Enclosure(s)

The enclosed documents represent the final release of information responsive to your Freedom of Information/Privacy Acts (FOIPA) request. This material is being provided to you at no charge.

To minimize costs to both you and the FBI, duplicate copies of the same document were not processed.

Records which may have been responsive to your request were destroyed. Since this material could not be reviewed, it is not known if it was responsive to your request. Record retention and disposal is carried out under supervision of the National Archives and Records Administration (NARA), Title 44, United States Code, Section 3301 as implemented by Title 36, Code of Federal Regulations, Part 1228; Title 44, United States Code, Section 3310 as implemented by Title 36, Code of Federal Regulations, Part 1229.10.

For your additional information, a record that may be responsive to your Freedom of Information/Privacy Acts (FOIPA) request has been transferred to the National Archives and Records Administration (NARA). If you wish to review these records, submit a Freedom of Information Act (FOIA) request to NARA, Special Access and FOIA, 8601 Adelphi Road, Room 5500, College Park, MD 20740-6001. Please reference the file number 100-WF-37694.

For your information, a search of the indices to our Central Records System reflected there were additional records potentially responsive to your Freedom of Information/Privacy Acts (FOIPA) request. We have attempted to obtain this material so it could be reviewed to determine whether it was responsive to your request. We were advised that the potentially responsive records were not in their expected location and could not be located after a reasonable search. Following a reasonable waiting period, another attempt was made to obtain this material. This search for the missing records also met with unsuccessful results.

FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum provides information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes standard responses that apply to requests for records about individuals to the extent your request seeks the listed information. Part 3 includes general information about FBI records, searches, and programs.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIPA [5 U.S.C. § 552(c)]. FBI responses are limited to those records subject to the requirements of the FOIPA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **Intelligence Records.** To the extent your request seeks records of intelligence sources, methods, or activities, the FBI can neither confirm nor deny the existence of records pursuant to FOIA exemptions (b)(1), (b)(3), and as applicable to requests for records about individuals, PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that any such records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual's name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records about any Individual—Witness Security Program Records.** The FBI can neither confirm nor deny the existence of records which could identify any participant in the Witness Security Program pursuant to FOIA exemption (b)(3) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(3), 18 U.S.C. 3521, and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.
- (iii) **Requests for Records for Incarcerated Individuals.** The FBI can neither confirm nor deny the existence of records which could reasonably be expected to endanger the life or physical safety of any incarcerated individual pursuant to FOIA exemptions (b)(7)(E), (b)(7)(F), and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (b)(7)(F), and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching systems or locations where responsive records would reasonably be found. A standard search normally consists of a search for main files in the Central Records System (CRS), an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled by the FBI per its law enforcement, intelligence, and administrative functions. The CRS spans the entire FBI organization, comprising records of FBI Headquarters, FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide; Electronic Surveillance (ELSUR) records are included in the CRS. Unless specifically requested, a standard search does not include references, administrative records of previous FOIPA requests, or civil litigation files. For additional information about our record searches, visit www.fbi.gov/services/information-management/foipa/requesting-fbi-records.
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheet. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.
- (iv) **National Name Check Program (NNCP).** The mission of NNCP is to analyze and report information in response to name check requests received from federal agencies, for the purpose of protecting the United States from foreign and domestic threats to national security. Please be advised that this is a service provided to other federal agencies. Private Citizens cannot request a name check.

JOHN WILLIAM CRUTCHER
SECURITY MATTER - C

The file maintained at the Passport Office, Department of State, for John William Crutcher was reviewed on June 6, 1960, and contained the following information:

Passport Number 2092141 was issued to John William Crutcher on April 5, 1960. This passport is restricted for travel in Albania, Hungary, and those portions of China, Korea, and Viet-Nam under communist control.

In the application for the passport dated March 19, 1960, at Hutchinson, Kansas, Crutcher indicated his birth date as December 19, 1916, at Ensign, Kansas. His permanent residence was noted as 200 East 12th Street, Hutchinson, Kansas.

Concerning his travel plans, Crutcher intended to depart from the port of New York on June 6, 1960, via air to visit the following countries as a tourist for six weeks: England, Sweden, Russia, Jordan, Egypt, Israel, Italy, and France.

The following description of John William Crutcher as set forth in his passport application is as follows:

Handwritten: 100-25837-220

[redacted] advised that the following individuals, previously reported by [redacted] Bay Shore Travel Bureau, 87 West Main Street, Bay Shore, Long Island, New York, as holding reservations for the 6/11/60, sailing of the SS Hanseatic in connection with the [redacted] Tour, were not listed among the ticket holders for the 6/11/60, sailing of the SS Hanseatic:

[redacted]

(Kansas City Office)

b6

[redacted] advised that the above departure list was made up from temporary records available to him; that the list does not necessarily constitute a certified departure; that a certified departure manifest, under present regulations, is now made up at sea and that the Home Lines Agency is required to file a certified manifest within 30 days after departure with the Immigration and Naturalization Service (INS), New York City. [redacted] stated that he was unable to secure any residence address or further identifying data regarding the above listed passengers since such information is not now accumulated by his organization. He advised that the departure manifest, a copy of which he anticipates will be available during the second week of July, 1960, will contain the passport numbers of the listed passengers. [redacted] pointed out that it is possible that some of those listed above as not having departed on the 6/11/60, sailing of the SS Hanseatic from New York City, may, in fact, be passengers aboard the ship. He stated that it is possible that persons holding tickets in the name of these individuals may have boarded the ship without having their tickets checked off.
