

This document was obtained from The Black Vault, an online database of declassified government documents. This particular record is housed in the MKULTRA/Mind Control Collection, a compilation of more than 20,000 pages declassified by the Central Intelligence Agency (CIA). The entire collection is free to download and online at: http://mkultra.theblackvault.com

General Conclusion

....

í

. 1

In the opinion of the members of the B. team the interrogations were successful. While it appeared obvious: that some of subjects statements made Opparenelling under were j inaccurate, misleading and possibly false - nevertheless, it ulfanged that A sufficient new information was obtained to re-cstablish and re-open a case that had reached and obrious impasse. Furthermore based upon the interrogations in the instant case, it Acid B/is the absolute conclustion of the B. team that the detechniques an ex-WELL Went EXTLORATION tremely valuable and willswith the money and time spent in the explanation These and development of SP. techniques state something a such test mente weak Remaines to be conser Specific Comments (1) Members of the B. team, while agreeing that the above interrogations were successful an not in complete agreement as to (A) The effectivness of the H techniques Used. in whether (B) Whether or not H technique contributed argreatedeal or userente and cyprimantation. little to the results obtained. (2) Members of the B team agree that further work is necessary in perfection of the H techniques along with tria drugs. hypospinay (3) Members of the B team agree that it is essential that hvdrc=spray instruments and various types of ampules be purchased or contracted for immediately. (4) Members of the B team agree that field equipment in the follow categories should is poor and new f top grade equipment, be sent overseas at once. (A) Recorders, microphones etc. (B) Photographic equipment, all types including infra-red. (C) Medical equipment for B operations (this should be assembled, 2

packaged, sent out from hdqts. so that B team members would not have to carry unuscual equipment with them. This should include drugs, needles, medical instruments, hypro_sprays, ampules for spray etc).

ام مدى

(A) Either that B team should have <u>exit</u> knowledge of the field (*prior departure*) equipment avaibable, or

(B) Light portable equipment should be forwarded ahead of or taken with the B team on future operations.

(b) Members of the B team agree that if possible a longer time should be allowed between request for B team work and sending a B team into the field.

(7) Members of the B team agree that before a B team leaves hdqts., the field office of the agency should have i come to some more or less definite conclusions as to the ultimate disposition of any individual to to interrogated by the B team. It should always be born in mind that considerable embarrassment would result if it were known that this agency was supporting this type of activity.

(8) Members of the B team agree that, if humanly possible, only trusted agency personnel participation in B cases. While it is recognized that this agency may be inadequately stepped in many _____ locations, the use of ________ for merely hired help in B operations should be kept at the absolute minimum.

(9) Members of the B team agree that <u>under no circumstances</u> should any future B subject be threatened with the use of drugs, truth serues etc. if

2

the subject fails to talk by other known methods. B teamswill always attempt

to find and use a cover for techniques.
