FBI FOIPA Addendum

As referenced in our letter responding to your Freedom of Information/Privacy Acts (FOIPA) request, the FBI FOIPA Addendum includes information applicable to your request. Part 1 of the Addendum includes standard responses that apply to all requests. Part 2 includes additional standard responses that apply to all requests for records on individuals. Part 3 includes general information about FBI records. For questions regarding Parts 1, 2, or 3, visit the www.fbi.gov/foia website under “Contact Us.” Previously mentioned appeal and dispute resolution services are also available at the web address.

Part 1: The standard responses below apply to all requests:

- (i) **5 U.S.C. § 552(c).** Congress excluded three categories of law enforcement and national security records from the requirements of the FOIA [5 U.S.C. § 552(c) (2006 & Supp. IV (2010))]. FBI responses are limited to those records subject to the requirements of the FOIA. Additional information about the FBI and the FOIPA can be found on the www.fbi.gov/foia website.
- (ii) **National Security/Intelligence Records.** The FBI can neither confirm nor deny the existence of national security and foreign intelligence records pursuant to FOIA exemptions (b)(1), (b)(3), and PA exemption (j)(2) as applicable to requests for records about individuals [5 U.S.C. §§ 552/552a (b)(1), (b)(3), and (j)(2); 50 U.S.C § 3024(i)(1)]. The mere acknowledgment of the existence or nonexistence of such records is itself a classified fact protected by FOIA exemption (b)(1) and/or would reveal intelligence sources, methods, or activities protected by exemption (b)(3) [50 USC § 3024(i)(1)]. This is a standard response and should not be read to indicate that national security or foreign intelligence records do or do not exist.

Part 2: The standard responses below apply to all requests for records on individuals:

- (i) **Requests for Records about any Individual—Watch Lists.** The FBI can neither confirm nor deny the existence of any individual’s name on a watch list pursuant to FOIA exemption (b)(7)(E) and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (j)(2)]. This is a standard response and should not be read to indicate that watch list records do or do not exist.
- (ii) **Requests for Records for Incarcerated Individuals.** The FBI can neither confirm nor deny the existence of records which could reasonably be expected to endanger the life or physical safety of any incarcerated individual pursuant to FOIA exemptions (b)(7)(E), (b)(7)(F), and PA exemption (j)(2) [5 U.S.C. §§ 552/552a (b)(7)(E), (b)(7)(F), and (j)(2)]. This is a standard response and should not be read to indicate that such records do or do not exist.

Part 3: General Information:

- (i) **Record Searches.** The Record/Information Dissemination Section (RIDS) searches for reasonably described records by searching those systems or locations where responsive records would reasonably be found. Most requests are satisfied by searching the Central Records System (CRS), an extensive system of records consisting of applicant, investigative, intelligence, personnel, administrative, and general files compiled and maintained by the FBI in the course of fulfilling its dual law enforcement and intelligence mission as well as the performance of agency administrative and personnel functions. The CRS spans the entire FBI organization and encompasses the records of FBI Headquarters (FBIHQ), FBI Field Offices, and FBI Legal Attaché Offices (Legats) worldwide. A CRS search includes Electronic Surveillance (ELSUR) records.
- (ii) **FBI Records.** Founded in 1908, the FBI carries out a dual law enforcement and national security mission. As part of this dual mission, the FBI creates and maintains records on various subjects; however, the FBI does not maintain records on every person, subject, or entity.
- (iii) **Requests for Criminal History Records or Rap Sheets.** The Criminal Justice Information Services (CJIS) Division provides Identity History Summary Checks – often referred to as a criminal history record or rap sheets. These criminal history records are not the same as material in an investigative “FBI file.” An Identity History Summary Check is a listing of information taken from fingerprint cards and documents submitted to the FBI in connection with arrests, federal employment, naturalization, or military service. For a fee, individuals can request a copy of their Identity History Summary Check. Forms and directions can be accessed at www.fbi.gov/about-us/cjis/identity-history-summary-checks. Additionally, requests can be submitted electronically at www.edo.cjis.gov. For additional information, please contact CJIS directly at (304) 625-5590.
- (iv) **The National Name Check Program (NNCP).** The mission of NNCP is to analyze and report information in response to name check requests received from federal agencies, for the purpose of protecting the United States from foreign and domestic threats to national security. Please be advised that this is a service provided to other federal agencies. Private citizens cannot request a name check.

PERSONAL

Mr. Robert B. Palmer
Post Office Box 971
Mount Pleasant, Texas

Dear Mr. Palmer:

Your letter dated May 31, 1960, has been received, and I deeply appreciate the interest prompting your inquiry.

I can assure you,

that the FBI, in discharging our responsibilities in protecting the internal security of our country, does fully and promptly advise the President and other appropriate governmental agencies of current data of a security interest.

With reference to the other question you raised, the function of this Bureau as strictly a fact-gathering agency does not extend to furnishing evaluations or drawing conclusions as to the character or integrity of any individual, group or publication. For this reason, I am unable to help you, and I hope that you will not infer in this connection either that we do or that we do not have the specific information you desire.

Sincerely yours,
J. Edgar Hoover

J.S. 3-1

Dear Sir:

At a meeting of the Mt. Pleasant Rotary Club this noon, Mr. Marvin Amerson, Mt. Pleasant School Superintendent, made a talk on the dangers of Communism. The basis for his talk seemed to be information he secured at some forum held at a college at Searcy, Arkansas.

Mr. Amerson stated that at this forum a former investigator or counsel for the House Un-American Activities Committee stated that President Eisenhower is surrounded by advisors working hand in glove with the Communists and are keeping the truth about Communism in this country from the president. Further Mr. Amerson told us that one of these advisors was the president's brother "Milton".

Mr. Hoover, I have been a weekly newspaper man since 1941, I am owner of this theatre, I served four years in the Army of the United States during World War II, and hope that I am a patriotic citizen. I am a Democrat, but President Eisenhower is my president, and I resent being told that he is being a dupe or hearing his advisors and his brother called communistic sympathizers. Frankly, I am mad.

Knowing, your lifelong battle against the enemys of our country, I am writing you for the answer to two questions:

- ✓ 1. Is President Eisenhower being fully informed by your agency and other agencies of the activities of communists in our nation?
- ✓ 2. Do you have any reason to doubt the integrity and patriotism of Milton Eisenhower?

If you can answer this questions, I shall deeply appreciate it if I can make your answer public and refute what I hope is a slander on my president and yours.

DATE: 7/18/68

FROM : C. D. DE LOACH

SUBJECT: PRESIDENT'S COMMISSION ON VIOLENCE

I returned Mr. Lloyd Cutler's call in connection with the captioned Commission. He was not in. He returned my call at 4:40 p. m. the same date, 7/18/68. He indicated that he was to be the Executive Director of this Commission and that Mr. Thomas Barr was to be the Deputy Executive Director.

Mr. Cutler told me that his Commission would desperately need the cooperation of the FBI in order to properly handle its work. He stated that his people were inexperienced and they needed the "know how" of this Bureau. He indicated that he and Mr. Barr, and perhaps Dr. Milton Eisenhower, would like to come over to FBI Headquarters for a visit as soon as possible.

I told him that the Director had instructed me to make myself available at any time. He was further advised that Mr. Hoover would have personally seen them, however, he was to be out of the city for several days. Mr. Cutler stated that he would be at Bohemian Grove in California all of next week and he would like to set up an appointment for 3:00 p. m., July 30, 1968. I told him this would be satisfactory and that I would look forward to seeing him.

In connection with this matter, Mr. John Bugas who is well known to you and the Director, called at 12:10 p. m., 7/18/68, from Detroit. He stated that Cutler is a friend of his. Bugas knows Cutler intimately. He described Cutler as being a liberal but on the practical side. He also indicated that Cutler was a former Kennedy man but despite this, was a fine person. Cutler specifically called Bugas and asked Bugas to call me to indicate that he, Cutler, was all right to deal with. I thanked Bugas for his information and told him that the Director had instructed me to serve as liaison with Cutler and his Commission.

ACTION: For record purposes.

NOTE: This request from GSA is similar to several other requests wherein GSA handles administrative and "housekeeping" duties for several small agencies within the Executive Branch. Included among the duties so handled by GSA for such agencies is the submission of name checks to the Bureau on behalf of such agencies regarding their personnel.

The anticipated volume of these checks is small and we have previously approved similar arrangements on behalf of other agencies and it is believed we should comply with GSA's request in this instance.

Although referenced letter is signed by Dwyer as Security Officer for GSA, his correct full title is as shown in the address of this letter. (Verified through Rachner, 7/23/68.)

Dear Dr. Eisenhower:

In regard to my testimony before the Commission on September 18, 1968, Ambassador Patricia Harris requested additional information concerning the extent of subversive participation in the student and other movements. On September 19, 1968, Ambassador Harris sent a letter to Special Agent Robert H. Haynes of this Bureau stating that she desired additional information regarding certain subversive, white hate, black nationalist and criminal organizations described in the glossary of my prepared testimony. She subsequently said she prefers that answers to her questions be made available to the entire Commission in writing.

In accordance with Ambassador Harris' request, there is enclosed a memorandum relating to communist participation in the antiwar, civil rights and student activist movements. It should be pointed out that it would be a physical impossibility to determine the exact number of communists who have participated in any particular mass demonstration; however, the evidence that communists have played most prominent roles in this regard is irrefutable. It is even more important to understand that a handful of

TO : MR. W. C. SULLIVAN *WCS*

DATE: April 30, 1969

FROM : D. J. BRENNAN, JR. *DJB*

SUBJECT: NATIONAL COMMISSION ON THE CAUSES AND PREVENTION OF VIOLENCE

On April 29, 1969, Colonel William G. McDonald, Administrative Officer of the captioned Commission, advised Liaison that the White House had extended the life of the Commission for a period of six months to December, 1969, and authorized an additional \$200,000 to operate the Commission staff until that time.

McDonald advised that due to slippage in the work of the Commission staff and the illness of its Chairman, Dr. Milton Eisenhower, the final report could not be completed by June of this year. Although the Commission is extended until December, it is now anticipated that the final report will be issued in September, 1969.

SUBJECT: PRESIDENT'S COMMISSION ON VIOLENCE
Report by [redacted]
regarding Activities of The New Left

[redacted] who has been temporarily assigned by the Navy Printing Office to assist the above-captioned Commission, and whom I have known, through school activities at St. John's here in Washington, came in to see me at 10 o'clock this morning.

[redacted] told me that [redacted] is one of the individuals assigned by the Commission to assist in preparing a report regarding the activities of the New Left and violence committed by this group. [redacted] stated that [redacted] has recently submitted to the Commission a manuscript which, additionally, will be issued as a book under [redacted] name, by Simon & Schuster, New York City. The book will be published as of 6/11/69 and will be entitled, [redacted]

The book concerns generalizations regarding the entire basic problem of revolution on campuses. The book is written in a distorted, twisted manner that causes blame to be placed at the seat of government, rather than the New Left participants.

[redacted] told me that Dr. Milton Eisenhower, Chairman of his Commission, confidentially learned about [redacted] report several days ago. Dr. Eisenhower sent [redacted] out to see [redacted] to ascertain the details and [redacted] confirmed that he planned, not only to submit his manuscript to the Commission, in his role as a more or less staff employee, but additionally to publish it in the form of a book. Dr. Eisenhower ordered [redacted] to stay

with [] until he could get a copy of the manuscript. After [] and Dr. Eisenhower had read the manuscript they became greatly alarmed and decided to publish the manuscript as a Commission report, prior to the book coming out.

As things now stand, the Commission will issue [] manuscript in the form of a report, as of 6/9/69. The book, as stated above, will be issued as of 6/11/69. Dr. Eisenhower is taking this action in order to prevent [] from making a considerable sum of money from his book.

I told [] that, while this might be a good "commercial maneuver" on the part of Dr. Eisenhower, it appeared that the issuance of the manuscript, under the Commission's name, would give an official flavor to [] report and thereby attract greater publicity. He admitted this, but stated Dr. Eisenhower felt it best to issue the report first in order to ruin some of the opportunities that would be afforded [] both financially and publicity-wise.

While [] was in [] office a student came in and told [] that he should engage in activities that afternoon on the Berkeley campus of the University of California, so that the "rally" could keep going. The student also told [] in [] presence, that the students in San Diego were mere amateurs and needed leadership, such as [] in order to "keep their thing going."

[] told me that [] would be employed next year on the University of California campus, at San Diego, as a Professor of Sociology. [] obviously has plans to lead student riots and demonstrations on that campus, according to []

[] reiterated that Dr. Eisenhower was very disturbed about this situation. He added that he would furnish the FBI a copy of [] manuscript, prior to publication.

The difficulty in attempting to understand this mess lies in the whys and wherefores involving the employment of [] in the first place. It would appear that Dr. Eisenhower's commission has brought this mess on itself.
