouth piece of Edith GARCIA ~~XXXX~~, who heads up the Consejo. - 10.01 APR 63

9. L-9 said that his brother in Cuba told him that he had been approached in Spain by an American "my fino" and that he told him that he would be willing to talk with him at any time. L-9 did not push this question and it is understood that his brother meant that he would talk to an American "in the open" but not in terms of clandestine activity. L-9 said that his brother was very "honesto" and would not want to take part in any type of "engano". He said that his brother would be extremely angry if ~~XXXX~~ (L-9) was cooperating with the U.S. clandestinely.

L-9 said that he was pretty sure that AM-3's wife will ~~XXXX~~ to leave Cuba. He said that Fidel CASTRO was very upset at the ~~XXXX~~ and he felt that AM-3's wife would be "sensitive" ~~XXXX~~

11. L-9 said he saw Eusebio AZCUE in Habana and AZCUE will probably return to Mexico in about two weeks. L-9 said that LIOOZE-1 was very critical of AZCUE because of some of things he has been doing in Mexico. LIOOZE-1 probably made ref to drinking heavily, independent air, etc. Mariano GARCIA Perez apparently reported to Habana that AZCUE left the Consulate in an awful mess.

12. L-9 said that Raquel, Inu, an Uruguayan who stayed at Eusebio AZCUE's house while waiting for her visa in Mexico was under suspicion after she arrived in Habana. According to Concha FERNANDEZ, Fidel CASTRO, himself, went to visit her to find out where she stood through an interview. FERNANDEZ said that CASTRO returned from his visit to the Uruguayan and assured everyone she was O.K.

13. MAFKAKAMX Conchita FERNANDEZ told L-9 that Fidel CASTRO wanted to know who the SF CPAS were, i.e. father and son who are located in the Cuban Embassy in France and Mexico respectively. CASTRO described them as "2 extremistas".

14. L-9 reported that while he was in Cuba rumors were flying to the effect that Armando HART, present Minister of Education was in line to relieve Paul RCA as Minister of Foreign Affairs. The rumors also indicated that Emiliano XIMENNES VALMEYRA was to replace Paul CASTRO as Chief of the Armed Forces. CUBA, APR 63

15. L-9 reported that Russians were frequently seen riding around the city XXXX in trucks, wearing plaid sport shirts.

16. L-9 said that about 3 weeks ago, Juanita CASTRO was the protagonist in a big scandal at Varadero Beach. According to the reports, Juanita CASTRO opened a package of American cigarettes at the beach and she was approached by the authorities to tell her that the smoking of XXXX cigs was prohibited. She blew her top and there was quite a scene.

17. L-9 reported that Benny MORE, the famous Cuban musician died about 3 weeks or so ago.

Subject: LITAMIL-9

25 APR 1963
MAY 10 1963
DOC MICRO. SER.

On 24 Apr 63, I picked up LITAMIL-9 at rendezvous point and took him to my house where we talked from 2230 until 2400. NO SECURITY PROBLEMS NOTED.

See LEXI cables dated 25 Apr re L-9 info on MACIQUES other ops leads, LI OZE-1, Spare parts shop etc.

In addition to the above, L-9 provided the following information:

1. Abraham MACIQUES, Cuban, is divorced from his American wife, who is now in the U.S. with their children. MACIQUES is married again and ~~YATE~~ his wife gave birth to a child recently.
2. LITAMIL-9 said that he had a long talk with Enrique ~~DE LA OSA~~, editor of Bohemia and DE LA OSA is very pleased with the recent turn in events in the U.S. re Cuba. It was DE LA OSA who told L-9 that Fidel CASTRO was very please by Cartier ~~BRASSER~~ in ~~Paris~~ a few months ago.
RE INFO GIVEN BY SUBJ TO LITAMIL-9 - CUBA, APR 63
3. L-9 said that he heard several people mention that Fidel CASTRO had penetrations of ~~ETA KUBARK~~. He was not able to give any details on these reports but cited the case of AM-3 as an example of this.
4. L-9 said that on several occasions he saw a Czech or Soviet "jeep-like" truck out in front, or rather near, AM-3's house. The vehicle had an aerial on the front and heavy canvas covering ~~the back part~~. L-9 said the vehicle would remain for several hours in the same place, be driven rapidly off and then return to take up station again. L-9 said that when the children in the area asked the purpose of the truck they were told that it was being used for studies of the San Antonio de los Baños Airforce base. (Do you have photos of Sov trucks sent down by HQs re radio detection etc? I would like to know them to L-9 for possible iden.)
5. On 24 Apr 63, while at the INURO, Teresa ~~PROJEN~~ told L-9 that he had a very important appointment on 25 Apr with the Amb and Pres ~~ROFEL Mateos~~. L-9 believes this to be significant because his rank does not put him in this category, i.e. being with ~~the Amb~~.
6. L-9 said that he met ~~VENECAS~~, ~~from~~ (probably ~~ambassador~~) in Havana and had him over to dinner one night with his father (L-9's) and himself.

~~SECRET~~

7. L-9 said that in his opinion the presence of Soviets in Havana is not influencing the Cuban "ambiente". He said, in fact, the presence of Americans, in previous years, was more noticeable ~~XXXX~~ than the Soviets today. L-9 said: "No se ve afecto ni desafecto, una indiferencia" re the Soviets.

8. L-9 reported that (Dr.) ~~Sigwin RASFA~~ ²⁰¹⁻²³⁻¹¹⁴ now in Cuba has criticized the Cuban regime calling it "muy mediocre" and is planning to leave for Puerto Rico in the near future. L-9 received this info from ~~Dis. to AZCUE~~ ^{APAGE}. AZCUE also told L-9 that ~~RASFA~~ phone tapped by Cuban Govt.

9. L-9 said that while in Habana he "bumped into" Agustin YASSELES, Cuban courier, and asked him about the Bolivian plane crash in which two Cuban couriers were killed. YASSELES told L-9 that ~~this was "sabotaje"~~

10. L-9 went to the "wake" of Roberto MOLEN, Cuban courier, who was killed in the crash in Bolivia and was approached by MOLEN's brother, who oddly enough had attended the party that L-9 ~~XXXXXX~~ threw for Mercedes LECHUGA at his apartment. I recall L-9 showed me a photo of the group and cited the negro as a Cuban "in town" so he invited him to the ~~XXXX~~ party.

11. On 23 Apr 63, Teresa PROENZA told L-9 that she knew he would return to Mexico because when she was in Habana she heard that someone higher than ROA was very pleased with L-9's handling of Juanita CASTRO and her sister re scandal at the Embassy. It is L-9's opinion that Fidel CASTRO took this incident very seriously and he attributes the recall of Heberto JORPE, who according to L-9 will not return, the CONDES and others to this incident. It is L-9's opinion that no one involved in the scandal will remain in Mexico. L-9 said that Manuel VECA Perez is also scheduled to leave Mexico for good. L-9 said that Raul ROA asked him to give a first hand detailed account of what happened at the Embassy ~~XXXXXX~~ re Juanita CASTRO et al.

12. L-9 said that he met Francisco MAIZ, Spaniard and former watchkeeper of the Cuban Embassy ^{MEXI} at the ~~Emb. in Habana~~ ^{Emb. in Habana} and MAIZ told him that his wife was in very poor health, possibly on the point of "living in the ghost" while with MAIZ, ^{APAGE} ~~MAIZ~~ ^{Trust} ~~MAIZ~~ ^{CONFIDENTIAL} ~~MAIZ~~ ^{CONFIDENTIAL} papers on his way to the "incinerator" remarking that he ~~(MAIZ)~~ was in the "confidenciales" section. On 29 January 1963, I met LITAMIL-9 at ~~referred to as point~~ and we drove to darkened section of city for meeting. NO SECURITY PROBLEMS NOTED. Time: 2030-2130.

LITAMIL-9 reported as follows:

1. On 29 January 1963, ^{no 201} ~~Jaime~~ ^{(Dr) F} WOOLRICH went to the Cuban Embassy to discuss travel to Havana re 10th Medical Congress. WOOLRICH, who will be using a Special Passport told L-9 that he had been to Tijuana recently and crossed the border, visiting San Diego. WOOLRICH gave his address as Condominio Insurgentes, Insurgentes Sur 300 -603, ^{LAN 63} ~~1111 CITY, MEXICO~~ LITAMIL-9 said that WOOLRICH was shrewd and "sneaky", he did not like his attitude. He appeared to be a person of "confidence", i.e. of the Cuban Embassy. WOOLRICH said he had a Cuban visa. WOOLRICH showed L-9 a letter which he received from Havana several months ago because according to WOOLRICH the meeting was scheduled for the end of last year. WOOLRICH pointed out that the paper was outdated and suggested that it be returned to Havana and a new one sent to WOOLRICH. The letter provided spaces to fill in by WOOLRICH of the doctors who would be going. WOOLRICH told L-9 that he had about five in mind, that some of those who were going have changed their minds. WOOLRICH said that Dr. Clemente ROBLES was now vacillating and he did not know whether he was going to go. L-9 told WOOLRICH he would send the letter soonest and get a new one for WOOLRICH to fill in. The Congress will take place between 17-24 February 1963. L-9 took WOOLRICH to see Maricarmen OLIBARRI re visas and left him there. WOOLRICH, however, will be back to see L-9 on 30 Jan 63. PROENZA turned this case over to L-9.
2. On 27 Jan 63, ^{XF} Dolores DE LAMORA Zepeda asked L-9 for his telephone number and told him she would like to invited him to "reunirse con unos amigos en su apartamento". (COMMENT: I told L-9 that DE LAMORA's phone was being "tapped" and to be careful re conversation). RE CONTACT W/LITAMIL-9 ^{JAN 63}

4. L-9 said that Pedro PARINAS, Cubandiplomat arrived in Mexico on 28 Jan and was leaving for Bolivia. L-9 described PARINAS as an

- 7 8. L-9 said that AMSTET-1 invited him to have supper with him when he had time. L-9 was surprised at AM-1's offer.
- 8 7. L-9 said that rumors indicated that Fidel CASTRO's mother was expected to arrive on 1 Feb 63.
- 9 8. L-9 reported that the Boletin de la Embajada will now appear every two months rather than once a month as previously. L-9 said this was an economical measure.
