Enclosure(s)

FBI FOIPA Addendum

As referenced in our letter, the FBI FOIPA Addendum includes information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. If you submitted a request regarding yourself or another person, Part 2 includes additional standard responses that apply to requests for individuals. If you have questions regarding the standard responses in Parts 1 or 2, visit the www.fbi.gov/foia website under “Contact Us.” Previously mentioned appeal and dispute resolution services are also available. Part 3 includes general information about FBI records that you may find useful.

Part 1: Standard Responses to All Requests: See Below for all Requests

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the Freedom of Information Act (FOIA). See 5 U.S.C. § 552(c) (2006 & Supp. IV (2010)). FBI responses are limited to those records subject to the requirements of the FOIA. Additional information about the FBI and the FOIPA can be found on the fbi.gov website.
- (ii) **National Security/Intelligence Records.** The FBI can neither confirm nor deny the existence of national security and foreign intelligence records pursuant to FOIA exemptions (b)(1) and (b)(3) and PA exemption (j)(2) as applicable to requests for records about individuals [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2); 50 U.S.C. § 3024(i)(1)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3); 50 USC § 3024(i)(1). This is a standard response and should not be read to indicate that national security or foreign intelligence records do or do not exist.

Part 2: Standard Responses to Requests for Individuals: See Below for all Requests for Individuals

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual’s name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records for Incarcerated Individuals.** The FBI can neither confirm nor deny the existence of records which could reasonably be expected to endanger the life or physical safety of any incarcerated individual pursuant to FOIA exemptions (b)(7)(E) and (b)(7)(F) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (b)(7)(F), and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching those systems or locations where responsive records would reasonably be found. Most requests are satisfied by searching the Central Record System (CRS), an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled and maintained by the FBI in the course of fulfilling its dual law enforcement and intelligence mission as well as the performance of agency administrative and personnel functions. The CRS spans the entire FBI organization and encompasses the records of FBI Headquarters (“FBIHQ”), FBI Field Offices, and FBI Legal Attaché Offices (“Legats”) worldwide. A CRS search includes Electronic Surveillance (ELSUR) records.
- (ii) **FBI Records**
Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Requests for Criminal History Records or “Rap Sheets.”** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks –often referred to as a criminal history record or “rap sheets.” These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.
- (iv) **The National Name Check Program (NNCP).** The mission of NNCP is to analyze and report information in response to name check requests received from federal agencies, for the purpose of protecting the United States from foreign and domestic threats to national security. Please be advised that this is a service provided to other federal agencies. Private citizens cannot request a name check.

In any event, you'll be hearing/seeing something shortly as they've been working closely with USAO and I specifically requested USAO discuss with main DOJ.

I asked them not to foreclose in the idea until they've seen the draft, at which point we can make a decision.

If TP really wants it out today, would light a fire under USAO and have them get with main DOJ with the draft.

Orlando killer had no links to IS: CIA chief [DAWN]

- CIA chief John Brennan has told the Senate intelligence committee that his agency found no evidence of a connection between Omar Mateen and the militant Islamic State (IS) group. Mr Brennan told the lawmakers that four days of investigation by the CIA and other US intelligence agencies concluded that Mateen was a "lone wolf." The FBI also has determined that Mateen was not directed by or in contact with IS before the Orlando attack. In Facebook posts from inside the club and a 911 call during the attack, Mateen reportedly declared his allegiance to the group. But investigators are now focusing more on his apparently complicated relationship with his sexuality.

The following list of overnight counterterrorism related news articles are intended for information only, and not as official FBI opinion:

NATIONAL

1. Pa. man charged with terrorism for Orlando-scale threats, cops say [Lehigh Valley Live]
 - John Robert Large, 51, of Lansford in Carbon County, made the threat in a call to Pennsylvania State Police on Monday, the day after 49 people were shot to death in Florida, according to the U.S. Marshals Service. He allegedly made threats in the call to police "as well as making a statement that he had something planned for months that would make the recent Orlando shooting look small," a news release from the marshals service states.
 - Large was brought before a judge Wednesday in Vermont's Orange County and ordered held in lieu of \$250,000 bail at the Southern State Correctional Facility in Springfield, Vermont. He faces a status conference scheduled July 13.
2. Microsoft-Funded Professor Builds Software to Fight Terrorism [Bloomberg]
 - Dartmouth College computer science professor Hany Farid -- using funding from Microsoft Corp. -- has developed technology to help scrub extremist content from the internet. Working with the nonprofit think tank Counter Extremism Project, Farid built software capable of identifying and tracking photo, video and audio files, even if they've been altered. The software, unveiled Friday, would allow websites such as Facebook Inc. to automatically catch flagged content and remove it or prevent it from being uploaded. On a call to discuss the technology, Farid, who is also a senior advisor to the CEP, said his software would allow companies to automatically remove posts that violate the sites' terms of use. He also said deleting the content is not a freedom of speech issue because the companies have the right to dictate what's suitable.
 - Companies that opt to use the technology will have access to the database and can add their own entries, subject to review, Farid said. The software will then flag any existing content and block attempts to upload files with digital signatures from the database.

INTERNATIONAL

1. Iraqi forces seize most of Fallujah from ISIS [Fox News]
 - Defense Secretary Ash Carter said it was "too early to tell" if Iraqi forces control all of the city. "There is still some fighting to be done." Carter said the U.S. military supported the Iraqi forces with advice and air support.
 - Fox News asked Carter about CIA Director John Brennan's testimony Thursday saying the terror capacity of ISIS had not been diminished despite some 13,000 airstrikes, bringing into question the strategy against the group. Carter said the strategy against ISIS had "three parts to it" and defeating ISIS in Iraq and Syria was "necessary but not sufficient."
2. Man charged in France over plan to attack tourists [Middle East Eye]
 - A man suspected of planning to attack American, English and Russian tourists in France was criminally charged late Friday and placed in detention, a judicial source said. The unidentified 22-year-old, who is reportedly a convert to a hardline interpretation of Islam, was arrested in the southern French city of Carcassonne on Monday, and was charged with association with a terrorist group, according to the source.
 - The man "confessed to investigators that he wanted to attack American, English and Russian tourists, before launching an attack on security forces -- police and military," the French paper reported. The suspect is said to be from Lunel, a town from which 20 people have travelled to Syria and Iraq to join militant groups, the Telegraph reported.
3. Windsor's Mohamed El Shaer arrested on terrorism peace bond [CBC Canada]
 - High-risk traveller Mohamed El Shaer of Windsor, Ont., has been arrested by the RCMP, becoming one of the few Canadians to be picked up on a terrorism peace bond. Just days after serving several months in jail for committing passport fraud, El Shaer was quickly arrested because Mounties suspected he would leave the country to join a terrorist group, police confirmed Friday.

- Police released El Shaer on a bond and will monitor him electronically. He is required to stay in Windsor, must not have a passport and cannot go close to the airport.
4. Orlando killer had no links to IS: CIA chief [DAWN]
 - CIA chief John Brennan has told the Senate intelligence committee that his agency found no evidence of a connection between Omar Mateen and the militant Islamic State (IS) group. Mr Brennan told the lawmakers that four days of investigation by the CIA and other US intelligence agencies concluded that Mateen was a “lone wolf.” The FBI also has determined that Mateen was not directed by or in contact with IS before the Orlando attack. In Facebook posts from inside the club and a 911 call during the attack, Mateen reportedly declared his allegiance to the group. But investigators are now focusing more on his apparently complicated relationship with his sexuality.
 5. Anti-terror official likely to be Indonesia's youngest top cop [Nikkei - Asian Review]
 - President Joko Widodo's recent nomination of Tito Karnavian to lead the Indonesian police has drawn applause from many, with Karnavian's clean track record and long counterterrorism experience bringing hope for reforms amid the growing threat of global terrorism. "I believe he has the capacity, intelligence and also good competence ... as well as ability to build networks with other law enforcement officers," Widodo explained.
 - Karnavian had led the National Police's anti-terrorism unit, Densus 88, and was the police chief in restive Papua Province prior to his appointment as chief of the Jakarta police -- when he again won praise for successfully tackling Islamic State-inspired local militants during their attack in central Jakarta this January.
 6. Boko Haram kills 24 in northeastern Nigeria [DAWN]
 - Twenty-four people were killed when Boko Haram fighters opened fire on mourners, a local community leader said Friday, in the second attack in northeast Nigeria this week after a relative lull. The attack happened at about 8:00 pm (local time) in Kuda village near the town of Gulak, in Adamawa state, according to Maina Ularamu, a former local government chairman in nearby Madagali.
 - “They came on motorcycles and opened fire on the crowd, killing 24. Most of the victims were women. They looted food supplies and burnt homes and they left almost an hour later,” he told AFP. Boko Haram was driven out of the state by a military counter-offensive from January 2015 and since there has been a relative calm despite sporadic attacks.
 7. Second black box recovered from EgyptAir crash site [DAWN]
 - Search teams on Friday recovered the second flight recorder of an EgyptAir plane from the bottom of the Mediterranean that could prove vital in establishing the cause of the crash. Egyptian investigators said search teams managed to recover the Airbus A320's flight data recorder -- which gathers information among other things about the speed, altitude and direction of the plane -- a day after they retrieved its cockpit voice recorder. It was not immediately clear how much of its data would be usable, but Cairo's civil aviation authority said on Thursday that salvage experts had managed to retrieve the voice recorder's crucial memory unit despite extensive damage to the black box.
 8. Qods Force general vows to fight in Iraq and Syria until the last jihadist is killed [Long War Journal]
 - A senior advisor to the commander of the Islamic Revolutionary Guards Corps – Qods Force vowed that Iranian forces would continue to fight in Iraq and Syria until the last Islamic State and “takfiri” fighters are killed. The statement, which was made by Brigadier General Iraj Masjedi, signals the entrenchment of Iranian military assets in Iraq and Syria and the two countries continue to be mired in civil wars. Masjedi serves as a senior advisor to Qods Force commander Qassem Soleimani, who has directed Iran’s intervention in Iraq and Syria and has organized Shia militias to battle the Islamic State, Al Nusrah Front (al Qaeda’s official branch in Syria), and other jihadist and rebel groups.

- The “Islamic resistance front” has “completely surrounded” Islamic State forces in Fallujah, according to Masjedi. Iraqi forces are said to have seized Fallujah’s government center today. The government has claimed that the Shia militias will not participate in the battle for Fallujah, however Popular Mobilization Forces units have been spotted in numerous locations around Fallujah.
9. Islamic State-Linked Filipino Jihadists Threaten to Decapitate 2 Hostages After Beheading Canadians [Breitbart]
- Abu Sayyaf’s threat follows the savage decapitation of the two other hostages — Canadians John Ridsdel (April 25) and Robert Hall (June 13) — after their government refused to meet ransom demands, reports the *Philippine Daily Inquirer*. The Abu Sayyaf group (ASG) is demanding 600 million Philippine pesos (about \$13 million) in ransom for Sekkingstad and Flor, who remain in the clutches of the terrorist group.
10. Austria arrests three asylum-seekers [DAWN]
- Austrian police have arrested three asylum-seekers who allegedly fought with or helped rebel groups in Syria and Iraq that are classed by Vienna as “terrorist” organisations, officials said on Friday. There were no indications that the two Iraqis and one Syrian, arrested in refugee centres in the western state of Tyrol, were planning attacks in Europe, police said. The 27-year-old Syrian is believed to have fought for Al Qaeda’s Syrian affiliate, Al-Nusra Front, and killed 20 members of government forces, including prisoners, local official Peter Oehm said.
11. AQIM sends proof-of-life video of Swiss hostage [The Local (Switzerland)]
- The video – which runs for two minutes and 50 seconds and was posted on social media sites Twitter and Telegram as well as YouTube – shows a veiled woman who appears to be Western. Speaking in French, in a barely audible voice, she says she is Stockly. Both facing the camera, and in profile, she gives the date as May 17, 2016, and says she has been in the hands of Al-Qaeda in the Islamic Maghreb (AQIM) for 130 days.
 - In late January, AQIM claimed responsibility for Stockly’s kidnapping, which it said took place on January 7th. The group said it would free her in exchange for freeing a number of AQIM fighters jailed in Mali and one of their leaders held in The Hague.
12. 194 Held in Bangladesh Mass Arrests May Have Militant Ties, Police Say [New York Times]
- The Bangladeshi police on Friday ended a week of mass arrests in response to the three-year campaign of killings by Islamist militants, saying that among the more than 11,000 people detained in the sweeps, 194 were believed to be linked to militant networks.
 - The police say that 151 of the 194 they arrested and consider militants are associated with a single group, Jama’atul Mujahedeen Bangladesh. All of them figure on a police list of 800 important suspected militants, and 20 are considered “very significant arrests,” said Monirul Islam, director of counterterrorism for the Dhaka Metropolitan Police.

Mike,

You'll probably kill me, but I restructured the press statement/release to a format that is more concise, less distracting, and more in line with a timeline/sequence. I've got no pride of ownership so if you think the last draft is better, let me know and we can go with it.

Mucho controversy over decision to redact some national security info in transcripts today. I've told our folks based on AG remarks yesterday and us atty remarks at press conf ongoing now the decision from Doj point of view represents a desire to avoid harming victims and giving shooter more notoriety. That's not cutting it for our brass. Do you have any more on this? Under review to change your minds?

NEWS RELEASE

For Immediate Distribution: June 20, 2016

Federal Bureau of Investigation
Tampa Field Office

FBI Media Representative:
Special Agent Amy Pittman
Phone Number: (813) 253-1000

Investigative Update Regarding Pulse Nightclub Shooting

ORLANDO – In order to provide an update on the progress of the investigation into the Pulse nightclub shooting, the FBI is releasing an excerpt from the timeline of events inside the Pulse nightclub during the early morning hours of Sunday, June 12, 2016. Out of respect for the victims of this horrific tragedy, law enforcement will not be releasing audio of the shooter's 911 calls at this time, nor will law enforcement be releasing audio or transcripts of the calls made by victims at the Pulse nightclub during the incident. Furthermore, the name of the shooter and that of the person/group to whom he pledged allegiance are omitted.

The following is based on Orlando Police Department (OPD) radio communication (times are approximate):

- 2:02 a.m.: OPD call transmitted multiple shots fired at Pulse nightclub.
- 2:04a.m.: Additional OPD officers arrived on scene.
- 2:08 a.m.: Officers from various law enforcement agencies made entrance to Pulse and engaged the shooter.
- 2:18 a.m.: OPD S.W.A.T. (Special Weapons & Tactics) initiated a full call-out.
- 2:35 a.m.: Shooter contacted a 911 operator from inside Pulse. The call lasted approximately 50 seconds, the details of which are set out below:

Orlando Police Dispatcher (OD)
Shooter (OM)

- OD: Emergency 911, this is being recorded.
- OM: In the name of God the Merciful, the beneficial [*in Arabic*]
- OD: What?
- OM: Praise be to God, and prayers as well as peace be upon the prophet of God [*in Arabic*]. I let you know, I'm in Orlando and I did the shootings.
- OD: What's your name?
- OM: My name is I pledge of allegiance to [*omitted*].
- OD: Ok, What's your name?
- OM: I pledge allegiance to [*omitted*] may God protect him [*in Arabic*], on behalf of [*omitted*].
- OD: Alright, where are you at?

Follow us at:

OM: In Orlando.
OD: Where in Orlando?

[End of call.]

(Shortly thereafter, the shooter engaged in three conversations with OPD's Crisis Negotiation Team.)

2:48 a.m.: First crisis negotiation call occurred lasting approximately nine minutes.
3:03 a.m.: Second crisis negotiation call occurred lasting approximately 16 minutes.
3:24 a.m.: Third crisis negotiation call occurred lasting approximately three minutes.

In these calls, the shooter, who identified himself as an Islamic soldier, told the crisis negotiator that he was the person who pledged his allegiance to [omitted], and told the negotiator to tell America to stop bombing Syria and Iraq and that is why he was "out here right now." When the crisis negotiator asked the shooter what he had done, the shooter stated, "No, you already know what I did." The shooter continued, stating, "There is some vehicle outside that has some bombs, just to let you know. You people are gonna get it, and I'm gonna ignite it if they try to do anything stupid." Later in the call with the crisis negotiator, the shooter stated that he had a vest, and further described it as the kind they "used in France." The shooter later stated, "In the next few days, you're going to see more of this type of action going on." The shooter hung up and multiple attempts to get in touch with him were unsuccessful.

4:21 a.m.: OPD pulled an air conditioning unit out of a Pulse dressing room window for victims to evacuate.

(While the FBI will not be releasing transcripts of OPD communication with victims, significant information obtained from those victims allowed OPD to gain knowledge of the situation inside Pulse.)

4:29 a.m.: As victims were being rescued, they told OPD the shooter said he was going to put four vests with bombs on victims within 15 minutes.

(An immediate search of the shooter's vehicle on scene and inside Pulse ultimately revealed no vest or improvised explosive device.)

5:02 a.m.: OPD SWAT and OCSO Hazardous Device Team began to breach wall with explosive charge and armored vehicle to make entry.
5:14 a.m.: OPD radio communication stated that shots were fired.
5:15 a.m.: OPD radio communication stated that OPD engaged the suspect and the suspect was reported down.

Based on OPD radio communications, there were no reports of shots being fired inside Pulse between the initial exchange of gunfire between responding officers and shooter,

and the time of the final breach. During this time, the shooter communicated with an OPD 911 operator and an OPD crisis negotiator, and OPD radio communications reported that victims were being rescued.

The FBI urges the public to provide information about the shooter and any contact they may have had with him. Since the release of the FBI's Seeking Information poster, the FBI has received thousands of tips. The FBI will investigate every tip.

To provide a tip, please call 1-800-CALL-FBI or visit tips.fbi.gov.

JOINT STATEMENT FROM JUSTICE DEPARTMENT AND FBI REGARDING TRANSCRIPT RELATED TO THE ORLANDO TERROR ATTACK

WASHINGTON - The Department of Justice and the Federal Bureau of Investigation (FBI) issued the following statement regarding the FBI's release of the transcript related to the Orlando shooting:

"The purpose of releasing the partial transcript of the shooter's interaction with 911 operators was to provide transparency, while remaining sensitive to the interests of the surviving victims, their families, and the integrity of the ongoing investigation. We also did not want to provide the killer or terrorist organizations with a publicity platform for hateful propaganda. Unfortunately, the unreleased portions of the transcript that named the terrorist organizations and leaders have caused an unnecessary distraction from the hard work that the FBI and our law enforcement partners have been doing to investigate this heinous crime. As much of this information had been previously reported, we have re-issued the complete transcript to include these references in order to provide the highest level of transparency possible under the circumstances."
