Mr. John Greenwald
[REDACTED]

Dear Mr. Greenwald:

This is a status update on your Freedom of Information Act (FOIA) requests (enclosure) received by this office. Your requests were determined to fall within our Complex Track for FOIA processing. This simply means that your requests involved a large amount of records, or that the records requested require significant review within this agency or consultations with other government agencies. Please be assured that our office is committed to processing your requests as soon as possible.

Because your requests falls within the Complex Track and has been pending for a period of time greater than the statutory allowance, this office has determined that it may be helpful for us to provide greater explanation concerning the status of your requests. This office sorts backlogged requests into three functional queues for management purposes. These three queues are explained further below:

Awaiting Tasking Queue: includes requests that must be tasked within the agency for subject matter experts (SME) search and/or review of the responsive records.

Awaiting Response Queue: includes requests that have been tasked and are awaiting response or requests, which have been referred to other government agencies for review of their equities.

Ready to Work Queue: includes requests, which all responses have been received and awaiting processing of final response to the requester.

We solicit your patience and understanding and assure you, we will process your requests as soon as possible. If you have any questions, please contact the FOIA Requester Service Center, at (301) 394-5587 and reference your case number.

Sincerely,

Alesia Y. Williams
Chief, Freedom of Information Act Staff
