,	(TS) NF) High Value Detainees (HVDs) In the RDI program also allowed us to confirm reporting from other clandestine sources, and helped connect fragmentary information, such as special intelligence, cyber collection, and media and computer exploitation. Over 90 percent of the disseminated reporting obtained from the RDI program was passed to foreign liaison service partners, assisting them in their prevention and disruption of plots and enabling the capture of other terrorists. Below are some of the key captures, disrupted plots, and intelligence gained from HVDs in the RDI program.	
	Van Cartura	
	Key Captures: The unraveling of Jemah Islamlya (Ji) and the network of AQ senior associate Hambali; (Is this a capture?)	
	The arrest of Dhiren Barot (aka tssa al-Hindi) in the United Kingdom; Identifying the "other" shoe bomber – Sajid Badat;	
	The arrest of Jose Padilla and Blnyam Muhammed;	
	The arrest of lyman Farls.	
	Major Plots Disrupted:	
	The West Coast Airliner Plot;	
	Heathrow Airport Plot; The Karachi Plots:	
	Piots in the Saudi Peninsula.
