David Marwell  
Executive Director  
Assassination Records Review Board  
600 E Street, NW 2nd Floor  
Washington, DC 20530

Dear Mr. Marwell:

Enclosed is the diplomatic note received from the Mexican government, dated March 12, 1997, which responds to the ARRB's request for any additional documents that the Mexican government might have relating to the assassination of President John F. Kennedy. The Embassy evidently submitted the request to the Mexican government on June 13, 1996, but did not report the action through telegraphic channels. The reference in the telegram is to our recent query.

The Mexican government note conveys copies of the diplomatic notes exchanged between Mexico and the United States in 1963-1964 regarding the initial U.S. request for Mexican documents relevant to the investigation into Lee Harvey Oswald's visit to Mexico in the fall of 1963. Most of these notes were published in volume XVIII of the Warren Commission Report. They also duplicate copies of the same correspondence found in Legal Adviser's and Mexico City post files that are included in State's collection at NARA. I have stamped enclosed copies of pages bearing "confidential" classification markings. I am also enclosing a copy of Mexico City telegram 3078 of March 31.

According to my records, we have now received responses from all posts contacted through the A bureau. Minsk remains ongoing. Final responses have been received from Bonn, Paris, London, Moscow, and now Mexico City. Interim responses have been received from from Tokyo and Ottawa. As it has been some time since Tokyo reported that the Japanese government would be searching for documents, the ARRB might wish to prepare a followup cable.

Sincerely,

Nina J. Noring

Re: Request to CIA to contact liaison channels regarding LIENVOY intercepts of Oswald telephone calls in Mexico City

Some time ago the Review Board requested informally that CIA contact its liaison channels in Mexico City for information related to Lee Harvey Oswald. During your recent visit here we discussed with you the feasibility of your making such contacts. I am writing in response to your request that we memorialize our request and provide some background information.

The Review Board believes that all reasonable steps should be taken to account for all telephonic intercepts of Oswald during his visit to Mexico City in September-October 1963. There is evidence that CIA intercepted some telephone calls through an operation named LIENVOY conducted jointly with components of the Mexican government. We believe that it would be appropriate for CIA to contact directly Mexico City liaison channels to inquire as to whether the Mexican authorities retained copies of LIENVOY telephonic take, specifically the actual recordings of Oswald's telephone calls to the Soviet Embassy during the period of September 27 through October 3, 1963.

The Review Board previously has sought information from the Mexican Government through appropriate diplomatic channels. For reasons that are obvious to those familiar with Mexico City issues, the Review Board could not raise with Mexican officials nor with the U.S. State Department the possible existence of additional tape recordings that might be in the hands of certain officials. Thus, at the behest of the Review Board, the Department of State requested that the Mexican federal government and local government agencies conduct general searches of their files for records related to the assassination of President Kennedy. The Mexican government responded

by sending copies of the same documentation and correspondence that the GOM had made available to the Warren Commission in 1964.

The basis for our interest in your contacting appropriate Mexican officials is found in CIA document 104-10004-10199, which was reviewed by the Board on September 19, 1995. On page 5 of this document (not including the cover sheet) information that the Board agreed to protect, due to the sensitivity of sources and methods involved, suggests that the Mexican security forces may have had their own copy of the October 1 intercept on Lee Harvey Oswald. It is unclear whether this statement refers to the transcript or to an actual tape containing the phone call. Nevertheless, it provides enough evidence to warrant additional inquiries on this matter.

For your reference we are enclosing copies of the reference documents as well as copies of the correspondence between the DOS and the Mexican government.

We would appreciate your contacting appropriate officials to determine what reasonably can be known about this and related matters, and ask that you provide a response to this request by November 14, 1997. We are fully aware of the sensitivity of this type of request and do not wish to take any action that would compromise existing intelligence operations. If necessary, we would be pleased to discuss with you ways in which we might further elaborate on this request, including person-to-person discussions with appropriate officials either here or in Mexico.

Thank you for your continued assistance and cooperation.

Sincerely yours,

T. Jeremy Gunn

and other agencies may have taken based on our report. We surmise that the FBI may have made local checks through Mexican authorities to see if Lee OSWALD was actually in Mexico City on 1 October. Indeed, later investigation has confirmed all the details of his trip, where he stayed, and what he did. To avoid crossing lines with the FBI, our Mexico Station undertook no local investigation of its own. As we now know, OSWALD left Mexico on 3 October and was no longer there when our report was put out.

Since this telephone tap operation is a joint one with the Mexican Presidency, the Mexicans also had the 1 October intercept on Lee OSWALD, but it apparently slipped in their files until the assassination took place.

22 November 1963

When word of the shooting of President Kennedy reached the offices of our operating divisions and staffs on the afternoon of Friday 22 November 1963, transistor radios were turned on everywhere to follow the tragedy. When the name of Lee OSWALD was heard, the effect was electric. A phone message from the FBI came at about the same time, naming OSWALD

FROM: John F. Pereira

SUBJECT: Priority Request from Chairman,  
JFK Assassination Records Board

1. (S) The purpose of this memorandum is to advise you of a priority request from the Chairman of the JFK Assassination Records Review Board (ARRB). The request concerns records related to Lee Harvey Oswald that may be held by the Mexican Government.

2. (S) At his initiative, I met recently with the ARRB Chairman, Judge John Tunheim. He said the reason for the meeting was to ask that CIA assist the Board by making inquiries to liaison to determine if the Mexican Government has certain records related to Oswald's activities in Mexico in late 1963. Of particular interest to the Board is whether the Mexicans have copies of tapes from joint tel-tap operations, including coverage of Oswald's telephone calls to the Soviet Embassy. He said that locating such records is "the highest priority of the Board." (The attached letter from the ARRB's General Counsel explains the Board's interest.)

3. (S) Earlier this year, the Board sought unsuccessfully to obtain information about Oswald from the Mexican Government via the State Department. (See attached cable.) Mexico responded by providing copies of the same material that had been made available to the Warren Commission in 1964. The problem for the Board was that, in making the request to Mexico, it did not want to reveal information about tightly-held joint operations that the Board knew of from CIA records. Being sensitive to the Agency's request to protect this information, Tunheim would like the Agency to contact Mexican liaison directly on the Board's behalf.

Subject: CIA-IR-05 Possible Foreign Source for Records on Oswald

The Review Board requested that the CIA assist in locating and acquiring records relevant to Lee Harvey Oswald and the assassination of President John Kennedy which might exist in the files of a foreign government agency. Due to the foreign liaison sensitivity of this request, information on this issue was passed between the CIA, Review Board Chairman Judge John Tunheim, and one Review Board staff member.

On September 15, 1998, Chairman Tunheim and I flew to Houston to consult with CIA Directorate of Operations officers on the likelihood of the existence of additional records and the possibility that the CIA would be successful in acquiring these records. These CIA officers demonstrated that they had consulted numerous times with the senior officials of the foreign government but had, thus far, been unsuccessful in obtaining additional records or in confirming, visually, the existence of additional records. The CIA agreed to continue to work to obtain these records.

Re: Status of CIA Responses to Assassination Records Review Board's Requests for Additional Information and Records

Dear John:

I am writing to follow-up on our telephone call earlier today and to convey my serious concern about the status of CIA's responses to the Review Board's requests for additional information and records. Although CIA has completed its responses to several requests, and many others have been answered in part, a significant number of requests have not been answered — including some that were made more than two years ago. On many occasions we have been assured that responses would be forthcoming, only to have promised dates come and go without answers. It is now extremely important that these requests be answered promptly so that we may conduct a proper follow-up if necessary. The issues that we can now identify as being of the highest priority are identified in the text below by double asterisks (\*\*)<sup>1</sup> and we request that they be answered within the next month. We request that the remaining requests be answered by April 1, 1998.

The remainder of this letter is divided into two parts: first, a listing of the formal requests for information and records, and second, a listing of the informal requests for information and records. Please let me know if your understanding of any of the following points differs from ours so that we can resolve any potential discrepancies.

---

<sup>1</sup>As identified more fully below, the issues are: CIA-1 Organizational Material, CIA-6 Cables and Dispatches, CIA-13 Backchannel Communications, CIA-IR-03 HTLINGUAL Documents, CIA-IR-04 Disposition of Angleton Files, CIA-IR-07 Claude Barnes Capehart, CIA-IR-15 Electronic "take" from Mexico City, CIA-IR-21 DRE Monthly Operational Reports, CIA-IR-22 "A" Files on Clay Shaw and Jim Garrison.

Mr. John Pereira  
December 18, 1997  
Page 7

Documents file: documents Nos. 496, 498, 499, 500, and 510. The Review Board is awaiting confirmation that these documents are at HRG for processing.

**CIA-IR-05 Possible Foreign Source for Records on Oswald.**

CIA was informally requested to use its contacts to pursue certain records related to Oswald that were orally described to CIA. The Review Board understands that the CIA has taken steps to pursue these records.

**CIA-IR-06 QKENCHANT.**

The Review Board seeks information regarding the purpose of QKENCHANT and its connection with Clay Shaw, Howard Hunt, and Monroe Sullivan.

The Review Board was initially provided some information in regard to this request that now appears to be incorrect. CIA is now seeking additional information to correct or to clarify its previous answers. The Review Board seeks an immediate, full, and accurate formal response to this request. Once the formal statement is provided, this request will be complete.

**\*\*CIA-IR-07 Claude Barnes Capehart.**

The ARRB staff has reviewed all records that CIA has been able to locate to date. During the course of this review, additional questions were raised that CIA agreed to pursue. CIA also agreed to conduct additional searches to determine whether there may be additional retrievable records on Mr. Capehart. The Review Board seeks a full and accurate formal response to this request. Once the formal statement is provided, this request will be complete.

**. CIA-IR-08 Unredacted Copy of the "Family Jewels" Memoranda.**

ARRB has reviewed a redacted version of the "Family Jewels." Additional questions have been raised. At meeting between HRG, ARRB and the DCI/IRO on December 11, 1997, specific redacted pages were identified for ARRB staff review. These pages should be made available as soon as possible.
